Russias Policy Challenges Security Stability And Development:

Russia's Policy Challenges Stephen K. Wegren, 2003 This work explores Russia's policy dilemmas in three realms: international security, socio-political and socio-economic. In each of these categories, Russia faces daunting problems, none of which is likely to be resolved quickly or easily.

Russia's Policy Challenges Stephen K. Wegren, 2016-07-08 Designed for use in courses on contemporary Russia, this volume explores Russia's policy dilemmas in three realms: international security, socio-political and socio-economic. In each of these categories, Russia faces daunting problems, none of which is likely to be resolved quickly or easily. Yet over the longer term, the extent to which policymakers are successful in dealing with these challenges will go far in determining Russia's future place in the world, how Russians will live, and what kind of country Russia becomes. Each expertly authored chapter outlines the nature of one major issue, traces its evolution, and policy developments under the Yeltsin and Putin presidencies, and evaluates the effectiveness and prospects of efforts to come to grips with the challenge.

Russia's Security Policy under Putin Aglaya Snetkov, 2014-11-27 This book examines the evolution of Russia's security policy under Putin in the 21st century using a critical security studies approach. Drawing on critical approaches to security, the book investigates the interrelationship between the internal-external nexus and the politics of insecurity and regime building in Putin's Russia. In so doing, it evaluates the way that this evolving relationship between state identities and security discourses framed the construction of individual security policies and how, in turn, individual issues can impact on the meta-discourses of state and security agendas. To this end, the de-securitisation discourses and practices towards the issue of Chechnya are examined as a case study. In so doing, this study has wider implications for how we read Russia as a security actor through an approach that emphasises the importance of taking into account its security culture, the interconnection between internal-external security priorities and the dramatic changes that have taken place in Russia's conceptions of itself, national and security priorities, and conceptualisation of key security issues in this case, Chechnya. These aspects of Russia's security agenda remain somewhat of a neglected area of research, but as argued in this book, offer structuring and framing implications for how we understand Russia's position towards security issues and perhaps those of rising powers more broadly. This book will be of much interest to students of Russian security, critical security studies, and IR.

Karl W. Ryavec, 2005 This unique study provides an original, nitty-gritty view of the true nature and operation of Russia's state bureaucracy from the imperial period to the present, including the Putin presidency. The only book-length exploration of the problems and deficiencies of Russian bureaucracy since tsarist times, this detailed work sheds important new light on Russian public administration, an often overlooked but key barrier to Russian normalization and democratization.

Russia's Food Policies and Globalization Stephen K. Wegren, 2005-01-01 The post-Soviet period has witnessed Russia's increasing interdependence with other nations in its food trade, as in the economy as a whole. President Putin has repeatedly identified international integration as an economic necessity if Russia is to share in the benefits of globalization. In Russia's

Food Policies and Globalization author Stephen K Wegren analyzes the primary questions affecting Russia and globalization How do Russia s domestic and external food policies affect its efforts at international integration How prepared is Russia for global economic integration for instance entrance into the World Trade Organization What are the structural economic and political obstacles that exist in Russia s food policies which in turn hinder closer integration In short will Russia integrate or fall behind and what is the role of food policy in deciding this crucial issue Through an analysis of Russia s contemporary food policies and strategies Wegren places Russia s economic development in a new international context Political scientists economists policymakers and scholars of the Soviet and post Soviet period as well as those interested in rural studies must read this book *Dismantling the West* Janusz Bugajski,2009-10 Explores the evidence for Russia s long term imperialist ambitions toward the transatlantic alliance

Interpreting Global Security Mark Bevir,Oliver Daddow,Ian Hall,2013-08-15 This edited collection explores the fruitfulness of applying an interpretive approach to the study of global security The interpretive approach concentrates on unpacking the meanings and beliefs of various policy actors and crucially explains those beliefs by locating them in historical traditions and as responses to dilemmas Interpretivists thereby seek to highlight the contingency diversity and contestability of the narratives expertise and beliefs that inform political action The interpretive approach is widespread in the study of governance and public policy but arguably it has not yet had much impact on security studies The book therefore deploys the interpretive approach to explore contemporary issues in international security combining theoretical engagement with good empirical coverage through a novel set of case studies Bringing together a fresh mix of world renowned and up and coming scholars from across the fields of security studies political theory and international relations the chapters explore the beliefs traditions and dilemmas that have informed security practice on the one hand and the academic study of security on the other as well as the connections between them All contributors look to situate their work against a broader historical background and long standing traditions allowing them to take a critical yet historically informed approach to the material **Revitalising US-Russian Security Cooperation** Richard

