Sourcebook for Understanding the Extractive Industries provides developing countries with a technical understanding and
practical options around oil gas and mining sector development issues A central premise of the Sourcebook is that good
technical knowledge can better inform political economic and social choices with respect to sector development and the
related risks and opportunities The guidance provided by the Sourcebook assumes a broad set of overarching principles all
centered on good governance and directed at achieving positive and broadly based sustainable development outcomes This
Sourcebook is rich in presenting options to challenges on the understanding that contexts and needs vary and that there is
much to be gained from appreciating the lessons learned from a broad set of experiences *Mining Industry and Review*
