Ministering In The Pauline Churches:

Ministering in the Pauline Churches Pheme Perkins, 1982-01-01 Pauline Theology E. Earle Ellis, 2005-02-08 The book should provide a lively counterpoint to both the standard liberal and conservative treatments in courses on Paul's view of ministry. *Theology Today* Ellis' judicious treatment and penetrating analysis of the relevant biblical material will force many of us to think more precisely about the concept of ministry in Paul's writings: how ministry manifested itself in the churches of his day and what are its implications for us today. *Westminster Theological Journal* Ellis gives a sound critique of liberation theology and sociopolitical action as ministry. He gives a balanced view of the gifts and the fruit of the Spirit and on biblical grounds he defends the ordination of single and with qualifications married women. Challenging but meant for the intelligent church member. *Librarian's World* It's a gem. It is a delightful summary in popular form of themes that Ellis has been at work on throughout his years of productive scholarship. It is copiously footnoted with concise bibliographies on the points at hand. Hence this short book becomes encyclopedic. *Calvin Theological Journal* A splendid tour de force in the best sense. James G. D. Dunn. These essays represent in many respects a valuable corrective to much of what passes for biblical theology in our times.

Paul J. Achtemeier **Ministry in the Church 2nd Edition** Paul Bernier, 2015-12-01 Pauline Theology and Mission Practice Dean S. Gilliland, 1996-08-01 Not since Roland Allen's book in 1912 has there appeared such a thorough study of the Apostle Paul's mission theology and methodology. The value of this comprehensive survey, writes Harry R. Boer in the foreword, lies in part in its grounding in careful expository studies of Paul's ministry as revealed in Acts and in the corpus of the Pauline epistles. Again and again the author illustrates the abiding relevance of Paul's first-century insights for missionary thought and practice in the twentieth century. He draws not only on Scripture but also on personal insights and illustrations arising from two decades of missionary service. And he enters into significant dialogue with representative missionary literature of the modern period. The book's five parts cover theology: the sources and nature of Paul's theology and his theological assumptions for mission; conversion: Paul's conversion in Acts; conversion as reality, experience and process; and conversion and the real world: the convert's new life, what its spiritual basis is and how to live it; the church: its oneness, diversity and contextuality; its leadership, worship, discipline and finance; and the missionary: his or her credentials and ministry. Paul's theology was irresistible because it was energized by a fresh life-changing experience and supported by a new love for all people, writes the author in the introduction. He then elaborates on four characteristics of that theology: it is dynamic, evangelical, pastoral and holistic. The absolute commitment of mind and body, soul and spirit that was Paul's, his love for the Lord Jesus and lost people everywhere, concludes the author in the epilogue, must be the very heart of the church.

A Pauline Theology of Church Leadership Andrew D. Clarke, 2008-01-29 Scholarly studies consider Paul's views on leadership tend to fall into one of three camps: 1. the historical development view which in large measure identifies developments in church practice with developments in Pauline and deutero-Pauline ecclesiology; 2. the synchronic historical

reconstruction typically making use of Graeco Roman social context sources or social scientific modelling focusing on a single congregation and sometimes distinguishing between the situation to which Paul was responding and the pattern he sought to impose and 3 the theological hermeneutical analysis identifying Paul's particular approach to power and authority often independently of any detailed reconstruction of the situations to which Paul was responding Andrew Clarke has explored in an earlier work *Serve the Community of the Church* Eerdmans 2000 the distinctive local and historical situations in the various Pauline communities and concluded that there is no evidence that they organised themselves according to a common set of governmental structures which clearly developed with the passage of time Rather each community was influenced by its own localized social and cultural context The present project builds on this and necessarily focuses on leadership style rather than church order It seeks to recover from Paul's critical responses his generic ethos of church leadership including the ideal qualities characteristics and task of leaders and the nature of appropriate interaction and engagement with church members In the light of current theoretical discussions about power and gender the study focuses particularly on Paul's attitude towards hierarchy egalitarianism authority responsibility and privilege

Church, Ministry, and Sacraments in the New Testament C. K. Barrett, 2005-01-18 In a nontechnical manner noted New Testament scholar C K Barrett here sets forth his mature understanding of the passages in the New Testament which refer to the church its ministry and its sacraments How far are these concepts central or secondary in the New Testament How do the beliefs and practices of apostolic days relate to later developments Bringing the fruits of his widely respected scholarship to bear on these questions Barrett shows that these are not mere theoretical issues but are of crucial importance for inter church cooperation and reunion

Theology of Ministry Thomas F. O'Meara, 1999 A completely revised edition of a widely used text that surveys the history theology and present condition of ministry both clerical and lay in today's church

From Prophecy to Preaching A. Stewart-Sykes, 2015-12-22 This book seeks to determine the origins of preaching in Christianity and to trace its history before Origen On the basis of an examination of the external evidence for Christian preaching before Origen and of cognate activities in the ancient world which might have influenced Christian practice and on the basis of a narrative hypothesis on the nature of the development of Christianity a history is traced by which prophecy gives way to Scripture as the primitive Christian oikos becomes the oikos theou The homily is seen to emerge from the practice of submitting prophecy to judgement and application which comes to employ Scripture and in time is employed on Scripture itself This is the first attempt to answer the questions of how when and why preaching entered Christian worship