Weitz,2020-11-25 Russia and the United States are the most important countries for many vital security issues They possess the world s largest nuclear weapons arsenals are involved in the principal regional conflicts and have lead roles in opposing international terrorism and weapons proliferation Despite persistent differences on many questions mutual interests consistently drive Russians and Americans to work together to overcome these impediments This Adelphi paper argues that opportunities for improving further security cooperation between Russia and the United States exist but are limited Near term results in the areas of formal arms control or ballistic missile defences are unlikely The two governments should focus on improving and expanding their joint threat reduction and nonproliferation programmes enhancing their military to military dialogue regarding Central Asia and defence industrial cooperation and deepening their antiterrorist cooperation both bilaterally and through NATO Using more market incentives expanding reciprocity and equal treatment and limiting the

adverse repercussions from disputes over Iran would facilitate progress Russia and the United States will not soon become close allies but they should be able to achieve better security ties given that on most issues their shared interests outweigh those that divide them

Land Reform in Russia Stephen K. Wegren, 2009-11-24 This ambitious work is the definitive account of Russia's land reform initiatives from the late 1980s to today In Russia a country controlling more land than any other nation land ownership is central to structures of power class division and agricultural production The aim of Russian land reform for the past thirty years to undo the collectivization of the Soviet era and encourage public ownership has been largely unsuccessful To understand this failure Stephen Wegren examines contemporary land reform policies in terms of legislation institutional structure and human behavior Using extensive survey data he analyzes household behaviors in regard to land ownership and usage based on socioeconomic status family size demographic distribution and regional differences Wegren's study is important and timely as Russian land reform will have a profound effect on Russia's ability to compete in an era of globalization

Comparative Politics and Crisis of Governance Dr Sudhir Kumar, 2011-08-17 Democracy as a political system its creation and evolution and implications on the people and the states has been the dominant subject matter of the comparative politics in the last five decades The litmus test of such explanations has been the societies undergoing political transition switching over from authoritarian political systems to democratic ones This book is an attempt to critically analyze the theories which have come up in the case of post Soviet states political transition began after the collapse of the Soviet Union The book argues that democratization should be seen as a broader phenomenon with the objective of building an equal and just social order Secondly the dilemma of explaining democracy in theory and in practice can be better explained with the analysis of the nature of state i.e who governs and how Thirdly the nature of any state should be measured on the principles of democratic governance Here three major indicators of democratic governance have been selected participation transparency and accountability Analysing Russia within this research framework the book argues that despite having all the capabilities to be a strong state the Russian state has been facing acute crisis of governance being reflected in violent separatist movements violation of constitutional laws and increasing crime rate A major reason behind the crisis of governance in Russia is the lack of application of principles of democratic governance at various levels of transition from the constitution making process to implementation of welfare and other public policies

Eurasian Regionalisms and Russian Foreign Policy Mikhail A. Molchanov, 2016-03-03 Bridging foreign policy analysis and international political economy this volume offers a new look at the problem of agency in comparative regional integration studies It examines evolving regional integration projects in the Eurasian space defined as the former Soviet Union countries and China and the impact that Russian foreign policy has had on integration in the region Mikhail Molchanov argues that new regionalism in Eurasia should be seen as a reactive response to contemporary challenges that these developing states face in the era of globalization Regional integration in this part of the world treads the unknown waters and may not simply repeat

the early steps in the evolution of the European Union The question of a hegemonic leadership in particular as exercised by a country that spearheads regional integration efforts animates much of the discussion offered in the book Moreover Eurasian regionalisms are plural phenomena because of complementary and competing projects that engage the same or partially overlapping groups of countries By combining foreign policy studies with an examination of the international political economy of regionalism in Eurasia the author furthers our understanding of new regionalism both theoretically and empirically

Russia and the World Natasha Kuhrt, 2014-10-14 This volume brings together analyses of key domestic foreign and security policy issues during the Putin and Medvedev administrations Indeed the chapters demonstrate the extent to which domestic and foreign policy issues are inextricably linked in particular in the domain of security whether hard or soft Internal debates regarding Russia's trajectory including issues of national identity economic modernisation human rights and democracy continue to be at the forefront of concern Moreover these debates are intimately connected to Russia's self image and the image therefore that it wishes to project in the wider world The debates focus on Russia as energy superpower as one of the BRICS as an Eurasian landbridge or a window on the Asia Pacific Such debates are a constant reminder of the uncertainty surrounding Russia's future path This book expresses these uncertainties which range from the role of nuclear weapons and energy to critiques of Russia's approach to concepts such as sovereignty and self determination the fight against terrorism insurgency and the role of Islam within and without Russia may have left the chaos of the Yeltsin years behind but as we move into Putin 3.0 the concerns of these chapters will remain critical both to Russia itself and to Russia's relations with the wider world This book was published as a special issue of Europe Asia Studies

The Orthodox Church and Civil Society in Russia Wallace L. Daniel, 2006-08-09 In the void left by the fall of Communism in Russia during the late twentieth century can that country establish a true civil society Many scholars have analyzed the political landscape to answer this question but in *The Orthodox Church and Civil Society in Russia* Wallace L. Daniel offers a unique perspective within the church are individuals who hold the values and institutional models that can be vital in determining the direction of Russia in the twenty first century Daniel tells the stories of a teacher and controversial parish priest the leader of Russia's most famous women's monastery a newspaper editor and a parish priest at Moscow University to explore thoroughly and with a human voice the transformation from Communist country to a new social order Daniel explores specific religious communities and the way they operate their efforts to rebuild parish life and the individuals who have devoted themselves to such goals This is the level Daniel shows at which the reconstruction of Russia and the revitalization of Russian society is taking place This book is written for general readers interested in the intersection between politics religion and society as well as for scholars

