## Reaching For The Reins:

Reaching for the Reins Tara Carlsen, 2013-10-21 Tara Carlsen wanted to help at risk students learn without relying on stale clinical teaching methods. Instead of trying to find solutions in the classroom, the mathematics teacher transplanted failing students from an alternative high school to a horse ranch. There, she encouraged them to reach for the reins, and she witnessed dramatic results. Students who could not relate to their peers or teachers could relate to horses, and suddenly their futures looked a whole lot brighter. Carlsen and her students proceeded to take an inspiring journey learning the basics of horsemanship through equine-assisted learning, a therapeutic approach to interpersonal development using horse-related activities. After learning the basics, the students taught peers with special needs what they'd learned, drawing upon their own struggles and triumphs to help them achieve success. Punctuated with humor, heartbreak, and hard-won triumph, *Reaching for the Reins* chronicles the struggles and successes of these students over five years. *Reaching for the Reins* Lou

Dean, 2000-11-01 Fifteen-year-old CJ, while trying to adjust to her parents' recent divorce, must face the reality that the boy she loves has been involved in a school shooting. She gets on her horse, takes her dog, and runs away from home to come to terms with the tragedy. The Book of Gideon Timothy Estorga, 2021-06-29 This story is not intended to demonize one side and glorify another, nor is it to romanticize death, for death is not romantic to those who stand face-to-face with it. It will simply try to tell of a generation of civilians caught in the middle of a war that lies just right outside their front door. Even though they may have escaped from the shells falling from above, they were devastated by it. Volume one of *The Book of Gideon* is told through the eyes of a French farming family trying their best to survive the very beginnings of the Great War.

Sarah M. Peale America's First Woman Artist Joan King, 2012-07-10 Practically every member of the Peale family contributed to America's early art and culture, and Sarah Peale was the first woman artist to have made a living from her work. Having learned to paint from her renowned father, she painted several famous people, including Lafayette, Andrew Jackson, Thomas Hart Benson, and Daniel Webster. Sarah was a passionate woman bent on being successful as an artist. She was also a woman of strong passion with a will to love and to be in love. Though unmarried, she nevertheless loved her men fiercely. As a respected artist in Baltimore and in Washington, Sarah can truly be considered America's first woman professional artist, her art work continuously being in demand during her days and now hanging on the walls of prominent American museums. Montana William W. Johnstone, J.A. Johnstone, 2024-01-23 Two families, nine generations, one stretch of land under the Big Sky of Montana Territory. From national bestselling authors William W. Johnstone and J.A. Johnstone, a bold new saga of the American West centuries in the making, from the brave ranchers who staked their claims in the spring of 1842 to the lawmen who risked their lives to keep them, and the descendants who carried their dreams into the 21st century. Bordered by the Blackfoot Reservation to the north and mountain ranges to the east and west, Cutthroat County is seven hundred glorious square miles of Big Sky grandeur. For generations, the Maddox and Drew families have ruled the county.

often at odds with each other Today Ashton Maddox runs the biggest Black Angus ranch in the country while County Sheriff John T Drew upholds the law like his forefathers did over a century ago A lot has changed since the county was established in 1891 But some things feel straight out of the 1800s Especially when cows start disappearing from the ranches Residents and news media still recall a gun blazing tale of the land grabbing battles fought by Maddox s and Drew s ancestors Meanwhile their present day descendants face a new kind of war that s every bit as bloody Sheriff Drew s girlfriend deputy is shot and seriously wounded in what appears to be a routine traffic stop When Ashton Maddox s rival rancher s foreman is found murdered and a modern day vigilante group hires a hard drinking publicity hungry retired Texas Ranger to investigate Drew and Maddox decide to do what their forefathers did so many years ago join forces against a common enemy Risk their skins against all odds And keep the dream of Montana alive for generations to come *The Web* Jerry Ahern, John Thomas Rourke M D ex CIA Covert Operations Officer weapons expert and survival authority has accomplished one of his goals he s helped his young friend Paul Rubinstein locate his parents Now Rourke s search for his own family must continue hampered by severe storms raging along the Eastern Seaboard caused by the earthquakes which destroyed Florida Rourke picks up his relentless quest avoiding the Russian troops searching for the missing data on the enigmatic Eden Project and rides into the most bizarre situation he s discovered since the Night of the War Life in the Tennessee mountain village is all too normal seemingly unaffected by the war It is there that John Thomas Rourke finds himself in the middle of a mass suicide pact and is expected to participate While battles rage and blizzards roar Rourke fights to escape He must go on he is *The Survivalist*
