Rightwing Ireland The Rise Of Populism In Ireland And Europe

S Marginson

Rightwing Ireland The Rise Of Populism In Ireland And Europe:

Right-wing Ireland? Michael O'Connell, 2003 The declining role of the Church and its conservatism have left a vacuum in Irish politics O'Connell assesses the likelihood that the vacuum will be filled by a new and shrill right wing populism Evidence from surveys and focus groups are presented Populist Political Communication in Europe Toril Aalberg, Frank Esser, Carsten Reinemann, Jesper Stromback, Claes De Vreese, 2016-07-01 In an increasing number of countries around the world populist leaders political parties and movements have gained prominence and influence either by electoral successes on their own or by influencing other political parties and the national political discourse While it is widely acknowledged that the media and the role of communication more broadly are key to understanding the rise and success of populist leaders parties and movements there is however very little research on populist political communication at least in the English speaking research literature Originating from a research project funded by the European Cooperation in the field of Scientific and Technical Research COST this book seeks to advance this research It includes examinations of 24 European countries and focuses on three areas within the context of populism and populist political communication populist actors as communicators the media and populism and citizens and populism *Politics in the Republic of Ireland* John Coakley, Michael Gallagher, Eoin O'Malley, Theresa Reidy, 2023-08-31 Building on the success of previous editions *Politics in the Republic of Ireland* continues to provide an authoritative introduction to all aspects of government and politics in this seventh edition Written by some of the foremost experts on Irish politics it explains analyses and interprets the background to Irish government and contemporary political processes It devotes chapters to every aspect of contemporary Irish government and politics including the political parties and elections the constitution deliberative democracy referendums the Taoiseach and the governmental system women and politics the position of the Dail and Ireland's place within the European Union Bringing readers up to date with the very latest developments especially with the upheaval in the Irish party system and the implications of recent liberalising referendums the seventh edition combines substance with a highly readable style providing an accessible book that meets the needs of all those who are interested in knowing how politics and government operate in Ireland **The Success and Failure of Right-Wing Populist Parties in the Benelux Countries** Léonie de Jonge, 2021-06-14 This book focuses on the varied support for the populist radical right in the Benelux countries Belgium the Netherlands and Luxembourg Despite many common characteristics right wing populist parties have historically been more successful in the Netherlands and Flanders than in Luxembourg and Wallonia This book argues that the variation in the success of right wing populist parties depends to a large extent on the way in which they are perceived and received in a given polity In the Netherlands and Flanders mainstream parties and the media have contributed to politicising issues pertaining to immigration and national identity thereby tilling the field for the populist radical right In Luxembourg and Wallonia mainstream parties and the media have resolutely limited the opportunities for right wing populist challengers to

influence the public debate This volume will be of interest to practitioners as well as students and scholars of party politics the media the populist radical right and the Benelux region

Populism, Twitter and the European Public Sphere Juha Herkman, Emilia Palonen, 2024-03-30 This volume approaches the relationship between European public sphere and political communication in the framework of establishing populism and social media The empirical analysis focuses on the comparison between different EU countries during the 2019 EP elections campaign The data for the analysis was collected real time from Twitter in the Netherlands Germany Finland Italy Spain Ireland and the UK during a month period and are analyzed with both computerized quantitative and manual qualitative methods The book introduces a new perspective in conceptualizing populism in comparative analysis in which populism is understood rather as an antagonist logic of political identity formation than pre defined political ideologies movements or party cleavages We approach implications of populist construction of us and not us in national contexts of 2019 EP election campaigns to find out the relationality between different political actors and parties A special attention is paid to national transnational and European Eurosceptic tendencies in campaign rhetoric By using a unique idea of hashtag publics we approach the common Twitter discussions around the elections and ask what particular topics and themes did different political actors distribute over Twitter during the 2019 EP elections how were various topics and actors linked to each other and how were campaign agendas and actors linked to populism Chapter No 1 Chapter No 4 and Chapter No 8 are available open access under a Creative Commons Attribution 4 0 International License via link [springer.com](https://www.springer.com)

The Routledge Handbook of Far-Right Extremism in Europe Katherine Kondor, Mark Littler, 2023-09-12 The Routledge Handbook of Far Right Extremism in Europe is a timely and important study of the far and extreme right wing phenomenon across a broad spectrum of European countries and in relation to a selected list of core areas and topics such as anti gender identitarian politics hooliganism and protest mobilisation The handbook deals with the rise and the developments of far right movements parties and organisations across diverse countries in Europe Crucially it discusses the main topics and issues pertaining to far right ideology and positioning and considers how central and less central actors of far right milieus have fared within the given context Comprising a wide range of subject expertise the contributors focus on far right organisations on the margins of the electoral sphere as well as street level movements and the relationship between them and electoral politics The handbook spans nearly twenty European country cases grouped according to geographical regional area It includes case studies where the far right has gained increased momentum as well as countries where it has been much less successful in mobilising public opinion and the electorate e g Ireland and Portugal Another important feature is the inclusion of street level mobilisations such as football firms thereby expanding and updating existing research which is primarily focused on political parties and organisations Multidisciplinary and comprehensive this handbook will be of great interest to scholars and students of Criminology Political Science Extremism Studies European Studies Media and Communication and Sociology This project has received funding from the European Union s Horizon 2020

