Ethnic Modernism and the Making of US Multiculturalism in which ethnic literary modernists of the 1930s play a crucial role Focusing on the remarkable careers of four ethnic fiction writers of the 1930s Younghill Kang D Arcy McNickle Zora Neale Hurston and Amrico Paredes Sorensen presents a new view of the history of multicultural literature in the US The first part of the book situates these authors within the modernist era to provide an alternative multicultural vision of American

modernism The second part examines the complex reception histories of these authors works showing how they have been claimed or rejected as ancestors for contemporary multiethnic writing Combining the approaches of the new modernist studies and ethnic studies the book

The Cult of Individualism Aaron Barlow, 2013-08-27 American individualism It is the reason for American success but it also tears the nation apart Why do Americans have so much trouble seeing eye to eye today Is this new Was there ever an American consensus The Cult of Individualism A History of an Enduring American Myth explores the rarely discussed cultural differences leading to today s seemingly intractable political divides After an examination of the various meanings of individualism in America author Aaron Barlow describes the progression and evolution of the concept from the 18th century on illuminating the wide division in Caucasian American culture that developed between the culture based on the ideals of the English Enlightenment and that of the Scots Irish Borderers The Borderer legacy generally explored only by students of Appalachian culture remains as pervasive and significant in contemporary American culture and politics as it is unfortunately overlooked It is from the Borderers that the Tea Party sprang along with many of the attitudes of the contemporary American right making it imperative that this culture be thoroughly explored

Chances Are Valerie Rohy, 2019-10-11 This innovative work makes use of psychoanalytic queer and narrative theories to read nineteenth and twentieth century American literature and demonstrate how the concept of contingency whether chance accident luck or mutation enriches our understanding of how queer sexualities are articulated Perhaps love always carries an element of contingency our attraction to a particular person can be arbitrary and inexplicable and a sense of necessity we find that we cannot imagine life without them But contingency and chance mean something different for queer subjects In a heteronormative culture heterosexuality claims to be necessary it must be whereas homosexuality not only could be otherwise but perhaps it should be otherwise and probably it should not be at all This book outlines why and how issues of chance and contingency should matter to queer theory and queer literary studies Combining psychoanalytic queer and narrative theories Chances Are considers nineteenth and twentieth century American literary texts that formally or thematically involve contingencies of their own including narrative coincidences and accidents the role of luck in notions of race and class and efforts to imagine queer hermeneutic methods that make space for contingency Literary texts include Edgar Allan Poe s The Mystery of Marie Rog t 1842 Horatio Alger s Ragged Dick novels 1868 69 Frank Norris s The Pit 1903 and Edith Wharton s The House of Mirth 1905 Frances E W Harper s Iola Leroy 1892 and Nella Larsen s Passing 1929 H D s Tribute to Freud 1956 and Alison Bechdel s Are You My Mother 2012 This dynamic and original text would be suitable for students and researchers in literary studies critical theory and women s and gender studies

Slippery Characters Laura Browder, 2003-06-20 In the 1920s black janitor Sylvester Long reinvented himself as Chief Buffalo Child Long Lance and Elizabeth Stern the native born daughter of a German Lutheran and a Welsh Baptist authored the immigrant s narrative I Am a Woman and a Jew in the 1990s Asa Carter George Wallace s former speechwriter produced

the fake Cherokee autobiography *The Education of Little Tree* While striking these examples of what Laura Browder calls ethnic impersonator autobiographies are by no means singular Over the past 150 years a number of American authors have left behind unwanted identities by writing themselves into new ethnicities Significantly notes Browder these ersatz autobiographies have tended to appear at flashpoints in American history in the decades before the Civil War when immigration laws and laws regarding Native Americans were changing in the 1920s and during the civil rights era for example Examining the creation and reception of such works from the 1830s through the 1990s against a background ranging from the abolition movement and Wild West shows to more recent controversies surrounding blackface performance and jazz music Browder uncovers their surprising influence in shaping American notions of identity *In the Limelight and Under the Microscope* Diane Negra, Su Holmes, 2011-03-17 This timely collection explores the politics of female celebrity across a range of contemporary and historical media contexts Amidst concerns about the apparent decline in the currency of modern fame famous for being famous as well as debates about the shifting parameters of public private visibility it is female celebrities who are positioned as the most active discursive terrain This collection seeks to interrogate such phenomena by forging a greater conceptual theoretical and historical dialogue between celebrity studies and critical gender studies It takes as its starting point the understanding that female celebrity is a particularly fraught cultural phenomenon with ideological and industrial implications that warrant careful scrutiny In moving across case studies from the 19th century to the present day this book works from the assumption that the case study should play a crucial role in generating debate about the dialogue between past and present and the individual essays seek to reflect this spirit of enquiry **Upward Mobility and the Common Good** Bruce Robbins, 2007 Reinterpreting novels by figures such as Balzac Stendhal Emily Bront Dickens Dreiser Wells Doctorow and Ishiguro along with a number of films Bruce Robbins shows how deeply the material and erotic desires of upwardly mobile characters are intertwined with the aid they receive from some sort of benefactor or mentor
