**Reincarnation** Elizabeth Clare Prophet, Erin L. Prophet, 1997 A long time ago Christians believed in reincarnation This groundbreaking work makes the case that Jesus taught reincarnation Elizabeth Clare Prophet traces the history of reincarnation in Christianity from Jesus and early Christians through Church councils and the persecution of so called heretics Using the latest scholarship and evidence from the Dead Sea Scrolls and Gnostic texts she also argues persuasively that Jesus was a mystic who taught that our destiny is to unite with the God within Your view of Jesus and of Christianity will never be the same      Reincarnation in America Lee Irwin, 2017-07-31 Reincarnation in America An Esoteric History surveys the complex history of reincarnation theories across multiple fields of discourse in a pre American context ranging from early Greek traditions to Medieval Christian theories Renaissance esotericism and European Kabbalah all of which had adherents that brought those theories to America Rebirth theories are shown in all these groups to be highly complex and often disjunctive with mainstream religions even though members of conventional religions frequently affirm the possibility of rebirth As a history of an idea reincarnation theory is a current vital belief pattern that cuts across a wide spectrum of social cultural and scientific domains in a long complex history not reducible to any specific religious or theoretical explanation This book is cross disciplinary and multicultural linking religious studies perspectives with science based research it draws upon many distinct disciplines and avoids reduction of reincarnation to any specific theory The underlying thesis is to demonstrate the complexity of reincarnation theories what is unique is the historical overview and the gradual shift away from religious theories of rebirth to new theories that are therapeutic and trans traditional      *Death and Reincarnation (Translated)* PAPUS Dr G. Encausse, 2022-03-03 Reincarnation is the return of the spiritual Principle in a new fleshly envelope For a human being this envelope is always a human body This return can take place on the same planet where one lived his last existence or on another planet The return to a material body cannot be fixed in advance just as one cannot fix a time for terrestrial life Some human beings spend 3 years on earth and others 90 If one were to say man lives 30 years above the earth one would speak as

an amateur of statistics but not as an observer of real laws The length of life on earth is a personal fact so the length of time one spends before returning to earth is also a special fact that depends on many circumstances It must be said at once that before reincarnating on a planet the spiritual being prepares himself for the loss of the memory of his previous existences We will be able to give all the testimonies of the classical authors concerning this fact and symbolized by the immersion in the water of the river Lete which gives oblivion before the return to the earth The reincarnation really has been marked as an esoteric mystery in all the initiations of the Antiquity      **The Complete Idiot's Guide to Reincarnation** David Hammerman, Lisa Lenard, 2000 Offers an introduction to reincarnation including the evidence that it occurs the beliefs of various traditions gaining access to past lives karma soul cycles and the use of reincarnation in psychotherapy      **Social and Ritual Life of the Ambo of Northern Rhodesia** Bronislaw Stefaniszyn, 2018-09-03 Originally published in 1964 this is a detailed ethnographic record and sympathetic study of Ambo beliefs and activities The significance of the clan and the matrilineage are discussed and the organization of the village and chiefdom analysed Childhood and puberty marriage death succession and inheritance are covered along with religious concepts and divination with its stress on the importance of the high god      The real meaning of Reincarnation and Rebirth Joseph Murphy, 2023-12-21 Many people regardless of their religious beliefs believe in reincarnation and karma because these theories seem to explain many of life's mysteries However as readers of this excellent book will learn there are other very credible explanations that explain why people are born with different advantages disadvantages and handicaps and account for what people believe to be past life experiences
