Postmodernitys Transcending Devaluing God:

Postmodernity's Transcending Laurence Paul Hemming, 2005 This book in one way undertakes a history of the concept of the aesthetic sublime in another it is an exploration of the limits of theological thinking where theology is understood either as a practice arising from faith or from thinking By examining concepts like soul experience analogy and truth the author issues a provocative challenge to much contemporary Christian theology to return to a more serious engagement with philosophy Hemming explores the confrontation with God and the gods to be found in Protagoras Plato Aristotle Aquinas Hegel Nietzsche Heidegger and Derrida often offering innovative readings of these thinkers sharply at odds with accounts to be found elsewhere BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

Theological Poverty in Continental Philosophy Colby Dickinson, 2021-03-25 Colby Dickinson proposes a new political theology rooted in the intersections between continental philosophy heterodox theology and orthodox theology Moving beyond the idea that there is an irresolvable tension at the heart of theological discourse the conflict between the two poles of theology is made intelligible Dickinson discusses the opposing poles simply as manifestations of reform and revolution characteristics intrinsic to the nature of theological discourse itself Outlining the illuminating space of theology Theological Poverty in Continental Philosophy breaks new ground for critical theology and continental philosophy Within the theology of poverty the believer renounces the worldly for the divine Through this focus on the poverty intrinsic to religious calling the potential for cross pollination between the theological and the secular is highlighted Ultimately situating the virtue of theological poverty within a poststructuralist postmodern world Dickinson is not content to position Christian philosophy as the superior theological position moving away from the absolute values of one tradition over another This universalising of theological poverty through core and uniting concepts like grace negation violence and paradox reveal the theory's transmutable strength By joining up critical theology and the philosophy of religion in this way the book broadens the possibility of a critical dialogue both between and within disciplines **Through a Glass Darkly** Holly Faith Nelson, Lynn R. Szabo, Jens Zimmermann, 2011-01-19 Suffering the sacred and the sublime are concepts that often surface in humanities research in an attempt to come to terms with what is challenging troubling or impossible to represent These intersecting concepts are used to mediate the gap between the spoken and the unspeakable between experience and language between body and spirit between the immanent and the transcendent and between the human and the divine The twenty five essays in Through a Glass Darkly Suffering the Sacred and the Sublime in Literature and Theory written by international scholars working in the fields of literary criticism philosophy and history address the ways in which literature and theory have engaged with these three concepts and related concerns The contributors analyze literary and theoretical texts from the medieval period to the postmodern age from the works of Chaucer Shakespeare Donne and Herbert to those of End Sh saku

Theology and Contemporary Continental Philosophy Colby Dickinson, 2018-12-31 This book aims to put modern continental philosophy specifically the sub fields of phenomenology existentialism hermeneutics deconstruction critical theory and genealogy into conversation with the field of contemporary theology Colby Dickinson demonstrates the way in which negative dialectics or the negation of negation may help us to grasp the thin or non-existent borders between continental philosophy and theology as the leading thinkers of both fields wrestle with their entrance into a new era With the declining place of the sacred in the public sphere we need to pay more attention than ever to how continental philosophy seems to be returning to distinctly theological roots Through a genealogical mapping of 20th century continental philosophers Dickinson highlights the ever-present Judeo-Christian roots of modern Western philosophical thought Opposing categories such as immanence transcendence finitude infinitude universal particular subject object are at the center of works by thinkers such as Agamben Marion Vattimo Levinas Latour Caputo and Adorno This book argues that utilizing a negative dialectic allows us to move beyond the apparent fixation with dichotomies present within those fields and begin to perform both philosophy and theology anew

