Minimalist Approach To Intrasentential Code Switching:

A Minimalist Approach to Intrasentential Code Switching Jeff MacSwan, 2014-02-04 First Published in 1999 Code switching is widely used in bilingual communities worldwide and has been found in government documents literature religious works and song Pursuing this aim here chapter 1 addresses the relevance of the study of code switching for education and schooling focusing on ways in which a misunderstanding of code switching may lead to tacit tracking effects for language minority children

Beyond Misunderstanding Kristin Bührig, Jan D. ten Thije, 2006-01-01 This book challenges two tacit presumptions in the field of intercultural communication research Firstly misunderstandings can frequently be found in intercultural communication although one could not claim that intercultural communication is constituted by misunderstandings alone This volume shows how new perspectives on linguistic analyses of intercultural communication go beyond the analysis of misunderstanding Secondly intercultural communication is not solely constituted by the fact that individuals from different cultural groups interact Each contribution of this volume analyses to what extent instances of discourse are institutionally and or interculturally determined These linguistic reflections involve different theoretical frameworks e g functional grammar systemic functional linguistics functional pragmatics rhetorical conversation analysis ethno methodological conversation analysis linguistic anthropology and a critical discourse approach As the contributions focus on the discourse of genetic counseling gate keeping discourse international team co operation international business communication workplace discourse internet communication and lamentation discourse the book exemplifies that the analysis of intercultural communication is organized in response to social needs and therefore may contribute to the social justification of linguistics

Multidisciplinary Approaches to Code Switching Ludmila Isurin, Donald Winford, Kees De Bot, 2009 The volume presents a selection of contributions by leading scholars in the field of code switching In the past the phenomenon of code switching was studied within different subfields of linguistics and they all took their own perspectives on code switching without taking into account findings from other subdisciplines This book raises a question of a much broader multidisciplinary approach to studying the phenomenon of code switching calls for integration of disciplines and illustrates how frameworks from one subfield can be applied to models in another The volume includes survey chapters empirical studies contributions that use empirical data to test new hypotheses about code switching or suggest new approaches and models for the study of code switching and chapters that discuss principles and constraints of code switching and code switching vs transfer The book is easily accessible to anyone who is interested in the phenomenon of code switching in bilinguals

Psycholinguistic Approaches to the Study of Linguistic Structures Olga Ivanova, Anik Nandi, Prasannan Shu, 2024-06-19 How do we understand what we hear or read How do we do it when what we hear or read is uncommon ambiguous non canonical or unexpected How does being bilingual or suffering from a pathology affect our ability to understand the myriad of linguistic structures around us and consequently our ability to use them This edited volume

brings together cutting edge experimental studies that untangle how speakers with different profiles understand and use linguistic structures of very different natures The reader will find a detailed overview of the experimental models and techniques that can be applied to their study from a psycholinguistic approach

The Syntax of Arabic and French Code Switching in Morocco Mustapha Aabi, 2019-08-28 This book posits a universal syntactic constraint FPC for code switching using as its basis a study of different types of code switching between French Moroccan Arabic and Standard Arabic in a language contact situation After presenting the theoretical background and linguistic context under study the author closely examines examples of syntactic constraints in the language of functional bilinguals switching between French and forms of Arabic proposing that this hypothesis can also be applied in other comparable language contact and translanguaging contexts worldwide This book will be of interest to students and scholars of French Arabic theoretical linguistics syntax and bilingualism
