The Friend, ed. by R. Smith, Vol. [1st and 2nd eds. of vol.1. The 1st ed. of vol.1 wanting no.7, 14-17, 25, 26]. Robert Smith, 1829 **Railroad Age Gazette**, 1885 *The Making of English Photography: Allegories*, Since the production of the first negative by William Henry Fox Talbot in Wiltshire's Lacock Abbey in 1835 English photography has played a central role in revolutionizing the production of images yet it has largely evaded critical attention *The Making of English Photography* investigates this new enterprise and specifically how professional photographers shaped a strange aesthetic for their practice *The Making of English Photography* examines the development of English photography as an industrial commercial and most problematically artistic enterprise Concentrating on the first decades of photography's history Edwards tracks the pivotal distinction between art and document as it emerged in the writings of the men of science and professional photographers suggesting that this key opposition is rooted in social fantasies of the worker Through a close reading of the photographic press in the 1860s he both reconstructs the ideological world of photographers and employs the unstable category of photography to cast light on art class and industrial knowledge Bringing together an array of early photographs recent historical and theoretical scholarship and extensive archival sources *The Making of English Photography* sheds new light on the prevailing discourses of photography as well as the antinomies of art and work in a world shaped by social division **The Publishers Weekly**, 1967 Bibliographia Aberdonensis: 1472-1640 James Fowler Kellas Johnstone, Alexander Webster Robertson, 1929 **Catalog of Copyright Entries. to the trio of the original planners of the Circle As students at the University of Vienna and throughout the first decade of this century he and his friends Philipp Frank and Otto Neurath met more or less regularly to discuss philosophical questions When Hahn accepted his first professorial position at the University of Czernowitz in the north east of the Austrian empire and the paths of the three friends parted they decided to continue such informal discussions at some future time perhaps in a somewhat larger group and with the cooperation of a philosopher from the university Various events delayed the execution of the project Drafted into the Austrian army during the first world war Hahn was wounded on the Italian front Toward the end of the war he accepted an offer from the University of Bonn extended in recognition of his remarkable mathematical achievements He remained in Bonn until the spring of 1921 when he returned to Vienna and a chair of mathematics at his alma mater There in 1922 the Mach Boltzmann professorship for the philosophy of the inductive sciences became vacant by the death of Adolf Stohr and Hahn saw a chance to realize his and his friends old plan

Gandhi's Hinduism the Struggle against Jinnah's Islam M. J. Akbar, 2020-03-05 Gandhi a devout Hindu believed faith could nurture the civilizational harmony of India a land where every religion had flourished Jinnah a political Muslim rather than a practicing believer was determined to carve up a syncretic subcontinent in the name of Islam His confidence came from a wartime deal with Britain embodied in the August Offer of 1940 Gandhi's strength lay in ideological commitment which was in the end ravaged by the communal violence that engineered partition The price of this epic confrontation paid by the people has stretched into generations M J Akbar's book meticulously researched from original sources reveals the astonishing blunders lapses and conscious chicanery that permeated the politics of seven explosive years between 1940 and 1947 Facts from the archives challenge the conventional narrative and disturb the conspiratorial silence used to protect the image of famous icons Gandhi's Hinduism The Struggle Against Jinnah's Islam delves into both the ideology and the personality of those who shaped the fate of a region between Iran and Burma It is essential reading for anyone interested in modern Indian history and the past as a prelude to the future