Ecclesiology and Postmodernity Gerard Mannion, 2017-01-13 What in the world is postmodernity Is it the dominant reality today If it is what does it mean to be a church in a postmodern world It seems that the church had a difficult time coming to terms with a modern world an era ruled by the claims of scientific certainty Having done so more or less it is now confronted by the claims of postmodernity which seem to reverse the whole equation to say that certainty and objectivity are chimeras What is truth Pilate asked and postmodernity at least as caricatured by its opponents responds There's no such thing Gerard Mannion in *Ecclesiology and Postmodernity* addresses the situation of the church in a postmodern world The fundamental changes in human society and culture wrought by the twentieth century require the church to consider its response in the twenty-first century What is the church's moral vision how does its practice look what is the nature of its aspiration toward holiness in our times Mannion believes that since Vatican II the Catholic Church has been in a kind of limbo awaiting a vision of its own life for the future Rather than focusing on specific controversies Mannion offers concrete suggestions about how the church can create a better harmony between its own self-understanding its ecclesiological vision and its day-to-day life its ecclesial practice Gerard Mannion PhD educated at King's College Cambridge University and New College Oxford University is Associate Professor of Ecclesiology and Ethics in the Department of Theology and Religious Studies at Liverpool Hope University UK He is also the director of Church In Our Times Centre for the Study of Contemporary Ecclesiology co-director of the Applied Ethics Initiative at Liverpool Hope co-chair of the AAR American Academy of Religion Ecclesiological Investigations Program Unit and co-ordinator of the Ecclesiological Investigations International Research Network Mannion is the author of *Schopenhauer Religion and Morality* and co-editor of *Readings in Church Authority Gifts and Challenges for Contemporary*

Catholicism both published by Ashgate in 2003 and co editor of the forthcoming volumes *The Routledge Companion to the Christian Church* and *Catholic Social Justice Theological and Practical Explorations* **A Companion to Ricoeur's The Symbolism of Evil** Scott Davidson, 2020-05-20 *The Symbolism of Evil* is the final book in Ricoeur's early trilogy on the will. While *Freedom and Nature* sets aside normative questions altogether and *Fallible Man* examines the question of what makes the bad will possible here Ricoeur takes up the question of evil in its actuality. What is the nature of the will that has succumbed to evil? The question of evil resists reflection and remains inscrutable leading Ricoeur to proceed indirectly through a study of the abundant resources contained in symbols and myths. Symbols as Ricoeur famously says give rise to thought and thereby open up a field of meanings which help to inform a philosophical reflection on evil. This hermeneutics of symbols signals an important shift in Ricoeur's philosophical trajectory which increasingly turns to language and the various forms of discourse which harbor multiple meanings. The contributors to this volume edited by Scott Davidson highlight a wide range of important themes in Ricoeur's treatment of the symbolics of evil that resonate with current topics in contemporary philosophy and religion **Intellectual Appetite** Paul J. Griffiths, 2009-08 Everyone wants to know things; this book explains how to want to know them well *The Enigma of Divine Revelation* Jean-Luc Marion, Christiana Jacobs-Vandegeer, 2020-03-04 This volume explores the possibilities and pressures of the language of revelation on human understanding. How can we critically account for divine self-disclosure in the linguistically mediated world of human concerns? Does the structure of interpretation limit the language of revelation? Does revelation open up new horizons of critical interpretation? The volume brings together theologians who approach the interactions of revelation and hermeneutics with different perspectives including various forms of phenomenology and comparative theology. It approaches the theme of revelation central as it is to the theological endeavour from several angles rather than a single methodological program. Dealing as it does with revelation and understanding the volume addresses the foundational issues at stake in the challenges around change, identity and faithfulness currently facing the church *The Call of the Holy* Hal St John Broadbent, 2012-12-06 This title provides an enquiry into the sacramental theology of Chauvet, Heidegger and Benedict XVI. Chauvet is the voice of contemporary Catholic sacramental theology. His ideas are assimilated by students of theology, particularly the liturgy throughout the French and English speaking world more or less without critical appraisal. This is because his major work *Symbole et Sacrement* is interdisciplinary, moving from a scholastic theological view of sacraments through a philosophical enquiry both into Heidegger's thought and into theorists of language to a consideration of anthropology and the monographs of ethnographers. Few readers of Chauvet are equipped with the interdisciplinary resources to question his theological conclusions. *The Call of the Holy* revisits Chauvet's sources with special emphasis on Heidegger's philosophical writings. It uncovers serious omissions in Chauvet's appropriation of Heidegger's thought. These omissions destabilise Chauvet's theological positions and have far-reaching implications given the influence of Chauvet's

