Marc Chagall and His Times Benjamin Harshav, Marc Chagall, Barbara Harshav, 2004 Renowned Israeli American scholar Harshav presents the first comprehensive investigation of Marc Chagall's life and consciousness after the classic 1961 biography by Chagall's son in law Franz Meyer **Marc Chagall and His Times** Benjamin Harshav, Marc Chagall, Barbara Harshav, 2004 Renowned Israeli American scholar Harshav presents the first comprehensive investigation of Marc Chagall's life and consciousness after the classic 1961 biography by Chagall's son in law Franz Meyer **Through the Window: Views of Marc Chagall's Life and Art** Barb Rosenstock, 2018-09-25 A gorgeous expressive picture book biography of Marc Chagall by the Caldecott Honor team behind *The Noisy Paint Box* Through the window the student sees His future butcher baker blacksmith but turns away A classmate sketching a face from a book His mind blossoms The power of pictures He draws and erases dreams in color while Papa worries A folder of pages laid on an art teacher's desk Mama asks Does this boy have talent Pursued lips a shrug then a nod and a new artist is welcomed His brave heart flying through the streets on a journey unknowable Known for both his paintings and stained glass windows Marc Chagall rose from humble beginnings to become one of the world's most renowned artists Admired for his use of color and the powerful emotion in his work Chagall led a career that spanned decades and continents and he never stopped growing This lyrical narrative shows readers through many different windows the pre WWI childhood and wartime experiences that shaped Chagall's path From the same team behind the Caldecott Honor Book *The Noisy Paint Box* which was about the artist Kandinsky *Through the Window* is a stunning book that through Chagall's life and work demonstrates how art has the power to be revolutionary *Chagall* Jackie Wullschläger, 2008-10-21 When Matisse dies Pablo Picasso remarked in the 1950s Chagall will be the only painter left who understands what color really is As a pioneer of modernism and one of the greatest figurative artists of the twentieth century Marc Chagall achieved fame and fortune and over the course of a long career created some of the best known and most loved paintings of our time Yet behind this triumph lay struggle heartbreak bitterness frustration lost love exile and above all the miracle of survival Born into near poverty in Russia in 1887 the son of a Jewish herring merchant Chagall fled the repressive potato colored tsarist empire in 1911 for Paris There he worked alongside Modigliani and Léger in the tumbledown tenement called La Ruche where one either died or came out famous But turmoil lay ahead war and revolution a period as an improbable artistic commissar in the young Soviet Union a difficult existence in Weimar Germany occupied France and eventually the United States Throughout as Jackie Wullschläger makes plain in this groundbreaking biography he never ceased giving form on canvas to his dreams longings and memories His subject more often than not was the shtetl life of his childhood the wooden huts and synagogues the goatherds rabbis and violinists the whole lost world of Eastern European Jewry Wullschläger brilliantly describes this world and evokes the characters who peopled it Chagall's passionate energetic mother Feiga Ita his eccentric fellow painter and teacher Bakst his clever intense first wife Bella their glamorous

daughter Ida his tough minded final companion and wife Vava and the colorful tragic array of artist actor and writer friends who perished under the Stalinist regime Wulfschläger explores in detail Chagall's complex relationship with Russia and makes clear the Russian dimension he brought to Western modernism She shows how as Andr Breton put it under his sole impulse metaphor made its triumphal entry into modern painting and helped shape the new surrealist movement As art critic of the Financial Times she provides a breadth of knowledge on Chagall's work and at the same time as an experienced biographer she brings Chagall the man fully to life ambitious charming suspicious funny contradictory dependent but above all obsessively determined to produce art of singular beauty and emotional depth Drawing upon hitherto unseen archival material including numerous letters from the family collection in Paris and illustrated with nearly two hundred paintings drawings and photographs Chagall is a landmark biography to rank with Hilary Spurling's Matisse and John Richardson's Picasso

