Jewels Victoria Finlay, 2007-08-14 Throughout history precious stones have inspired passions and poetry quests and curses sacred writings and unsacred actions In this scintillating book journalist

Victoria Finlay embarks on her own globe circling search for the real stories behind some of the gems we prize most. Blending adventure travel, geology, exciting new research, and her own irresistible charm, Finlay has fashioned a treasure hunt for some of the most valuable, glamorous, and mysterious substances on earth. With the same intense curiosity and narrative flair she displayed in her widely praised book *Color*, Finlay journeys from the underground opal churches of outback Australia to the once pearl-rich rivers of Scotland, from the peridot mines on an Apache reservation in Arizona to the remote ruby mines in the mountains of northern Burma. She risks confronting scorpions to crawl through Cleopatra's long deserted emerald mines, tries her hand at gem cutting in the dusty Sri Lankan city where Marco Polo bartered for sapphires, and investigates a rumor that fifty years ago most of the world's amber was mined by prisoners in a Soviet gulag. *Jewels* is a unique and often exhilarating voyage through history across cultures, deep into the earth's mantle and up to the glittering heights of fame, power, and wealth. From the fabled curse of the Hope Diamond to the disturbing truths about how pearls are cultured to the peasants who were once executed for carrying amber to the centuries-old quest by magicians and scientists to make a perfect diamond, *Jewels* tells dazzling stories with a wonderment and brilliance truly worthy of its subjects.

Anthropology of Precious Minerals Elizabeth Ferry, Annabel Vallard, Andrew Walsh, 2020. Based on a Wenner Gren international workshop held at the Royal Ontario Museum, this book addresses the complexity of human mineral engagements through ethnographic case studies and anthropological reflections on different people and the minerals they deem precious.

Fire and Blood Diane Morgan, 2007-11-30. The ruby is the world's most precious and rare stone. For the ancient Hindus, the ruby was Rajapura, the Gem of Gems, at whose heart surges an eternal unquenchable flame. Yet for all its rarity and beauty, the ruby has always been a slightly sinister stone. Indian legend says the ruby was born from the blood of a demon. Indeed, the ruby is very close to a wild living being: fiery, passionate, and dangerous. It has been at the center of love and wars, a symbol of passion, greed, and strong magic. Ancient sages and modern crystal healers have credited it with strange powers, from the granting of prophetic insight to protecting one from bullets. It has long been part of the human journey, coveted, fought over, and feared. Morgan considers all the beautiful and terrifying facets of this magnificent stone: scientific, economic, mythological, and spiritual. She discusses the great stones and great heists of the ruby world and the famous fakes, too: the great Black Prince and renowned Timur. She closes with a discussion of the making of synthetic rubies and the laser beam.
