Minorities And Media Diversity And The End Of Mass Communication:

Minorities and Media Clint C. Wilson, Félix Gutiérrez, 1985-07 *Minorities and Media* is a highly readable analysis of the ways in which the mass media have portrayed minorities in the United States since the late nineteenth century. The book examines the ways in which the media have reinforced racial stereotypes and provides an analysis of current trends which reflect the growing recognition of ethnic diversity. The authors conclude that the increasing racial diversity of the United States and continued audience segmentation will reduce the role of communication media in transmitting and developing the common culture of American society.

Mass Media James B. Martin, 2002 Mass media has become an integral part of the human experience. News travels around the world in a split second affecting people in other countries in untold ways. Although being on top of the news may be good at least for news junkies, mass media also transmits values or the lack thereof, condenses complex events and thoughts to simplified sound bites and often ignores the essence of an event or story. The selective bibliography gathers the books and magazine literature over the previous ten years while providing access through author title and subject indexes.

Cultural Diversity and the U.S. Media Yahya R. Kamalipour, Theresa Carilli, 1998-09-11 This book provides rich and detailed accounts of how the media filters racial/ethnic identity through economic or sensationalized perspectives in newspapers, films, television, and radio. By exploring media descriptions of various racial/ethnic groups, *Cultural Diversity and the U.S. Media* provides opportunities to discover, debate, and discuss issues surrounding race, ethnicity, and the role of the media in American society.

Seeking Equity for Women in Journalism and Mass Communication Education Ramona R. Rush, Carol E. Oukrop, Pamela J. Creedon, 2013-04-03 This volume concentrates on the study and efforts of women and minority men to gain respect and parity in journalism and mass communication and focuses on trends over the past three decades. Contributions to the volume provide a history of the equity efforts and offer updates on equity in the academy and in the professions. Theoretical and international perspectives on equity are also included, as are the concerns about equity from the new generations now coming into the profession. This anthology serves as a benchmark of women's current status in journalism and mass communication and provides a call to action for the future. As such, it is required reading for all concerned with establishing equity throughout the discipline.

American Indians and the Mass Media Meta G. Carstarphen, John P. Sanchez, 2012-10-01 Mention American Indian and the first image that comes to most people's minds is likely to be a figment of the American mass media: A war-bonneted chief, The Land O' Lakes maiden. Most American Indians in the twenty-first century live in urban areas, so why do the mass media still rely on Indian imagery stuck in the eighteenth and nineteenth centuries? How can more accurate views of contemporary Indian cultures replace such stereotypes? These and similar questions ground the essays collected in *American Indians and the Mass Media*, which explores Native experience and the mainstream media's impact on American Indian histories, cultures, and communities. Chronicling milestones in the relationship between Indians and the media, some of the chapters employ a historical perspective and

others focus on contemporary practices and new technologies All foreground American Indian perspectives missing in other books on mass communication The historical studies examine treatment of Indians in America s first newspaper published in seventeenth century Boston and in early Cherokee newspapers Life magazine s depictions of Indians including the famous photograph of Ira Hayes raising the flag at Iwo Jima and the syndicated feature stories of Elmo Scott Watson Among the chapters on more contemporary issues one discusses campaigns to change offensive place names and sports team mascots and another looks at recent movies such as Smoke Signals and television programs that are gradually overturning the movie Indian stereotypes of the twentieth century Particularly valuable are the essays highlighting authentic tribal voices in current and future media Mark Trahan chronicles the formation of the Native American Journalists Association perhaps the most important early Indian advocacy organization which he helped found As the contributions on new media point out American Indians with access to a computer can tell their own stories instantly to millions of people making social networking and other Internet tools effective means for combating stereotypes Including discussion questions for each essay and an extensive bibliography American Indians and the Mass Media is a unique educational resource

The Mass Media and Latino Politics Federico Subervi-Velez, 2009-03-04 The Latin American population has become a major force in American politics in recent years with expanding influences in local state and national elections The candidates in the 2004 campaign wooed Latino voters by speaking Spanish to Latino audiences and courting Latino groups and PACs Recognizing the rising influence of the Latino population in the United States Federico Subervi Velez has put together this edited volume examining various aspects of the Latino and media landscape including media coverage in English and Spanish language media campaigns and survey research

