all things but when you have conditioned love when things happen you are limited Live life limitless and without conditions Change your mindset and you will be happier No matter what you will accept all changes in life good or bad with no limitations Stop setting limits on yourself bite the bullets and set unconditional happiness See your experiences for what they are and don't define someone's past as their future At twenty you could be a single mother who is a drug addict living on the street and at forty you could be a doctor or a lawyer Do not define anyone by their past This is what my book is all about
