Pro In Communications:

Business and Professional Communication Kory Floyd, Peter W. Cardon, 2020 Students preparing to succeed in today's workplace require solid training in communication skills and principles as well as experience applying them in realistic professional contexts In *Business and Professional Communication* Kory Floyd and Peter Cardon incorporate substantial business world experience throughout the text's principles, examples, and activities They ensure that the theories, concepts, and skills most relevant to the communication discipline are fully represented The result is a program that helps students understand and apply communication skills in both their personal and professional lives The People First feature presents students with realistic scenarios that are sensitive, discomfiting, or tricky to manage It then teaches students how to navigate those situations effectively This gives students concrete skills for preserving relationships with others as they encounter these difficult conversations Unique to the market, this text includes a dedicated chapter focused on perspective taking, covering the processes of person perception, common perceptual errors, the self-serving bias, and the fundamental attribution error, the self-concept, and the processes of image management This equips students to understand and pay attention to the perspectives of others *Business and Professional Communication* also includes a dedicated chapter focused on career communication, encouraging students to engage in networking and to consider the priorities and points of view of others as they seek employment and begin to interact professionally

The Art of Professional Communication Daniel Plung, 2024-07-26 Going beyond the mechanics of professional communication, this book combines insights into the overlooked implicit demands of corporate communication challenges with the proven strategies and techniques that distinguish professionals as capable communicators and candidates for promotion The practical strategies offered in this book represent professional communication principles filtered through the lens of the author's 40-year career that enabled him to rise from an initial assignment as a technical editor to positions of senior management, directing large, diverse business and technical organizations Here he has collected into one resource the reasoned and disciplined decision-making processes, tools, and techniques essential to craft communications precisely attuned to the explicit and implicit expectations of each assignment and supported by a structure and presentation logic that delivers a totally responsive and accurately targeted product This is an essential guide for all levels of professionals who recognize the need to distinguish themselves within a highly competitive career environment Business professionals and instructors in corporate training programs, supervisors and managers, and students in professional communication programs will welcome this deep dive into the real-world challenges and opportunities in professional communication and the role effective communication plays in career advancement

The Routledge Handbook of Language and Professional Communication Vijay Bhatia, Stephen Bremner, 2014-02-24 *The Routledge Handbook of Language and Professional Communication* provides a broad coverage of the key areas where language and professional communication intersect and gives a comprehensive account of the field The

four main sections of the Handbook cover Approaches to Professional Communication Practice Acquisition of Professional Competence Views from the Professions This invaluable reference book incorporates not only an historical view of the field but also looks to possible future developments Contributions from international scholars and practitioners focusing on specific issues explore the major approaches to professional communication and bring into focus recent research This is the first handbook of language and professional communication to account for both pedagogic and practitioner perspectives and as such is an essential reference for postgraduate students and those researching and working in the areas of applied linguistics and professional communication
