The Conservative Party and the Destruction of

Selective Education in Post-War Britain Piers Legh, 2023-01-26 The book tells the untold story of the Conservative Party's involvement in terms of stance and policy in the destruction of selective state education from 1945 up to the present day. Close consideration is paid to their attitudes and prejudices towards education both in power and in opposition. Legh examines the Party's responses to the pressure for comprehensive schooling and egalitarianism from the Labour Party and the British left. In doing so, Legh defies current historiography to demonstrate that the Party were not passive actors in the advancement of comprehensive schooling. The lively narrative is moved along by the author's critical examination of the Education Ministers throughout this period: Florence Horsbrugh and David Eccles serving under Churchill and Eden, and also Quintin Hogg and Geoffrey Lloyd under Macmillan, as well as Edward Boyle and Margaret Thatcher under Edward Heath. Legh's detailed research utilises a range of government documents, personal papers, parliamentary debates, and newspapers to provide this crucial re-assessment of the Conservative Party and selective education, and in doing so, questions over simplistic generalisations about wholesale support for selective education policy. It reveals instead questioning compromises and disagreements within the Party and its political and ideological allies. The result is a stimulating revival of existing scholarship which will be of interest to scholars of British education and politics.

Comparative Inquiry and Educational Policy Making, John Major: An Unsuccessful Prime Minister? Kevin Hickson, Ben Williams, 2017-05-23 This year marks the twentieth anniversary of one of the most momentous general elections this country has ever seen. John Major's defeat in 1997 ended a record eighteen years of Tory government, prompting accusations of failure and ignominy. A controversial leader, Major oversaw numerous crises in international and domestic policy. Between 1990 and 1997, he presided over Britain's participations in the Gulf War, the start of the Northern Ireland peace process, the Maastricht Treaty negotiations, and famously Black Wednesday, and Britain's exit from the ERM. Towards the end, Major's government was split over Europe and ridden with allegations of sleaze. Widely criticised by the media and politicians from all parties, Major went on to be crushed by Tony Blair and New Labour in the 1997 general election. An Unsuccessful Prime Minister is the first wide-ranging appraisal of John Major's government in nearly two decades. This book reconsiders the role of John Major as Prime Minister and the policy achievements of his government. Major's government faced many more constraints and left behind a more enduring legacy than his critics allowed at the time or since.

Eugenics, Race and Intelligence in Education Clyde Chitty, 2009-07-07 A fascinating study into how eugenics and concepts of intelligence have influenced education systems in both the UK and US.

Leading Beautifully Fenwick W. English, Lisa Catherine Ehrich, 2016-01-08 *Leading Beautifully* provides a new dimension to understanding effective leadership. Drawing from lessons in the arts and the humanities, English and Ehrich explore how educational decision-making in schools can be informed by identity, personal competence, and an understanding of the field's intellectual foundations. Based on in-depth interviews of artists and educational leaders, this book provides insight into the inner world of successful leaders who have developed competencies and understandings that extend

beyond the standard leadership tool box This exciting new book explores the theory and practice of leadership connoisseurship as a human centered endeavor and as an antidote to mechanistic business oriented practices The authors well grounded reconsideration of educational leadership will enliven and enhance any educational leader s practice