Ministry in the New Testament David L. Bartlett, 2001-02-23 *Lay Ministry* William Rademacher, 2002-07-15 The author has achieved his goal of providing spiritual and pastoral support for lay ministry by covering a wide spectrum of interests historical information spiritual growth personal reflection and career choices Lay Ministry Newsletter of the National Association for Lay Ministry Lay Ministry unmasks the notion for the average Catholic that the consistency of the tradition is also unquestionably clear Rademacher routes us from Moses to Paul from Ignatius to Gregory VII to John Paul II tracing both the theology and practices that underlie contemporary ministry in the church The trail is one that few Catholics have ever had the chance to walk and the end point is far different from the one to which we have become accustomed Rademacher makes points that must be understood and discussed at every level of the church if the church is to remain vibrant in our own times The limiting definition of the seven sacraments the restriction on lay participation in the church the loss of the spiritual meaning of ministry the clericalization of the church the effects of sexism on sacramentality and an inadequate understanding of the nature of the Christian call are all stones across the door of the tomb that block the resurrection of the church to the fullness of life Rademacher faces them all forthrightly and courageously What's more he makes us face them too Do I recommend it I would assign it Joan Chittister O S B

The Church and the Ministry in the

Early Centuries Thomas Martin Lindsay, 1903 *Theological Foundations for Collaborative Ministry* Rt Revd Dr Stephen Pickard, 2013-06-28 This book examines the theological foundations of a collaborative approach to Christian ministry. The discovery that Christians are members one of another creates energy and joy in ministry and empowers the Church in an age of mission. Outlining the present challenges for ministry, Stephen Pickard offers an historical perspective on ministry over the last century, develops a theory of collaborative ministry based on a dialogue between theology and science, and explores some implications of collaborative ministry for lay and ordained people of the Church. This book breaks new ground in its theory of collaborative ministry through a dialogue with the sciences of emergence. It also offers fresh insights on important texts in ministry relationships between Christology, pneumatology, and ministry; a relational ontology of ministry; episcopacy, ecumenism, ordination vows, and wisdom for team ministry.

The Stratified Leadership Model of the First-Century Christian Church Barton S. Garratt Edsall, 2025-07-29 This research work aims to present a solution to the problem of withering Christian congregations present in modern Christian churches by way of expounding the doctrine that Jesus or his apostles promoted as displayed in the four canonical Gospels, the Acts of the Apostles, or the New Testament epistles. This study presents factual information showing that the doctrine and arrangement of leaders that developed within the first-century church may have been overlooked and lost by the wayside of history in favor of established traditions. Paul declared his purpose for visiting the church believers in Rome was not to collect money or build houses of worship but so that their lives might manifest spiritual fruit. Following that example, improving the spiritual quality of their people's lives should be the primary goal of all Christian ministers. The majority of this work will conduct a careful exegesis of selected passages from the New Testament which focus on the leadership model utilized by the first-century church. This study presents in detail the stratified leadership model of the early times in such a fashion that any modern church might replicate its design.

Carson, 2002-09-16 As Christianity makes its impact upon widely different social contexts around the world, new questions arise about the interpretation of the church's biblical identity and mission. Among the topics dealt with are mission, ministry, worship, syncretism, persecution, the church as a heavenly and eschatological entity, and the biblical theology of the church. Published on behalf of the World Evangelical Fellowship.

Preaching the New Testament Again Yung Suk Kim, 2019-02-01 This book combines critical New Testament scholarship with homiletic concerns. Kim unravels complexities of the most prominent themes in the New Testament such as faith, freedom, and transformation and brings them into dialogue with modern preaching contexts ranging from personal identity to social justice to global issues. This book invites readers to reinterpret the most familiar themes that have not been thoroughly explored in scholarship and to make an informed choice about what to preach to whom in what context.

The ministry of the Christian Church Charles Gore, 1889 **Biblical Preaching on the Death of Jesus** David J. Lull, William

A. Beardslee, 2007-02-01 How can one preach effectively on the death of Jesus to a world jaded by stories of suffering and violence This exegetical book written collectively by six authorities on Scripture sheds new light on the tremendous power of preaching to challenge and enlarge the world of the listeners By probing the accounts of Jesus death in the Gospel of Mark and in Paul s letters Biblical Preaching on the Death of Jesus uncovers a vision of divine power and justice that calls us to become partners in God s struggle to overcome suffering and injustice in the world In the cross the authors demonstrate we as Christians are given a symbol of both weakness and defeat and of power and victor This symbol is a magnificent reminder of the redemption and transformation of lives and situations through Christ s identification with suffering With unusual success the six authors have written the entire book as a group undertaking The result is a testimony to the interrelatedness that is central to the vision of process theology Biblical Preaching on the Death of Jesus will be of immense help to preachers and to students and scholars of New Testament interpretation and systematic theology
