Exceptional Wealth Genevieve Davis, Now in response to huge reader demand this latest addition to my magical Course in Manifesting series turns to the subject of money In Becoming Rich you ll not only learn the precise details of how you can use Magic to transform your entire financial world and start bringing money flowing to you So why Magic Only a few years ago I lived in a tiny flat working twelve hours a day in a factory for minimum wage Today I live in a beautiful home by the sea often earning more in one month than I used to in an entire year In this book you will discover the steps that enabled me to turn my financial life around in this amazing life changing way The change in my financial circumstances was so dramatic it makes more sense to describe it as involving Magic than anything else And when money starts to come tumbling your way in

a manner that goes far beyond mere coincidence and luck you will no longer doubt that Magic exists Yet my finances were actually the last thing I mastered magically I felt cursed blocked financially stuck for ages But having got things right once or twice I went on to discover that even after a lifetime of poverty money turned out to be the very easiest thing of all to manifest using Magic And I went on to bring an unbelievable amount of money into my life If you're jaded by the whole New Age Law of Attraction idea or have become bored by its failure to deliver this book is for you Because this is a practical book offering concrete techniques and instructions for bringing wonderful things into your life You're looking at this book because you need money and it's now time to bring that money into your life The plan is to build your knowledge slowly gradually building on what has gone before moving on to more complex techniques only once the basics are mastered So many people fail with Magic and the Law of Attraction because they rush headlong into using techniques trying to create enormous manifestations trying to manifest huge sums of money off the bat but making very simple yet crucial mistakes When they are disappointed they imagine they have been duped The sceptics are right This is just a load of nonsense Then they give up declaring it just doesn't work But I can assure you it does work And you can make it work This book will show you how My intention is make sure that *Becoming Rich* will allow you to become a true creator of your own financial life reawakening and rekindling your belief and interest in The Law of Attraction Reality Creation Cosmic Ordering or whatever you wish to call it I prefer simply to call it Magic

How Not to Get Rich Robert Sullivan, 2008-12-05 Some people are just naturally good at not getting rich They didn't buy Microsoft when a friend mentioned that he was helping start up a new software company They sold their apartment in Manhattan for a song in the seventies instinctively believing the real estate market would never ever come back These people have built in wealth prevention systems that steer them safely away from big money even in the most wealth rich intersections of their lives In this book Robert Sullivan an expert in the art of not getting rich and staying that way shows us some simple non time consuming ways to cultivate a basic day to day attitude that will lead to not getting rich as well as a few long term strategies that will help you stay that way For instance a good well rounded education is a must if you are planning on working your entire life and ending up with little or nothing Choose a field of study that will be personally rewarding but has no apparent application in the real world such as medieval literature or traditional music And by all means choose an investment strategy that will definitely not get you rich such as following the herd Along the way spend your money unwisely read novels and books a habit that will greatly aid you in your pursuit to not be rich marry for love and waste otherwise money making hours throwing a Frisbee in the park or even playing with your kids becoming the kind of role model that will never be featured on Forbes's list of the wealthiest people in the world Sharp funny and ultimately comforting *How Not to Get Rich* is a guide to happiness without wealth not that the author wouldn't mind a little wealth with his happiness *How Not to Get Rich* is probably not worth the price but what is
