## **Rekindling A Lost Passion Recreating A Church Planting Movement:**

**Rekindling a Lost Passion** Russell Burrill, 1999-01-01      Church Planting Movements V. David Garrison, 2007 David Garrison PhD University of Chicago defines Church Planting Movements as rapidly multiplying indigenous churches planting churches that sweep across a people group or population segment Garrison's Church Planting Movements How God Is Redeeming a Lost World signaled a breakthrough in missionary church planting After the publication of Garrison's book in 2004 it became impossible to talk about missions without referencing Church Planting Movements Church Planting Movements examines more than two dozen movements of multiplying churches on five continents After presenting these case studies Garrison identifies ten universal elements present in each movement He then broadens the circle of examination to identify a further ten common characteristics factors identified in most but not all of the movements He concludes his examination with a list of Seven Deadly Sins i.e. harmful practices that stifle or impede Church Planting Movements Important for evangelical readers the author returns to his findings to see how they stand up to the light of Scripture What he discovers is that Church Planting Movements are much more consistent with the New Testament lay led house church movements that swept rapidly through the Mediterranean world in the face of hostile opposition than today's more sedentary professional institutionalized Christianity Learn more about Church Planting Movements from the book's website [www.ChurchPlantingMovements.com](http://www.ChurchPlantingMovements.com)

**Planting Churches That Reproduce** Joel Comiskey, 2008-12 Small group resources tend to overlook the spiritual side of small group leadership And yet most would agree that spiritual preparation is the most important aspect of leading a small group Only God's supernatural power can draw people to the truth and liberate them to be all that God wants them to be The key distinction of this book is the spiritual perspective it gives to small group ministry So much of the literature about small groups that is already published relates to small group technique and only touches briefly on the Spirit's power This book is a practical reference guide to help small group leadership begin to move in the supernatural realm The book's first priority is to help small group leaders and members trust the Holy Spirit to lead them empower them and

work in their group Small group facilitators often sense a lack of guidance power and spiritual authority Jesus knew His disciples would be powerless without a touch from the Holy Spirit and so He told them to wait in Jerusalem saying You will receive power when the Holy Spirit comes on you and you will be my witnesses in Jerusalem and in all Judea and Samaria and to the ends of the earth Acts 1:8 Small group leaders need a power boost to make small group ministry relevant and exciting The second priority of this book is to help the facilitator identify and mobilize each small group member to use his or her own spiritual gifts
