Que Vivan Los Tamales! Jeffrey M. Pilcher, 1998 Connections between what people eat and who they are between cuisine and identity reach deep into Mexican history beginning with pre Columbian inhabitants offering sacrifices of human flesh to maize gods in hope of securing plentiful crops This cultural history of food in Mexico traces the influence of gender race and class on food preferences from Aztec times to the present and relates cuisine to the formation of national identity The metate and mano used by women for grinding corn and chiles since pre Columbian times remained essential to preparing such Mexican foods as tamales tortillas and mole poblano well into the twentieth century Part of the ongoing effort by intellectuals and political leaders to Europeanize Mexico was an attempt to replace corn with wheat But native foods and flavors persisted and became an essential part of indigenista ideology and what it meant to be authentically Mexican after 1940 when a growing urban middle class appropriated the popular native foods of the lower class and proclaimed them as national cuisine

Microhistories of Technology Mikael Hård, 2023-02-20 In this open access book Mikael H rd tells a story of how people

around the world challenged the production techniques and products brought by globalization. Retaining their autonomy and freedom, creative individuals selectively adopted or rejected modern gadgets, tools, and machines. In standard historical narratives, globalization is portrayed as an unstoppable force that flattens all obstacles in its path. Modern technology is also seen as inexorable: in the nineteenth century, steamships, telegraph lines, and Gatling guns are said to have paved the way for colonialism and other forms of dominating people and societies. Later, shipping containers and computer networks purportedly pulled the planet deeper into a maelstrom of capitalism. Hrd discusses instances that push back against these narratives. For example, in Soviet times, inhabitants of Samarkand, Uzbekistan, preferred to remain in and expand their own mud brick houses rather than move into prefabricated concrete residential buildings. Similarly, nineteenth-century Sumatran carpenters ignored the saws brought to them by missionaries and chose to chop down trees with their arch-bladed adzes. And people in colonial India successfully competed with capitalist-run Caribbean sugar plantations, continuing to produce their own muscovado and sell it to local consumers. This book invites readers to view the history of technology and material culture through the lens of diversity. Based on research funded by the European Research Council and conducted in the Global South, *Microhistories of Technology Making the World* shows that the spread of modern technologies did not erase artisanal production methods and traditional tools.

Comida Casera Dora Ramírez, 2025-03-18 Culinary Institute of America-trained Mexico-born chef and the voice behind popular blog and Instagram account *dorastable*, Dora Ramírez shares more than 100 plant-based Mexican recipes from traditional and Indigenous to modern. When Dora Ramírez gave up eating animal-based foods, she worried that it also meant giving up her favorite Mexican dishes. But once she started reinventing her favorite recipes, she realized that plant-based ingredients actually enhance the dishes. Now, in *Comida Casera*, Dora shares her fresh take on traditional cuisine in chapters devoted to everything from tamales to mole, favorite home comfort foods to fine dining. From Indigenous recipes created in partnership with *cocineras tradicionales* to Mexico's markets and street vendors, *Comida Casera* is a delicious love letter to food and culture, celebrating the interconnectedness of both through a plant-based lens. With recipes for Almond Queso Fresco, Green Chilaquiles, Chilorio, Burritos, Pumpkin Seed Enchiladas, Mushroom Chorizo, Porcini Mushroom Chicharrones, Al Pastor Tacos, Mushroom Carnitas Tacos, Bean and Nopal Tostadas, Potato and Poblano Stuffed Corn Cakes, Mole Poblano, Enchiladas, Pumpkin Seed Green Mole, Jackfruit Pozole Rojo, Tres Leches Cake, Vanilla Flan, and more. *Comida Casera* is the cookbook I wish I had when I first stopped eating meat in 2015. At the time, there were hardly any resources on adapting Mexican cuisine to a vegan diet, and it was quite difficult for me to make the transition. My cookbook is a love letter to my country and my people. It is a book that honors traditional Mexican flavors and techniques but

relies on the immense world of plants to do so *Adult Catalog: Subjects* Los Angeles County Public Library,1970
