Mapping Jewish Identities

Maria Diemling, Larry Ray

Mapping Jewish Identities:

Mapping Jewish Identities Laurence J. Silberstein, 2000-07 Is Jewish identity flourishing or in decline Community leaders and scholarly researchers continually seek to determine the attitudes beliefs and activities that best measure Jewish identity At issue according to these studies is the very survival of the Jewish community itself But such studies rarely ask what actually is being examined when we attempt to assess Jewish identity or any identity Most tend to assume that identity is a preexisting relatively fixed frame of reference reflecting shared cultural and historical experiences Drawing on recent work in such fields as cultural studies poststructuralist theory postmodern philosophy and feminist theory Mapping Jewish Identities challenges this premise Contesting conventional approaches to Jewish identity contributors argue that Jewish identity should be conceptualized as an ongoing dynamic process of becoming in response to changing cultural and social conditions rather than as a stable defining body of traits Contributors including Daniel Boyarin Laura Levitt Adi Ophir and Gordon Bearn examine such topics as American Jews desires to connect with a lost immigrant past through photography the complicated function of the Holocaust in the identity formation of contemporary Jews the impact of the struggle with the Palestinians on Israeli group identity construction and the ways in which repressed voices such as those of women Mizrahim and Israeli Arabs have changed our ways of thinking about Jewish and Israeli identity **Jewish Identity and Palestinian Rights** David Landy, 2012-09-13 Diaspora Jews are increasingly likely to criticise Israel and support Palestinian rights In the USA Europe and elsewhere Jewish organisations have sprung up to oppose Israel s treatment of Palestinians facing harsh criticism from fellow Jews for their actions Why and how has this movement come about What does it mean for Palestinians and for diaspora Jews Jewish Identity and Palestinian Rights is a groundbreaking study of this vital and growing worldwide social movement examining in depth how it challenges traditional diasporic Jewish representations of itself It looks at why people join this movement and how they relate to the Palestinians and their struggle asking searching questions about transnational solidarity movements This book makes an important contribution to Israel Palestine and Jewish studies and responds to urgent questions in social movement theory **Mapping Jewish Loyalties in Interwar Slovakia** Rebekah Klein-Pejšová, 2015-02-12 Well researched A major contribution to our understanding of the dilemmas and challenges faced by Czechoslovak Jewry in the interwar period Michael Miller Central European University In the aftermath of World War I the largely Hungarian speaking Jews in Slovakia faced the challenge of reorienting their political loyalties from defeated Hungary to newly established Czechoslovakia Rebekah Klein Pej ov examines the challenges Slovak Jews faced as government officials demographers and police investigators continuously tested their loyalty Focusing on Jewish nationality as a category of national identity Klein Pej ov shows how Jews recast themselves as loyal citizens of Czechoslovakia Mapping Jewish Loyalties in Interwar Slovakia traces how the interwar state saw and understood minority loyalty and underscores how loyalty preceded identity in the redrawn map of east central Europe This book makes a crucial contribution to the

question of minority loyalties in Central Europe in the first half of the twentieth century It points to a dramatic divergence of the constructions of loyalties between the majority and minority populations Slovakia After WW I former Hungarian territory became part of the newly established state of Czechoslovakia Jews who had lived under Hungarian rule faced the problem of status and identity in a new state The overall picture the author presents is skillfully balanced by effective individualized treatments of individuals and events Recommended Choice Klein Pej ov has contributed a succinct and sophisticated profile of an understudied community one that can help us understand the impossible dynamic faced by all Jews who lived among multiple nationalities with competing national claims Slavic Review

Boundaries, Identity and belonging in Modern Judaism Maria Diemling, Larry Ray, 2015-09-07 The drawing of boundaries has always been a key part of the Jewish tradition and has served to maintain a distinctive Jewish identity At the same time these boundaries have consistently been subject to negotiation transgression and contestation The increasing fragmentation of Judaism into competing claims to membership from Orthodox adherence to secular identities has brought striking new dimensions to this complex interplay of boundaries and modes of identity and belonging in contemporary Judaism Boundaries Identity and Belonging in Modern Judaism addresses these new dimensions bringing together experts in the field to explore the various and fluid modes of expressing and defining Jewish identity in the modern world Its interdisciplinary scholarship opens new perspectives on the prominent questions challenging scholars in Jewish Studies Beyond simply being born Jewish observance of Judaism has become a lifestyle choice and active assertion Addressing the demographic changes brought by population mobility and marrying out as well as the complex relationships between Israel and the Diaspora this book reveals how these shifting boundaries play out in a global context where Orthodoxy meets innovative ways of defining and acquiring Jewish identity This book is essential reading for students and scholars of Jewish Studies as well as general Religious Studies and those interested in the sociology of belonging and identities

