## **Miracles And Mysteries The Halifax Explosion December 6 1917:**

**Miracles and Mysteries** Mary Ann Monnon, 2011-01-01 MARY ANNA MONNON S FATHER was one of the lucky survivors of the Halifax Explosion the great World War One disaster that devastated Halifax and killed over two thousand people His personal story along with the stories of other survivors are woven into this captivating account of the events leading up to and following the explosion of the munitions ship Mont Blanc in Halifax Harbour Monnon begins the story in the days just prior to the explosion providing news items ads and public notices that give readers fresh insight into life in the city at that time Monnon s interviewees provide candid recollections of where they were and their initial responses to the disaster What emerge are unusually personal stories of confusion injury loss and the eventual resurgence of hope raw remembrances that bring back into sharp focus those first days on the ground **Miracles and Mysteries** is a reminder of the tragedy of war and how ordinary people respond to overwhelming and inexplicable events **Miracles and Mysteries** Mary Ann Morrison Monnon, 1977-01-01 *Explosion in Halifax Harbour* David Flemming, 2004-10 This book offers a definitive account of the Halifax explosion and its aftermath and the most extensive collection of images many in colour available in print *Exploded Identity* Catherine M. Mildon, 2006-11-10 I was four and half years old and living in Halifax with my seven siblings the day my city was devastated by an exploding ship in the harbour It threw me to the floor as our windows collapsed In the days weeks months and years that followed this vivid terrifying moment and the stories of altered lives dominated our daily thoughts and conversations As CEO of the Northern Electric Company in Halifax my father was heavily involved in the immediate demands Years later I felt driven to record my family experiences and to study thoroughly the record of those awful days As I wrote I was struck by the overwhelming determination heroism and cooperation that the unheralded citizens of Halifax demonstrated in the face of death destruction and snowstorms For centuries women have known that when war came they would be needed for their sheets torn up for bandages for clothing and for food So the women of Halifax met in August 1914 and made tentative plans should Halifax be attacked Some don t believe it Yet war was very frightening in a seaport city And these Halifax ladies were the women who two years before gathered at city hall behind long tables with pen and paper to assist survivors of the Titanic to identify bodies gathered up from the sea and brought to Halifax on our own ships When the Explosion went off the wife of a judge met her friend and arrived at the city hall by 9 30 a m They swept up glass and plaster knowing that the women would be coming soon with everything they had mustered At 11 30 a m one of the city councillors came downstairs and said to the women Give everything to everybody who asks Half naked blackened bloodied people had been coming in all morning The women were ready with everything for everybody because the ladies had planned for an attack *Catastrophe* T. Joseph Scanlon, 2020-11-27 *Catastrophe* weaves together compelling stories and potent lessons learned from the calamitous Halifax explosion the worst non natural disaster in North America before 9 11 On December 6 1917 the Canadian city of Halifax Nova Scotia was shattered when volatile cargo on the SS Mont Blanc

freighter exploded in the bustling wartime harbour More than nineteen hundred people were killed and nine thousand injured Across more than two square kilometres some 1200 homes factories schools and churches were obliterated or heavily damaged Written from a scholarly perspective but in a journalistic style accessible to the general reader this book explores how the explosion influenced later emergency planning and disaster theory Rich in firsthand accounts gathered in decades of research in Canada the US the UK France and Norway the book examines the disaster from all angles It delivers an inspiring message the women and men at ground zero responded speedily courageously and effectively fighting fires rescuing the injured and sheltering the homeless The book also shows that the generous assistance that later came from central Canada and the US also brought some unhelpful intrusions by outside authorities Unable to imagine the horror of the initial crisis they ignored or even vilified a number of the first responders This book will be of particular interest to disaster researchers and emergency planners along with journalists and scholars of history Maritime studies and Canadian studies [The Halifax Disaster, December 6, 1917](#) Ernest Fraser Robinson,1997 *This Small Army of Women* Linda J. Quiney,2017-05-01 With her soft linen head scarf and white apron emblazoned with a red cross the Voluntary Aid Detachment nurse or VAD has become a romantic emblem of the First World War This Small Army of Women draws on diaries letters and interviews to tell the forgotten story of the nearly two thousand women from Canada and Newfoundland who volunteered to do their bit at home and overseas Middle class and well educated but largely untrained VADs were excluded from Canadian military hospitals overseas the realm of the professional nurse but helped solve Britain's nursing deficit and filled gaps in Canada's domestic nursing ranks Their dedication and struggle to secure a place at their brothers' bedsides reveals much about women's contributions to the war effort the tensions between amateur and professional nurses and women's evolving role outside the home
