the contributors focus on the revolution in an individual region or country Poland Hungary the German Democratic Republic Czechoslovakia Romania Bulgaria Yugoslavia and Albania and each of them addresses the theme of regime transition In Eastern Europe of course the transition from communism to has been as complex and varied as the political geography of the notorious fracture zone itself and individual authors thus concentrate on different sets of problems they tell different kinds of stories Pointing to the enormous difficulties of systematic transformation they measure the dangers of nationality conflict and the potential for new authoritarianism Ivo Banac has assembled a cast with impressive credentials Without imposing an artificial unity on a chaotic subject their book maps out the events of 1989 90 and sets the background for figuring out where the region may be headed **Youth Movements and Elections in Eastern Europe** Olena Nikolayenko,2017-10-12 This book examines a dramatic rise of nonviolent youth movements on the eve of national elections in Eastern Europe **The Encyclopedia of Political Revolutions** Jack A.