Harris, 2007-08-14 This exciting and much anticipated Second Edition of Interracial Communication Theory into Practice guides readers in applying the valuable contributions of recent communication theory to improving everyday communication among the races Authors Mark P Orbe and Tina M Harris offer a comprehensive practical foundation for dialogue on interracial communication as well as a resource that stimulates thinking and encourages readers to become active participants in the solution process Part I of the book provides a foundation for studying interracial communication and includes chapters on the history of race and racial categories the importance of language the development of racial and cultural identities and current and classical theoretical approaches Part II applies these concepts and theories to interracial communication practices in specific everyday contexts friendships romantic relationships organizational public and group settings and the mass media **White News** Don Heider, 2014-04-08 Is TV news racist If the purpose of local news is to

cover individual communities and to present issues of interest and concern to local audiences why are local newscasts so similar in markets around the country These are the questions that motivated Heider s research leading to the development of this book Recognizing that local news is the outlet through which most people get their news Heider ventured into the local television newsrooms in two moderate size culturally diverse U S markets to observe the news process In this report he uses his insider s perspective to examine why local television news coverage of people of color does not occur in more meaningful ways Heider examines the perceptions of racism and ethnicity and addresses such dichotomies as white news content determined by white managers being delivered by non white news anchors thus giving the appearance of non white news He also considers how coverage of minorities influences viewers perceptions of their minority neighbors Heider then sets forth a new theoretical concept incognizant racism as a way of explaining how news workers consistently ignore news in significant portions of the communities they cover This contribution to the minorities and media discussion provides important insights into the newsroom decision making process and the sociology and structure of newsrooms It is required reading for all who are involved in news reporting mass communication media and minority studies and cultural issues in

today's society *Representing* S. Craig Watkins, 1998 *Representing* examines developments in black cinema. It looks at the distinct contradiction in American society: black youths have become targets of a racial backlash but their popular cultures have become commercially viable.

Exploring Cuba Bette Tate-Beaver, Lewis W. Diuguid, 2023-12-19 *Exploring Cuba: Erasing Fears Through Multicultural Education* details the cultural and professional exchanges to Cuba organized by the National Association of Multicultural Education (NAME) between 2015 and 2019 with additional reflections on the impact of the coronavirus pandemic on Cuba-U.S. relations. Because of the long imposed U.S. embargo or blockade, access to information about life in Cuba can be limited in the U.S. This book chronicles a first-hand account of NAME's trips to Cuba over a 5-year period. Interspersed with insights from U.S.-based multicultural educators, authors, and Cuban delegates, it documents what NAME members learned about Cuba's people, history, health care system, culture, arts, and education systems. It also explores the effects of the coronavirus global pandemic on Cuba and its vital tourist industry as well as the July 2021 protests and aftermath, including a new wave of immigration to the U.S. The book argues for the end of the U.S. embargo with Cuba and the normalization of diplomatic relations between the two countries so that unrestricted tourism and trade can benefit both countries. Combining travelogue observations with statistics and scholarly accounts, this volume will be useful reading for scholars and students of Multicultural Education, International Education, and Comparative Education. It will also be beneficial to educators and Cuba solidarity activists.

Outsiders in 19th-century Press History Frankie Hutton, Barbara Straus Reed, 1995 This anthology of journalism history brings together essays on the early Black press, pioneer Jewish journalism, Spanish language newspapers, Native American newspapers, woman suffrage, peace advocacy, and Chinese American and Mormon publications. It shows how marginal groups developed their own journalism to counter the prejudices and misconceptions of the white establishment press. The essays address the important questions of freedom of expression in religious matters as well as the domains of race and gender.

Critical Readings: Sport, Culture And The Media Rowe, David, 2003-12-01 *Critical Readings: Sport Culture and the Media* contains a broad range of essays on the relationships between sport culture and the media. Featuring a mixture of classic works and recent texts, the Reader provides students, lecturers, and researchers with an essential core of readings on the topic. The readings examine media and sport in Europe, North and South America, Australia, Asia, and Africa and explore topics such as Sport as entertainment, the role of mass communications, The manufacture of sports news for the daily press, The televised sports manhood formula, Women sport and globalization, Sport on the information superhighway, Advertising sportswear to black audiences, Mega events and media culture, sport and the Olympics. Designed to complement the key textbook in the area, *Sport Culture and Media*, this collection of critical readings can also be used independently, ideally in undergraduate and postgraduate studies in culture and media, sociology, sport, and leisure studies, communication, race, ethnicity, and gender.