research and innovation programme under the Marie Skłodowska Curie grant agreement No 101029801 **Mediterranean Labor Markets in the First Age of Globalization** Paul Caruana Galizia, 2015-03-11 Scholars have studied the nineteenth century's unprecedented labor flows in global and specific country contexts but have lacked a comprehensive analysis of the world's old economic core the Mediterranean This work provides answers to important questions such as If the Mediterranean labor market really was integrated then why did globalization affect the Western and Eastern Mediterranean so differently Why did wage inequality rise in the East while it fell in the rest of the labor abundant periphery More broadly was low emigration from Iberia and the East to blame for the Mediterranean's failed integration with the fast expanding global economy This ground breaking research relates these questions to ongoing historical debates on the intensity of intra Mediterranean integration in goods and labor to current heated debates on North African emigration to Europe and to discussions on European economic integration more generally **Organised Crime and the Law** Liz Campbell, 2013-02-01

Organised Crime and the Law presents an overview of the laws and policies adopted to address the phenomenon of organised crime in the United Kingdom and Ireland assessing the changes to these justice systems in terms of the prevention investigation prosecution and punishment of such criminality While the notion of organised crime is a contested one States legal responses treat it and its constituent offences as unproblematic in a definitional sense This book advances a systematic doctrinal critique of these domestic criminal laws laws of evidence and civil processes **Organised Crime and the Law** focuses on the tension between due process and crime control the demands of public protection and risk aversion and other adaptations In particular it identifies parallels and points of divergence between the different jurisdictions in the UK and Ireland bearing in mind the shared history of subversive threats and counter terrorism policies It also examines the extent to which policy transfer is evident in the UK and Ireland in terms of emulating the United States in reacting to organised crime

Neoliberal Economic Policy and the Rise of Right-Wing Populism John Komlos, 2024-12-28 This edited volume explores and makes explicit the links between neoliberal economic policies and right wing ideology The book focuses on the case of the US while situating these trends in the global political economy The book brings together contributions from an interdisciplinary perspective integrating economics political science and sociology to examine the connections between the economic precarity generated by neoliberalism and the rise of the far right The book argues that the creation of a flawed capitalist system has left a vacuum in policymakers ability to understand the impact of economic policies on human welfare and mental health and can be directly linked to a right wing populist movement driven by the frustrations associated with the transition from an industrial to a post industrial economy Chapters consider the history of neoliberalism and comparative studies of socio economic conditions before tackling specific issues associated with neoliberal policy such as the demise of unions the decline in manufacturing jobs the gig economy trickle down economics income inequality and the rise of elites in America This book will be of interest to a broad range of readers including those in politics economics sociology industrial

organization and labour studies *Race in Modern Irish Literature and Culture* John Brannigan, 2020-01-19 This book sets out to expose through a combination of literary cultural and historical analysis the fictive nature of Irish monoculturalism and to probe figurations of racial identity racial difference and foreignness in Irish culture *Books Ireland* ,2004 **Mediated Campaigns and Populism in Europe** Susana Salgado, 2018-12-07 This book analyses the coverage of elections that occurred between September 2015 and February 2016 in six European countries Greece Portugal Poland Croatia Spain and Ireland The sample examined includes all news stories published during the official electoral campaign in different types of media outlets three newspapers per country covering centre left and centre right wing political leaning as well as reference and tabloid papers three main television news broadcasts covering commercial private and public broadcast television channels and three papers that are published only online taking into account their levels of audience and importance within each national media and political system The book also examines different connections to the EU and to the Euro Crisis Questions such as the following guide the overall analysis In what ways is news election coverage similar and different in these countries Which issues are mostly covered by the news media and how Are there patterns of election news coverage in these six European countries This book is indispensable reading for researchers and students in the field of the media coverage of election campaigns political communication and populism Chapters 4 and 8 are available open access under a Creative Commons Attribution 4.0 International License via link.springer.com **Architects of the Resurrection** R. M. Douglas, 2009-09-15 In 1942 Gearoid Cuinneag in a young pro Axis activist founded Ailtir na hAis iarghe Architects of the Resurrection a fascist movement that aimed to destroy the infant Irish democracy and replace it with a one party totalitarian state But Ailtir na hAis iarghe was no Nazi imitator Rather it aimed at something far more ambitious the fusion of totalitarianism and Christianity that would make Ireland a missionary ideological state wielding global influence in the postwar era Supported by idealistic youths and mainstream politicians like Ernest Blythe Oliver J Flanagan and Dan Breen and scrutinized anxiously by British and American intelligence Ais iarghe won several seats in the 1945 local government elections Architects of the Resurrection casts an uncomfortable light on the popularity of anti democratic anti Semitic and extremist ideas in wartime Ireland Students of Irish history and of comparative fascism will find many new insights in this book **Right-wing Violence In The Western World Since World War II** Leonard Weinberg, 2021-01-22 Right wing violence is undergoing a revival on both sides of the Atlantic In Europe much of this violence has been a backlash against migrants and their offspring carried out by lone wolves and organized groups In the United States race gender and religious hatreds have triggered far more than normal levels of violence including a resurgence of attacks on Jews and other anti Semitic behavior Examining the contours of the current violence this book traces the development of the right wing in the decades following the end of World War II Right Wing Violence in the Western World Since World War II considers right wing violence during the postwar era from the collapse of Nazi Germany and Fascist Italy to the mid 1950s alongside the right

