Mapwise Accelerated Learning Through Visible Thinking Accelerated Learning Series:

Mapwise Oliver Caviglioli, Ian Harris, 2000 Wise up get mapping get thinking In this book you will find out how model mapping infuses thinking skills into subject delivery supports each stage of the accelerated learning process can be used to measure and develop intelligence is the essential skill for including and supporting children with dyslexia supports pupils of all learning styles in developing their essential learning skills supports teacher explanation and pupil understanding and makes teacher planning teaching and reviewing easier and more effective Best Behaviour Peter Relf, Rod Hirst, 1998-03-01 A clear and well organised starting point for improving behaviour and motivation and creating the right emotional conditions for learning This book identifies action points for staff and whole school management issues and is an invaluable INSET resource for any school aiming to improve behaviour Think it - Map It! Ian Harris, Oliver Caviglioli, 2003-08-01 Think it Map it Is the most relevant practical and helpful book yet written on mapping techniques in the classroom By showing you what pupils thinking looks like this book gives you the necessary insights to integrate literacy thinking skills and accelerated learning in your classrooms Organized into three sections it explains WHY model mapping is so effective WHEN model mapping can be effectively applied HOW to effectively learn and teach model mapping Think it Map it Is packed with case studies and maps from schools that have taken the principles and promises of the authors MapWise training course and their best selling book by the same name and turned them into winning classroom strategies The examples clearly show how primary comprehensive grammar nursery and special school teachers have turned theory into practice often with amazing results In this book you will discover how these schools have applied mapping to literacy thinking skills subject explanation revision collaborative learning extending the gifted and talented including pupils with special needs formative assessment displays teacher planning staff meetings development planning and very much more What MapWise schools have realized is that whenever thinking is involved then model mapping is an appropriate and effective tool to use This book moves schools on from the restricting way in which model mapping is often perceived and gives a clear overview of the reasons why this visual tool works so effectively for all types of learner and teachers too Written in a clear and lively style Think it Map it is sure to become the classic text on mapping in schools With bite size chapters and with a vast array of wonderful maps produced by children this book will excite and educate all staff currently working in schools we cannot navigate physically or intellectually without a map So the learner needs a map that will always let him or her find their way to what they already know and enables them to navigate from there to their desired destination This book is fundamentally about how learning works and how teaching can be transformed when it grasps and respects some cardinal principles about facts and knowledge about memory and retrieval about language and thinking about individual and social learning This book sheds new light on some deep truths about peer learning about talking your way to meaning about learning as liberation from a ruthlessly lockstep progression through the curriculum It is a salutary reminder in an age of

attainments targets SATS key stages and value added that learning is what schools are for and it is what makes teachers want to teach This book is a real treasure trove of good ideas and sound pedagogic principles Professor John MacBeath Chair of Educational Leadership University of Cambridge **Creating Gender-Fair Schools, Classrooms and Colleges** Lynn Raphael Reed,Tina Rae,2007-03-27 For many teachers gender issues related to role models image and expectations have an effect upon the behaviour and achievement of both boys and girls often to their disadvantage This innovative and practical resource for teachers of students aged 14 19 provides o a programme to promote gender equality and inclusivity in schools and colleges o a rationale for the programme based on social justice o a practical set of classroom activities to implement the programme The book adopts an action inquiry methodology engaging students and staff in the processes of investigating what is currently happening and planning implementing and reviewing improvements This contributes to the development of the school or college as a self evaluating organisation which listens to the voice of the young person The programme also supports teachers and other school staff in developing as reflective practitioners and children and young people in developing as reflective learners A real strength of the resource is the inclusion of practical activities that have been carefully designed for pupils These are excellent and lend themselves for use in a variety of ways This is a thoroughly recommended resource SENCO Update **The ALPS Resource Book** Alistair Smith,Nicola Call,2001-05-01

Transforming Education for Every Child: A Practical Handbook John West-Burnham,Max Coates,2006-04-13 specially developed activities to help implement personalizing learning in schools **Improving Teaching and Learning through Experiential Learning** Betty McDonald,2019-12-04 Who doesn't want to improve teaching and learning A lot of people continue to ask searching questions like Will I ever use this in real life Why waste time learning all this stuff Such questions are never ending This book provides answers to these and many other queries Repeatedly we hear sayings like No pain no gain You'll know it when you feel it You have to experience it to know about it Experience teaches and Experience is the best teacher Such commonly heard adages appear to underscore the importance of experiential learning Underpinning these aphorisms is the common theme that learning is most effective through experience This book provides the reader with the tools needed to make better use of experiences to improve teaching and learning It is divided into several parts to facilitate easy understanding Operating under the Creative Commons Copyright license the text is intentionally interspaced with relevant shareware graphics exhibits from the public domain Such exhibits are selected to serve as stimulants for innovation engagement and personal pleasure **Understanding Children in an Inclusive Context** Mr. Rohit Manglik,2023-07-23 Child development in inclusive settings Includes diverse needs inclusion and support preparing students for fostering equitable learning environments **Learning to Teach in the Primary School** James Arthur,Teresa Grainger,David Wray,2006 This new textbook provides support to student teachers on primary ITT BEd and PGCE courses It supplies a practical introduction to the teaching skills as well as the theory underpinning them **Autistic Spectrum Disorders** UK
