The Marvelous Pigness of Pigs Joel Salatin, 2016-05-03 From Christian libertarian farmer Joel Salatin a clarion call to readers to honor the animals and the land and produce food based on spiritual principles What on earth is The Marvelous Pigness of Pigs It s an inspiring call to action for people of faith a heartfelt plea to heed the Bible s guidance It s an important and thought provoking explanation of how by simply appreciating the marvelous pigness of pigs we are celebrating the Glory of God As a man of deep faith and student of the Bible and as a respected and successful ecological family farmer Joel Salatin knows that God created heaven and earth and meant for all living organisms to be true to their nature and their endowed holy purpose He intended for us to respect and care for His gift of creation not to ravage

and mistreat it for our own pleasure or wealth The example that inspires the book's title explains what Salatin means when huge corporate farms confine pigs in cramped and dark pens inject them with antibiotics and feed them herbicide saturated food simply to increase profits they are not respecting them as a creation of God or allowing them to express even their most rudimentary uniqueness that special role that is part of His design Every living organism has a God given uniqueness to its life that must be honored and respected and too often that is not happening today Salatin shows us the long overlooked ethics and instructions in the Bible for how to eat how to shop how to think about how we farm and feed the world Through scripture and Biblical stories he shows us why it's more vital than ever to look to the good book rather than corporate America when feeding the country and your family Salatin makes a compelling case for Christian stewardship of the earth and how it relates to every action we take regarding our food He also opens our eyes to a common misconception many Christians may have about environmentalism it's not a bad thing and definitely not just the province of secular liberals it's really a very good thing part of heeding God's Word With warmth and with humor but with no less piercing criticism of the industrial food complex Salatin brings readers on a fascinating journey of farming food and faith Readers will not say grace over their plates the same way ever again

Schooling for Sustainable Development in Canada and the United States Rosalyn McKeown, Victor Nolet, 2012-07-26 Education for sustainable development ESD presents an intriguing challenge in developed countries The very notion of sustainable development may appear to be at cross purposes with the social and political aims of large industrial economies Yet arguably the residents of wealthy countries may be most in need of new ways of thinking and behaving on an increasingly more fragile and crowded planet This book presents a collection of essays that capture the depth and diversity of education for sustainable development ESD work in formal education in Canada and the United States Many of the authors are pioneers in the field of ESD not only in their own countries but internationally In this book they share their expertise lessons learned and insights into the ongoing success of their work The essays reflect leading edge practice innovation and depth of experience and provide clear models and strategies for expanding the application and influence of ESD in wealthy countries The ESD programs described in the book are relevant and culturally appropriate for the specific locally contexts in which they are found but also in the larger context of ESD writ large as a planetary endeavour **The Taste of Place** Amy B. Trubek, 2008-05-05 How and why do we think about food taste it and cook it While much has been written about the concept

of terroir as it relates to wine in this vibrant personal book Amy Trubek a pioneering voice in the new culinary revolution expands the concept of terroir beyond wine and into cuisine and culture more broadly Bringing together lively stories of people farming cooking and eating she focuses on a series of examples ranging from shagbark hickory nuts in Wisconsin and maple syrup in Vermont to wines from northern California She explains how the complex concepts of terroir and go t de terroir are instrumental to France s food and wine culture and then explores the multifaceted connections between taste and place in both cuisine and agriculture in the United States How can we reclaim the taste of place and what can it mean for us in a country where on average any food has traveled at least fifteen hundred miles from farm to table Written for anyone interested in food this book shows how the taste of place matters now and how it can mediate between our local desires and our global reality to define and challenge American food practices **The Mythology of Cherokee, Iroquois, Navajo, Siouan and Zuñi** Lewis Spence, James Mooney, Erminnie A. Smith, James Owen Dorsey, Frank Hamilton Cushing, Washington Matthews, 2018-11-02 This carefully edited historical collection has been designed and formatted to the highest digital standards and adjusted for readability on all devices This study presents the myths beliefs and customs of the indigenous peoples in North America This collection is comprised of many bodies of traditional narratives associated with religion from a mythographical perspective Contents The Myths of the North American Indians Myths of the Cherokee Myths of the Iroquois A Study of Siouan Cults Outlines of Zu i Creation Myths The Mountain Chant A Navajo Ceremony **Cumulated Index to the Books** , 1999 SECOND ANNUAL REPORT OF THE BUREAU OF ETHNOLOGY TO THE SECRETARY OF THE SMITHSONIAN INSTITUTION J.