thought for contemporary Catholic sacramental theology T T Clark Studies in Fundamental Liturgy offer leading scholarship from all disciplines related to liturgical study The books in the series seek to reintegrate biblical patristic historical dogmatic and philosophical questions with liturgical study in ways faithful and sympathetic to classical liturgical enquiry Volumes in the series include monographs translations of recent texts and edited collections around very specific themes The series is edited by Susan Frank Parsons and Laurence Paul Hemming of the Society of St Catherine of Siena

Authorizing Marriage? Mark D. Jordan, 2009-01-10 The opponents of legal recognition for same sex marriage frequently appeal to a Judeo Christian tradition But does it make any sense to speak of that tradition as a single teaching on marriage Are there elements in Jewish and Christian traditions that actually authorize religious and civil recognition of same sex couples And are contemporary heterosexual marriages well supported by those traditions As evidenced by the ten provocative essays assembled and edited by Mark D Jordan the answers are not as simple as many would believe The scholars of Judaism and Christianity gathered here explore the issue through a wide range of biblical historical liturgical and theological evidence From David s love for Jonathan through the singleness of Jesus and Paul to the all male heaven of John s Apocalypse the collection addresses pertinent passages in the Hebrew Bible and the New Testament with scholarly precision It reconsiders whether there are biblical precedents for blessing same sex unions in Jewish and Christian liturgies The book concludes by analyzing typical religious arguments against such unions and provides a comprehensive response to claims that the Judeo Christian tradition prohibits same sex unions from receiving religious recognition The essays most of which are in print here for the first time are by Saul M Olyan Mary Ann Tolbert Daniel Boyarin Laurence Paul Hemming Steven Greenberg Kathryn Tanner Susan Frank Parsons Eugene F Rogers Jr and Mark D Jordan

Reimagining the Analogia Entis Philip John Paul Gonzales, 2019-01-15 In 1932 German theologian and philosopher Erich Przywara penned his *Analogia Entis* a vision of the analogy of being and a metaphysical exploration of the dynamic between God and creation A translation into English in 2014 made Przywara s brilliant and influential work available to more people than ever before In this book Philip Gonzales calls English speaking readers to embrace the Christian treasure of the *Analogia Entis* and to reimagine what it offers Christians today Gonzales brings Przywara s text into dialogue with debates in contemporary philosophy and theology engaging in conversation with Edith Stein Karl Barth Martin Heidegger the Nouvelle th ologie Vatican II and leading figures in postmodern theology and the Continental turn to religion The first book of its kind in English *Reimagining the Analogia Entis* articulates a Christian vision of being for the postmodern era

Heidegger and Marx Laurence Paul Hemming,2013-01-31 Martin Heidegger and Karl Marx remain two of the most influential thinkers in philosophy in political science and other social sciences and in the humanities Yet there has never been a full length study in English of the relationship between their ideas and there has only been one study in German from 1966

A Productive Dialogue fills this gap and contradicts the widely held assumption that Heidegger had no significant engagement with Marx Hemming focuses on four related areas of inquiry Heidegger s reading of Marx Marx s relation to G W F Hegel Heidegger s disastrous political involvement with National Socialism and the significance of Hegel Marx Heidegger and Friedrich Nietzsche for the politics of the twentieth and twenty first centuries A Productive Dialogue explores the understanding of political processes systems and behavior that animates both thinkers