wing sociological and political influences inherited before WWII This chapter is followed by an overview of the right wing in North America and Europe from the 60s onwards into the digital age The book concludes with a timely and balanced assessment of the canary in the coal mine for liberal democracy

Extreme Right Wing Political Violence and Terrorism Max Taylor,P.M. Currie,Donald Holbrook,2013-02-14 In this collection senior experts explore all aspects of extreme right wing political violence from the nature of the threat processes of engagement and ideology to the lessons that can be drawn from exiting such engagement Further right wing activism and political violence are compared with Jihadi violence and engagement Also the European experience is placed within a greater framework including that of the United States and the Arab Spring The book opens with an essay on U S far right groups investigating their origins and processes of recruitment It then delves into violence against UK Mosques and Islamic centers the relationship between Ulster loyalism and far right extremism the Dutch extremist landscape and the July 2011 Norway attacks Also discussed are how narratives of violence are built and justified at what point do individuals join into violence and how differently states respond to left wing vs right wing extremism This comparative work offers a unique look into the very nature of right wing extremism and will be a must read for anyone studying political violence and terrorism

Theorising Irish Social Policy Bryan Fanning,2004 *Theorising Irish Social Policy* addresses theoretical and conceptual debates underpinning Irish social policy and is an advanced text for courses in social policy as well as being intended for academics researchers policy analysts and policy makers It will be an invaluable aid for students who in the past were left to their own devices in the task of relating internationally developed themes and frameworks to Irish developments The book is comprehensive in its choice of themes which include an introductory discussion on locating Irish social policy followed by chapters written by leading Irish academics on globalisation communitarianism social capital and subsidiarity individualisation women autonomy and bodily integrity fathers identity and well being poverty and insecurity equity efficiency and health care difference and social diversity rights and judicial activism *Theorising Irish Social Policy* is part of the University College Dublin Press series of social policy texts which include *Contemporary Irish Social Policy* 1999 *Irish Social Policy in Context* 1999 *Disability and Social Policy in Ireland* 2003 and *Mental Health and Social Policy in Ireland* forthcoming 2005

Communicating Populism Carsten Reinemann,James Stanyer,Toril Aalberg,Frank Esser,Claes H. de Vreese,2019-03-14 The studies in this volume conceptualize populism as a type of political communication and investigate it comparatively focusing on a politicians and journalists perceptions b media coverage and c effects on citizens This book presents findings from several large scale internationally comparative empirical studies funded by the European Cooperation in the field of Scientific and Technical Research COST focusing on communication and the media within the context of populism and populist political communication in Europe The studies are based on comparative interview studies with journalists and politicians a large scale comparative content analysis and a comparative cross country experiment using nationally representative online

surveys over 15 countries The book also includes advice for stakeholders like politicians the media and citizens about how to deal with the challenge of populist political communication This enlightening volume is populist in the best sense and will be an essential text for any scholar in political science communication science media studies sociology and philosophy with an interest in populism and political communication It does not assume specialist knowledge and will remain accessible and engaging to students practitioners and policymakers Chapters 1 and 12 of this book are freely available as downloadable Open Access PDFs at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

The Irish Review, 2006 **Cultural Backlash** Pippa Norris, Ronald Inglehart, 2019-02-14

Authoritarian populist parties have advanced in many countries and entered government in states as diverse as Austria Italy the Netherlands Poland and Switzerland Even small parties can still shift the policy agenda as demonstrated by UKIP's role in catalyzing Brexit Drawing on new evidence this book advances a general theory why the silent revolution in values triggered a backlash fuelling support for authoritarian populist parties and leaders in the US and Europe The conclusion highlights the dangers of this development and what could be done to mitigate the risks to liberal democracy

Right-wing Extremism in the Twenty-first Century Peter Merkl, Weinberg LEONARD, 2004-08-02 Revising the 1997 first edition this study covers events that occurred in Oldham and Bradford after the year 2000 The rise of right wing extremist groups is put under scrutiny in a number of states including Britain Germany Austria Russia and France