Uncharted Erez Aiden, Jean-Baptiste Michel, 2014-12-02 One of the most exciting developments from the world of ideas in decades presented with panache by two frighteningly brilliant endearingly unpretentious and endlessly creative young scientists Steven Pinker author of *The Better Angels of Our Nature* Our society has gone from writing snippets of information by hand to generating a vast flood of 1s and 0s that record almost every aspect of our lives who we know what we do where we go what we buy and who we love This year the world will generate 5 zettabytes of data That's a five with twenty one zeros after it Big data is revolutionizing the sciences transforming the humanities and renegotiating the boundary between industry and the ivory tower What is emerging is a new way of understanding our world our past and possibly our future In *Uncharted* Erez Aiden and Jean Baptiste Michel tell the story of how they tapped into this sea of information to create a new kind of telescope a tool that instead of uncovering the motions of distant stars charts trends in human history across the centuries By teaming up with Google they were able to analyze the text of millions of books The result was a new field of research and a scientific tool the Google Ngram Viewer so groundbreaking that its public release made the front page of The New York Times The Wall Street Journal and The Boston Globe and so addictive that Mother Jones called it the greatest timewaster in the history of the internet Using this scope Aiden and Michel and millions of users worldwide are beginning to see answers to a dizzying array of once intractable questions How quickly does technology spread Do we talk less about God today When did people start having sex instead of making love At what age do the most famous people become famous How fast does grammar change Which writers had their works most effectively censored by the Nazis When did the spelling donut start replacing the venerable doughnut Can we predict the future of human history Who is better known Bill Clinton or the rutabaga All over the world new scopes are popping up using big data to quantify the human experience at the grandest scales possible Yet dangers lurk in this ocean of 1s and 0s threats to privacy and the specter of ubiquitous government surveillance Aiden and Michel take readers on a

voyage through these uncharted waters The American Dream and Dreams Deferred Carlton D. Floyd, Thomas Ehrlich Reifer, 2022-11-14 The American Dream and Dreams Deferred A Dialectical Fairy Tale shows how rival interpretations of the Dream reveal the dialectical tensions therein Exploring often neglected voices literatures and histories Carlton D Floyd and Thomas Ehrlich Reifer highlight moments when the American Dream appears both simultaneously possible and out of reach In so doing the authors invite readers to make a new collective dream of a better future on socially just multicultural and ecologically sustainable foundations

Comintern Aesthetics Amelia Glaser, Steven S. Lee, 2020-02-24 Founded by Vladimir Lenin in 1919 to instigate a world revolution the Comintern sought to advance not only the proletarian struggle but also a wide variety of radical causes including fighting against imperialism and racism in settings as varied as Ireland India the United States and China Notoriously and from the organization's outset these causes grew ever more subservient to Soviet state interest and Stalinist centralization Comintern Aesthetics shows how the cultural and political networks emerging from the Comintern have persisted even after the Comintern's demise in 1943 Tracing these networks through a multiplicity of artistic forms geared towards advancing a common liberated humanity this volume captures both the failure and the enduring allure of a Soviet centred world revolution The sixteen chapters in this edited volume examine cultural and revolutionary circuits that once connected Moscow to China Southeast Asia India the Near East Eastern Europe Germany Spain and the Americas The Soviet Union of the interwar years provided a template for the convergence of party politics and cultural history but the volume traces how this template was adapted and reworked around the world By emphasizing the shared Soviet routes of these far flung circuits Comintern Aesthetics recaptures a long lost moment in which cultures could not only transform perception but also highlight alternatives to capitalism namely an anti colonial world imaginary foregrounding race class and gender equality

David Bergelson's Strange New World Harriet Murav, 2019-02-01 David Bergelson 1884-1952 emerged as a major literary figure who wrote in Yiddish before WWI He was one of the founders of the Kiev Kultur Lige and his work was at the center of the Yiddish speaking world of the time He was well known for creating characters who often felt the painful after effects of the past and the clumsiness of bodies stumbling through the actions of daily life as their familiar worlds crumbled around them In this contemporary assessment of Bergelson and his fiction Harriet Murav focuses on untimeliness anachronism and warped temporality as an emotional sensory existential and historical background to Bergelson's work and world Murav grapples with the great modern theorists of time and memory especially Henri Bergson Sigmund Freud and Walter Benjamin to present Bergelson as an integral part of the philosophical and artistic experiments political and technological changes and cultural context of Russian and Yiddish modernism that marked his age As a comparative and interdisciplinary study of Yiddish literature and Jewish culture this work adds a new ethnic dimension to understandings of the turbulent birth of modernism