Global Security Governance Emil J. Kirchner, James Sperling, 2007-04-11 This book demarcates the barriers and pathways to major power security cooperation and provides an empirical analysis of threat perception among the world's major powers Divided into three parts Emil Kirchner and James

Sperling use a common analytical framework for the changing security agenda in Canada France Germany Italy Japan the Russian Federation the United States the United Kingdom and the EU Each chapter features an examination of national exceptionalism that accounts for foreign and security policy idiosyncrasies definitions of the range of threats preoccupying the government foreign policy elites and the public assessments of the institutional and instrumental preferences shaping national security policies investigations on the allocation of resources between the various categories of security expenditure details on the elements of the national security culture and its consequences for security cooperation Global Security Governance combines a coherent theoretical framework with strong comparative case studies making it ideal reading for all students of security studies Handbook of European Homicide Research Marieke C. A. Liem,William Alex Pridemore,2011-10-17 This comprehensive work provides a sourcebook of information about the substantive methodological and policy oriented aspects of homicide research in Europe Part one of this work covers the most recent substantive and methodological information about European homicide research The second part will contains detailed case studies on homicide research in 15 20 individual European nations This work will be both conceptual and practical conceptual and practical Conceptual aspects will focus on theoretical frameworks and patterns and trends of violence in Europe Practical aspects will examine the results of empirical research topics relating to different data sources and the variation of legal definitions of violence throughout Europe and policy issues relating to variation in homicide prevention and punishment of homicide offenders throughout Europe This handbook will not only provide an up to date reference that brings together known information but will also offer previously unpublished comprehensive literature reviews and original research findings The editors distinctive approach is to provide readers with an English language central source of information about the voluminous literature on European homicide research that is currently spread widely in dozens of different European and American journals Expanding Eurasia Janusz Bugajski,2008-11-24 Moscow s overarching ambition toward Europe is to expand the Eurasian space in which Russia is the dominant political player For Moscow this means transforming Europe into an appendage of the Russian sphere of influence and debilitating Euro Atlanticism by undercutting Europe s connections with the United States The author explains that the most effective and realistic long term Western strategy toward Russia needs to combine practical engagement with strategic assertiveness BOOK JACKET **Emerging Markets Finance & Trade** ,2004 Big Oil Playground, Russian Bear Preserve Or European Periphery? Bjørn Brunstad,2004 Barents Russia is the far northwestern corner of the Russian Federation bordering on the Barents Sea and the affluent Nordic countries It is a region full of natural resources petroleum fish minerals etc much of which is yet to be exploited The region is heavily influenced by the Cold War and 70 years of Soviet central planning with heavy industry concentrated in company towns and with a strong military presence The region also houses some serious threats to a vulnerable Arctic environment The ten past years have brought historic changes in Barents Russia and in the relations between this region and the world around it Yet

the next couple of decades may bring even more profound changes the direction of which is hard to predict Much hangs in the balance ranging from the supply of oil and gas to the world market to broader political issues such as the future for democracy and the rule of law the protection of the environment the integration into world trade and the old favourite topic of the high north the strategic balance This book presents three plausible but provoking scenarios for the future of Barents Russia Big Oil Playground Russian Bear Preserve or European Periphery and will hopefully contribute to increased attention and deeper understanding of the forces and actors that will shape the region The aim is for the scenarios to provoke new insights about change dynamics opportunities and challenges and to serve as a backdrop for public planning corporate strategy making and more Book jacket

Russia's Foreign Policy Andrei P. Tsygankov, 2025-06-26 This clear and comprehensive text explores the past thirty years of Soviet Russian international relations comparing foreign policy formation under Gorbachev Yeltsin Medvedev and Putin Challenging conventional views of Moscow's foreign policy Andrei Tsygankov shows that definitions of national interest depend on visions of national identity and is rooted both in history and domestic politics Yet the author also highlights the role of the external environment in affecting the balance of power among competing domestic groups Drawing on both Russian and Western sources Tsygankov shows how Moscow's policies have shifted under different leaders visions of Russia's national interests He gives an overview of the ideas and pressures that motivated Russian foreign policy in six different periods the Gorbachev era of the late 1980s the liberal Westernizers era under Kozyrev in the early 1990s the relatively hardline statist policy under Primakov the more pragmatic course of limited cooperation under Putin and then Medvedev and the assertive policy Putin has implemented since his return to power most importantly in his invasion of Ukraine which began in 2022

[A History of the Soviet Union From the Beginning to Its Legacy](#) Peter Kenez, 2016-10-27 This updated third edition examines political social and cultural developments in the Soviet Union as well as the post Soviet period
