exhibition performance and film premiere this book considers Matthew Barney's epic seven year project an odyssey of death and its mythologies. This long awaited volume documents the full breadth of this ambitious new project the first major series by the artist since the legendary Cremaster cycle. *River of Fundament* is directly inspired by Norman Mailer's Egyptian novel *Ancient Evenings* his infamous classic that chronicled the passage of a narrator through the stations of death and reincarnation. In a sequence of unique live performances a series of massive sculptures and finally a marathon length opera in cinematic form made with the artist's longtime collaborator the composer Jonathan Bepler Barney has elaborated a richly perverse and complex universe in which mythology iconography narrative sex and death are inextricably entwined. Organized according to the narrative structure of the film the book features sculptures made from elemental materials such as iron sulfur bronze lead salt and copper drawings film and live performance stills storyboards and original scores by Bepler. A comprehensive essay on the exhibition and film project by Okwui Enwezor provides an overview of the entire project. The book also includes contributions by literary theorist Homi K Bhabha and critic Hilton Als as well as facsimiles of the playbills produced for the related live performances.

Matthew Barney : Mitologie contemporanee ; Fondazione Merz, [Torino, 31.10.2008 - 11.01.2009] Matthew Barney, 2009 New York Times critic Michael Kimmelman has called Matthew Barney the most important American artist of his generation. Most known for his epic film series *Cremaster Cycle* 1994 2002 and *Drawing Restraint* 2005 a feature film made with his partner Björk Barney's technically and conceptually fastidious work conflates various personal and universal mythologies into narratives that are famously difficult to unravel. This volume compiles work from Barney's solo exhibitions at Turin's Fondazione Merz and National Museum of Cinema as well as coverage of the International Festival of Philosophy of Contemporary Art a collaboration between the Fondazione Merz and the University of Turin for which Barney was featured in conversation with Richard Flood and Arthur C Danto.

Matthew Barney Matthew Barney, Hans Ulrich Obrist, 2013 Over the course of about ten years Hans Ulrich Obrist and Matthew Barney met several times to discuss Barney's past work current projects and his plans for the future. The resulting collection of interviews provides a rare insight into how the work and working method of one of the most prominent artists of a generation has developed over time and uncovers the ideas influences and collaborations that lie behind his multi layered and multimedia creative output. The conversation covers all of his major pieces to date from the internationally acclaimed *Cremaster cycle* to the somewhat less well known *Drawing Restraint* series as well as looking at particular projects in more detail such as the recent *Khu* performance and Barney's participation in *Il Tempo del Postino* curated by Obrist at the 2007 Manchester International Festival.
