Secularization And Fundamentalism Reconsidered:

Secularization and Fundamentalism Reconsidered Jeffrey K. Hadden, Anson D. Shupe, 1989 *Secularization and Fundamentalism Reconsidered: Religion and the political order* Jeffrey K. Hadden, Anson D. Shupe, 1989 **The Secularization Debate** William H. Swatos (Jr.), 2000 Introduced to social scientific audiences by Max Weber the concept of secularization has had a major influence on the way in which religion has been understood in the West But at least since the late 1980s both the predictive and the descriptive adequacy of this concept have been seriously challenged In the face of this challenge The Secularization Debate offers a timely summary of the critical issues that have arisen over the past decade With its wide range of essays by prominent international scholars The Secularization Debate is sure to become a pivotal volume for anyone interested in the hotly contested concept of secularization and its continued relevance to the study of religion

Religion and the Political Order: Secularization and fundamentalism reconsidered, 1986 Public Religions in the Modern World José Casanova, 2011-08-29 In a sweeping reconsideration of the relation between religion and modernity Jose Casanova surveys the roles that religions may play in the public sphere of modern societies During the 1980s religious traditions around the world from Islamic fundamentalism to Catholic liberation theology began making their way often forcefully out of the private sphere and into public life causing the deprivatization of religion in contemporary life No longer content merely to administer pastoral care to individual souls religious institutions are challenging dominant political and social forces raising questions about the claims of entities such as nations and markets to be value neutral and straining the traditional connections of private and public morality Casanova looks at five cases from two religious traditions Catholicism and Protestantism in four countries Spain Poland Brazil and the United States These cases challenge postwar and indeed post Enlightenment assumptions about the role of modernity and secularization in religious movements throughout the world This book expands our understanding of the increasingly significant role religion plays in the ongoing construction of the modern world

Ackerman, 2018-05-08 This title was first published in 2003 If God has departed as Baudrillard claims is religion still relevant A new religious landscape is appearing in the new millennium The middle classes with their electronic technologies are producing a culture of commodified images and signs that is radically transforming the religious landscape and re enchanting the world Ecstatic experiences pervade the reenchanting world Both fundamentalism and the New Age movement promote the free flow of charisma reshaping religion in unforeseen directions Analysing the crisis of modernity this book delves into the intricacies of these movements to examine the implications of religious change in the new millennium The authors provide an incisive assessment of religious change in the West and Asia to suggest an eclecticism in re enchantment that will usher in new ideas about charisma consciousness and spirituality These ideas focus on new forms of shamanism that point the way to experiences of empowerment beyond the structures of disenchantment

Worlds in Collision Laurie Guy, 2002 The period from 1960 to 1986 was distinguished by the debate over decriminalization of sexual acts between males In the 1960s homosexual men faced prison sentences if they were sexually active and so they made themselves invisible By 1986 they were demanding their rights and the nation's attention This change had come after years of debate The New Zealand Homosexual Law Reform Society and the gay liberation movement actively sought reform Many within society actively opposed it and the issue became a catalyst for a significant rift in the churches Intense lobbying and vehement opposition marked the fifteen months before the Homosexual Law Reform Bill was passed in July 1986 Based on 22 interviews with important participants in the debates as well as extensive research in archives and published material Worlds in Collision is the first time this important story has been told It is a major contribution not only to the international literature on the history of homosexuality but also to our understanding of New Zealand society in the later twentieth century

The Metaphysics of Historical Jesus Research Jonathan Rowlands, 2015-10-15 In this book Rowlands interrogates the theological and philosophical foundations of the Quest for the historical Jesus from Reimarus to the present day culminating in a call for greater metaphysical transparency and diversity in the discipline This multidisciplinary approach to historical Jesus research drawing on historiography sociology philosophy and theology makes a significant and original contribution to the field Part I outlines the implicit role of metaphysical presuppositions in historical methodology by examining the concept of an historiographical worldview Part II provides an overview of the Quest for the historical Jesus demonstrating that the disparate historiographical worldviews operative in the Quest evidence a particular shared characteristic in that they might accurately be described as secular Rowlands study
