Mandarin Vocabulary (Blokehead Easy Study Guide) The Blokehead,2015-06-10 Compared to other Latin based and Indo European languages Mandarin Chinese is relatively easier to learn The primary reason for this is the simple Mandarin grammar which has no set subject verb agreement The second reason is that Mandarin words do not have various plural forms conjugations and tenses Finally the Mandarin numbering system is one of the simplest in the world and is possibly one of the reasons why the Chinese are so good in handling numbers Grab the Easy Study Guide Now *Heart of the Brush* Kazuaki Tanahashi,2016-02-02 Its history techniques aesthetics and philosophy with an in depth practical guide to understanding and drawing 150 characters A guide to the history and enjoyment of Chinese and Japanese calligraphy that offers the possibility of appreciating it in a hands on way with step by step instructions for brushing 150 classic characters This book is a comprehensive and accessible introduction to the history and art of calligraphy as it s been practiced for centuries in China Japan and elsewhere in Asia It works as a guide for the beginner hoping to develop an appreciation for Asian calligraphy for the person who wants to give calligraphy creation a try as well as for the expert or aficionado who just wants to browse through and exult in lovely examples It covers the history and development of the art then the author invites the reader to give it a try The heart of the book called Master Samples and Study presents 150 characters from action to zen each in a two page spread On each verso page the character is presented in three different styles each one chosen for its beauty and identified by artist when possible The character s meaning pronunciation in Chinese Japanese Korean and Vietnamese etymology the pictograph from which it evolved and other notes of interest are included At the bottom of the page the stroke order is shown the sequence of brush movements numbered in their traditional order On each facing recto page is Kaz s own interpretation of the character full page

Intermediate Written Chinese Cornelius C. Kubler,2016-01-12 Contextualized so learners know not only what to say but why when and with whom it is appropriate to use such language thorough and clear refreshing Dr Matthew Christensen Associate Professor of Chinese Brigham Young University *Resources in Education* ,1998 **Rendering the Regional** Edward M. Gunn,2006-01-01 For centuries the sub national languages of China have been a fundamental feature in daily life and popular culture while a standardized form of Mandarin has been adopted as the language of the state including education Suppressed during powerful movements to

establish a modern national culture these local languages or dialects have nevertheless survived and their resurgence in the media and literature has caused tensions to surface Concerns for education law and commerce have all promoted a standard national language yet at the same time as local societies have undergone massive transformations the need to re imagine communities has repeatedly challenged the adequacy of a single language to represent them Moreover local languages have been presented in dramatically different and conflicted roles as symbols of the failure to assimilate to a cultural mainstream which in turn may be parodied as contingent and inadequate or asserting the identity of a community as a site of its own cultural production and not merely as a venue for transmitting a national culture Acknowledging local language as authentic may also reveal cultural hegemonies within regions and contested versions of communities This ground breaking study surveys in detail the sweep of local languages in television radio film and print culture of late twentieth century mainland China especially Beijing Shanghai Chongqing and Chengdu Hong Kong and Taiwan Focusing on these regions the analysis contrasts and compares these distinct communities to each other and to the ways in which they mediate culture as a national institution It draws on a wide range of critical cultural and media studies and explores how varied genres

Tuttle Learning Chinese Characters Alison Matthews, Laurence Matthews, 2011-12-20 This user friendly book is aimed at helping students of Mandarin Chinese learn and remember Chinese characters At last there is a truly effective and enjoyable way to learn Chinese characters This book helps students to learn and remember both the meanings and the pronunciations of over 800 characters This otherwise daunting task is made easier by the use of techniques based on the psychology of learning and memory key principles include the use of visual imagery the visualization of short stories and the systematic building up of more complicated characters from basic building blocks Although Learning Chinese Characters is primarily a book for serious learners of Mandarin Chinese it can be used by anyone with interest in Chinese characters without any prior knowledge of Chinese It can be used alongside or after or even before a course in the Chinese language All characters are simplified as in mainland China but traditional characters are also given when available Key features Specially designed pictures and stories are used in a structured way to make the learning process more enjoyable and effective reducing the need for rote learning to the absolute minimum The emphasis throughout is on learning and remembering the meanings and pronunciations of the characters Tips are also included on learning techniques and how to avoid common problems Characters are introduced in a logical sequence which also gives priority to learning the most common characters first Modern simplified characters are used with pronunciations given in pinyin Key information is given for each character including radical stroke count traditional form compounds and guidance on writing the character This is a practical guide with a clear concise and appealing layout and it is well indexed with easy lookup methods The 800 Chinese characters and 1 033 compounds specified for the original HSK Level A proficiency test are covered

Routledge Course In Modern Mandarin Chinese Level 2 (Simplified) Claudia Ross, Baozhang He, Pei-Chia Chen, Meng Yeh, 2013-04-15 The Routledge

Course in Mandarin Chinese is a two year undergraduate course for students with no prior background in Chinese study. Designed to build a strong foundation in both the spoken and written language it develops all the basic skills such as pronunciation, character writing, word use and structures while placing strong emphasis on the development of communicative skills. The complete course consists of Textbook Level 1, Workbook level 1 including free CDs, Textbook level 2 and workbook level 2 including free CDs. All books are available separately in simplified as well as traditional characters and take the students from complete beginner to post intermediate level. Textbook Level 2 incorporates the innovative features of Level 1 including the separation of vocabulary from characters, a basic to complex introduction of grammatical structures, a comprehensive companion workbook with extensive practice in all language skills and functions and a Teachers Manual. Level 2 adds a Narrative Component to support the learner as they move from spoken Mandarin to formal written Chinese and from the comprehension and production of short sentences to paragraphs and essays. Level 2 of this Course in Modern Mandarin bridges the gap that characterizes the transition between basic level Chinese courses and more advanced work. The Narrative Component includes Model narratives that introduce formal written Chinese with explanations of the features of each narrative. Focus on narrative function including description, comparison, explanation, persuasion and hypothesis. Reading and writing assignments that guide students to internalize model structures to read for information and to compose original essays for specific purposes. The course is also fully supported by an interactive companion website which contains a wealth of additional resources for both teachers and students. Teachers will find lesson plans in both English and Mandarin providing a weekly schedule and overall syllabus for fall and spring as well as activities for each lesson and answer keys. Students will be able to access downloadable character practice worksheets along with interactive pronunciation vocabulary and character practice exercises. All the audio material necessary for the course is also available online and conveniently linked on screen to the relevant exercises for ease of use. For more information about the course and to access these additional resources please visit the companion website at www.routledge.com/textbooks/9780415472517.
