Macroeconomics An Introduction To Keynesian Neoclassical Controversies

Rosalind Levačić, Alexander Rebmann

Macroeconomics An Introduction To Keynesian Neoclassical Controversies:

Macroeconomics Rosalind Levačić, Alexander Rebmann, 1982-01-01 **An Encyclopedia of Keynesian Economics, Second edition** Thomas Cate, 2013-01-01

Acclaim for the first edition This easy to read collection tells the whole story Filled with short well written pieces the encyclopedia covers the names and ideas that preceded Keynes that carried his work to the center of the profession and that eventually supplanted him there There are excellent and unexpected articles on the Austrian school the Lausanne school and the Ricardo effect There are well done pieces on all the basic theoretical models at the heart of Keynesianism the volume has been well put together The editors deserve special praise for letting each contributor tell his own story Those who oppose Keynes s ideas are just as well represented as those who carry the torch for him This evenhandedness helps to ensure a volume that is truly representative and that will allow its users to get a full picture of the life and times of Keynesian economics Bradley W Bateman Grinnell College US The book will also be of some interest to serious scholars partly because it includes biographies of many economists too young to have been included in the New Palgrave such as Dornbusch Fisher Herschel Grossman Kregel Lucas and Robert Townsend It also includes some very interesting longer essays Peter Howitt The Economic Journal This book provides an excellent summary of the many strands of Keynesian style thought both before and after 1936 Its well considered entries take care to make explicit the assumptions and fundamental points of difference between theories too often concealed by the parents and advocates of specific theories in their zeal to promote the universality of the ideas There is scarcely an entry that suffers from wordiness and repetition the reader s scarce time is not abused Elizabeth Webster Economic Record This reviewer found using this source exhilarating and endowed with additional interest in view of the 1997 discussion on the inclusion or noninclusion of Keynesian economics in introductory economics textbooks The editors should be applauded for helping to preserve a part of intellectual heritage Bogdan Mieczkowski American Reference Books It is the best single reference source on Keynesian economics and will be welcomed by students and teachers in economics as well as scholars in related social sciences and government policy makers Educational Book Review This thoroughly revised and updated second edition of a highly acclaimed and authoritative reference work introduces the major concepts in the field of Keynesian economics The comprehensive Encyclopedia features accessible informative and provocative contributions by leading international scholars working in the tradition of Keynes It brings together widely dispersed yet theoretically congruent ideas presents concise biographies of economists who have contributed to the debate on Keynes and the Keynesian Revolution and outlines the basic principles models and tools used to discuss the economic consequences of The General Theory Longer entries on specific topics associated with Keynes and the Keynesian Revolution analyse the principal factors that contributed to The General Theory the economics of Keynes and the rise and apparent decline of Keynesian economics in greater detail The second edition will ensure that An Encyclopedia of Keynesian Economics will remain the best single reference source on Keynesian economics and will continue to be welcomed

by academics students and teachers of economics as well as by scholars in related social sciences and government policymakers

The Macroeconomics of Public Sector Deficits Roumeen Islam, Deborah L. Wetzel, 1991

Reflections on the Development of Modern Macroeconomics Brian Snowdon, Howard R. Vane, Roger

Backhouse, 1997-01-01 This is a collection of essays on the development of modern macroeconomics It reflects the profound and controversial changes that the subject has undergone in the period 1974 to 1999 Each of the eight essays focuses on an important issue relating to those changes

A Macroeconomic Regime for the 21st Century Christopher Taylor, 2011-03-02

The book aims to give non economists a detailed understanding of how macroeconomic policy works in modern economies and the issues it faces The world has recently been through a huge economic crisis and thinking people everywhere have reason to wonder whether something is not seriously wrong with the policy regimes underlying these dramatic events in the major economies and whether changes should be made The author reviews the history of the successive regimes tried and found wanting in the second half of the last century and proposes a set of reforms designed to convert the flawed neo liberal consensus of the 1990s into a durable regime for the present century

The SAGE Handbook of Neoliberalism Damien

Cahill, Melinda Cooper, Martijn Konings, David Primrose, 2018-02-26 Over the last two decades neoliberalism has emerged as a key concept within a range of social science disciplines including sociology political science human geography anthropology political economy and cultural studies The SAGE Handbook of Neoliberalism showcases the cutting edge of contemporary scholarship in this field by bringing together a team of global experts Across seven key sections the handbook explores the different ways in which neoliberalism has been understood and the key questions about the nature of neoliberalism Part 1 Perspectives Part 2 Sources Part 3 Variations and Diffusions Part 4 The State Part 5 Social and Economic Restructuring Part 6 Cultural Dimensions Part 7 Neoliberalism and Beyond This handbook is the key reference text for scholars and graduate students engaged in the growing field of neoliberalism

Keynes's General Theory, the Rate of Interest and

Keynesian' Economics G. Tily, 2016-01-12 This book argues that Keynesian economists have betrayed Keynes theory and policy conclusions and that the world has been misled about those policies Keynesians have focused attention on policies for dealing with effects of economic failure as they arise whereas Keynes was concerned with the cause and then the prevention of economic failure

Political Economy and Global Capitalism Robert Albritton, Bob Jessop, Richard Westra, 2010 This

volume brings together original and timely writings by internationally renowned scholars that reflect on the current trajectories of global capitalism and in the light of these consider likely possible or desirable futures It offers theory informed writing that contextualizes empirical research on current world historic events and trends with an eye towards realizing a future of human social and economic betterment

Encyclopedia of Government and Politics Mary Hawkesworth, Maurice

Kogan, 2002-09-11 Provides a balanced comprehensive account of contemporary trends in world regional and nation state government and politics Captures the global changes both theoretical and factual of the past three decades to give an

unprecedented overview of political science and political affairs Clearly and incisively written to meet the needs of students lecturers and practitioners at all levels Helpful bibliographies of new and classic material and suggestions for further reading Extensive index of Topics and People Provides a comprehensive introduction to both the theoretical and practical issues of government and politics It will be an essential purchase for libraries with in depth collections in these areas Reference Reviews This up to date and well executed work provides a sound introduction to all aspects of political study Choice This is a work of immense scholarship and usefulness Political Studies In addition to copious citations to the research literature there are brief bibliographies listing major works for further reading at the conclusion of each article This up to date and well executed work provides a sound introduction to all aspects of political study SUNY College at Purchase *Value and Crisis: Essays on Labour, Money and Contemporary Capitalism* Alfredo Saad Filho, 2019-02-11 Value and Crisis brings together selected essays written by Alfredo Saad Filho one of the most prominent Marxist political economists today This book examines the labour theory of value from a rich and innovative perspective from which fresh insights and new perspectives are derived with applications for the nature of neoliberalism financialisation inflation monetary policy and the contradictions limitations and crises of contemporary capitalism