The Routledge Handbook of Contemporary Jewish Cultures Nadia Valman, Laurence Roth, 2017-07-14 The Routledge Handbook to Contemporary Jewish Cultures explores the diversity of Jewish cultures and ways of investigating them presenting the different methodologies arguments and challenges within the discipline Divided into themed sections this book considers in turn How the individual terms Jewish and culture are defined looking at perspectives from Anthropology Music Literary Studies Sociology Religious Studies History Art History and Film Television and New Media Studies How Jewish cultures are theorized looking at key themes regarding power textuality religion secularity memory bodies space and place and networks Case studies in contemporary Jewish cultures With essays by leading scholars in Jewish culture this book offers a clear overview of the field and offers exciting new directions for the future

New Perspectives on Jewish Cultural History Maja Gildin Zuckerman, Jakob Egholm Feldt, 2019-08-19 This book presents original studies of how a cultural concept of Jewishness and a coherent Jewish history came to make sense in the experiences of people entangled in different historical situations Instead of searching for the inconsistencies discontinuities

or ruptures of dominant grand historical narratives of Jewish cultural history this book unfolds situations and events where Jewishness and a coherent Jewish history became useful meaningful and acted upon as a site of causal explanations Inspired by classical American pragmatism and more recent French pragmatism we present a new perspective on Jewish cultural history in which the experiences problems and actions of people are at the center of reconstructions of historical causalities and projections of future horizons The book shows how boundaries between Jewish and non Jewish are not a priori given but are instead repeatedly experienced in a variety of situations and then acted upon as matters of facts In different ways and on different scales these studies show how people s experiences of Jewishness perpetually probe test and shape the boundaries between what is Jewish and non Jewish and that these boundaries shape the spatiotemporal linkages that we call history

One Foot in Heaven Karin Willemse, 2007 This innovative anthropological study based on biographic narratives recorded during extensive field research in Darfur Sudan 1990-95 provides a unique understanding of how in daily life working women of different classes negotiate their identities in the context of an Islamist regime

Studies in Contemporary Jewry Ezra Mendelsohn, 2003 The essays in this book focus on the establishment of alliances between Jewish leaders and those of the state in return for Jewish support

Identity Papers Helene Meyers, 2011-12-01 Argues that debates about Jewish identity and assimilation are signs of creative potential rather than crisis *Identity Papers* argues that contemporary Jewish American literature revises our understanding of Jewishness and Jewish difference Moving beyond the reductive labeling of texts and authors as too Jewish or not Jewish enough and focusing instead on narratives that portray Jewish regeneration through feminist Orthodoxy queerness off whiteness and intermarriage Helene Meyers resists a lachrymose view of contemporary Jewish American life She argues that such gendered sexed and raced debates about Jewish identity become opportunities rather than crises signs of creative potential rather than symptoms of assimilation and deracination Thus feminist debates within Orthodoxy are allied to Jewish continuity by Rebecca Goldstein Allegra Goodman and Tova Mirvis the geography of Jewish identity is racialized by Alfred Uhry Tony Kushner and Philip Roth and the works of Jyl Lynn Felman Judith Katz Lev Raphael and Michael Lowenthal queer the Jewish family as they reveal homophobia to be an abomination Even as *Identity Papers* expands Jewish literary horizons and offers much needed alternatives to the culture wars between liberal and traditional Jews it argues that Jewish difference productively troubles dominant narratives of feminist queer and whiteness studies Meyers demonstrates that the evolving Jewish American literary renaissance is anything but provincial rather it is engaged with categories of difference central to contemporary academic discourses and our national life Ultimately Meyers offers not only nuanced readings of many texts but also a cogent argument about the generative possibilities for American Jewish futurity through an undoing of what constitutes normative understandings of Jewish bodies families and relationships

Journal of Jewish Identities *Identity Papers* is an important thoughtful text that will appeal to those with an interest in postmodern inquiries into multiculturalism identity theory and selfhood MELUS This is a sophisticated nuanced critical study

of contemporary Jewish American literature Taking an anthropological approach to Jewish and Judaic cultural expression Meyers provides probing subtle analyses Highly recommended CHOICE *Becoming Frum* Sarah Bunin Benor, 2012-11-15

When non Orthodox Jews become frum religious they encounter much more than dietary laws and Sabbath prohibitions They find themselves in the midst of a whole new culture involving matchmakers homemade gefilte fish and Yiddish influenced grammar *Becoming Frum* explains how these newcomers learn Orthodox language and culture through their interactions with community veterans and other newcomers Some take on as much as they can as quickly as they can going beyond the norms of those raised in the community Others maintain aspects of their pre Orthodox selves yielding unique combinations like Matisyahu s reggae music or Hebrew words and sing song intonation used with American slang as in mamish really keepin it real Sarah Bunin Benor brings insight into the phenomenon of adopting a new identity based on ethnographic and sociolinguistic research among men and women in an American Orthodox community Her analysis is applicable to other situations of adult language socialization such as students learning medical jargon or Canadians moving to Australia *Becoming Frum* offers a scholarly and accessible look at the linguistic and cultural process of becoming
