Macromedia Mission Message And Morality:

Macromedia--mission, Message, and Morality Ralph Lynn Lowenstein, John Calhoun Merrill, 1990 **Media Ethics in the South African Context** Lucas M. Oosthuizen, 2002 This text explores the dynamic and potentially explosive field of media ethics from a South African perspective Grounded in ethical theory the public philosophies of communication and media performance norms this text provides guidelines for individual ethical decision making to media practitioners and media groups The author's analysis of the South African normative context under the previous and present political dispensations will be of interest to media policy formulators and students alike Current contentious issues such as racism in the media the plans for media development in this country the reporting of violence and crime the right to privacy and the media and advertising all come under intense scrutiny Addenda include rules of procedure and the code of conduct of the Press Ombudsman of South Africa the constitution code and procedures of the Broadcasting Complaints Commission of South Africa and the code of conduct of the Public Relations Institute of Southern Africa **Ethical Issues in the Communication Process** J. Vernon Jensen, 2013-11-05 A rapid and widespread growth of interest in applied ethics is occurring today not only in the United States but around the world as well Academia both reflects this and is a leader in the movement The field of speech communication shares in this increased sensitivity to ethical concerns Students and the general public are looking for thoughtful analyses and guidance in all areas of communication Ethical concerns relative to mass communication have been the subject of a number of books but only a very few cover the entire scope of communication to include interpersonal intercultural organizational small groups and public speaking This book tries to fill that need by discussing ethical concerns as they emerge in the areas of the communication process the communicator the message the media the audience and the situation The speech communication field now has a need to digest and synthesize the existing research findings and the general literature in the field and in related humanities and social science works into a coherent and nontechnical discussion This volume explores the most up to date materials to provide just such a synthesis An extensive bibliography at the end of the book gives readers the sources on which the book is based and offers ample avenues for further personal exploration The book should provide meaningful food for thought as readers grapple conscientiously with the many everyday decisions made in communication transactions and in evaluating the communication of others

Introducing Intercultural Communication Shuang Liu, Zala Volcic, Cindy Gallois, 2014-11-29 Introducing Intercultural Communication uses examples and case studies from around the world to situate communication theory in a truly global perspective Covering the essentials from international conflict to migration and social networking this book shows students how to master the skills and concepts at work in how we communicate and understand each other across cultural boundaries Each chapter brings to life the links between theory and practice and between the global and local showing you how to understand the influence of your culture on how you view yourself and others In this book Theory boxes show you how to use

key ideas in work contexts Case studies from European Chinese Australian and American contexts give you a truly global perspective Critical questions help you to challenge yourself A full chapter gives practical tips on how to become an effective intercultural communicator Annotated lists of further reading and free access to online SAGE journal articles assist you in your research A companion website <https://study.sagepub.com/liu2e> provides you with exercise questions as well as extended reading lists This book will guide you to success in your studies and will teach you to become a more critical consumer of information

Normative Theories of the Media Clifford G Christians, Theodore Glasser, Denis McQuail, Kaarle Nordenstreng, Robert A. White, 2010-10-01 In this book five leading scholars of media and communication take on the difficult but important task of explicating the role of journalism in democratic societies Using Fred S Siebert Theodore Peterson and Wilbur Schramm's classic Four Theories of the Press as their point of departure the authors explore the philosophical underpinnings and the political realities that inform a normative approach to questions about the relationship between journalism and democracy investigating not just what journalism is but what it ought to be The authors identify four distinct yet overlapping roles for the media the monitorial role of a vigilant informer collecting and publishing information of potential interest to the public the facilitative role that not only reports on but also seeks to support and strengthen civil society the radical role that challenges authority and voices support for reform and the collaborative role that creates partnerships between journalists and centers of power in society notably the state to advance mutually acceptable interests Demonstrating the value of a reconsideration of media roles Normative Theories of the Media provides a sturdy foundation for subsequent discussions of the changing media landscape and what it portends for democratic ideals

Media Mythologies Barry Lowe, 1995 An examination of the media and how it operates in Australia The history of human communication is outlined and an exploration of contemporary media ownership and media criticism is presented The author a communications lecturer at Charles Sturt University has worked for various media organisations including the ABC SBS TV The Australian and 60 Minutes
