Ministry And Authority In The Catholic Church:

Ministry and Authority in the Catholic Church Edmund Hill, 1988

Authority in the Church David J. Stagaman, 1999

What is the source of authority when it is found in any community How did authority in the Roman Catholic Church come to be as it is In *Authority in the Church* David Stagaman provides answers to these questions He asserts that authority is not an attribute of a person for example the local bishop nor of a thing for example the Scriptures It is rather the bond experienced by all members of a community as they interact *Authority in the Church* explores relationships between official and charismatic authority and their legitimation The study also provides a basis for dissent by showing how official and charismatic exercises of authority are incomplete without it Chapter one explores how Roman Catholic Church membership has in the last fifty years shifted from an almost total preoccupation with official authority to a recognition of the necessary role charismatic authorities play in the Church Chapter two criticizes other studies that delineate authority as either a subjective reality or an objective one It also critiques two modern myths about authority that authority is opposed to sound reasoning and that it is inimical to freedom and or spontaneity Chapter three examines authority as a shared practice one that welcomes dissent Chapter four looks at the first millennium of Christianity New Testament understandings of authority the ascendance of mono episcopacy in the post apostolic era the Church s universalist mission after Constantine s edict of toleration the emergence of councils and synods as modes of government and claims for succession to Petrine primacy Chapter five begins with the turn towards centralization in Rome and a juridical understanding of ecclesial authority in the eleventh century It also notes various challenges to these two tendencies and the Avignon Schism as well as Conciliarism which brought the conflicts to their culmination in the Medieval Ages Chapter six inquires what makes Church authority Christian and then Roman Catholic It concludes with observations on the religious freedom of the baptized especially their right to speak freely in the Church Chapters are *Authority in the Church A Central Issue and Some Other Issues What Authority Secular or Religious Is Not What Is Authority The First Millennium The Second Millennium and The Conclusion*

Independent Churches do not have the

Authority for Greater Excommunication Samuel Rutherford, 2025-07-16 Conservative Presbyterianism has a black side In the last several decades heavy handed independent presbyterian churches have torn apart people s lives and families by excommunicating persons with little due process who are left with no recourse of appeal What is not always known is that the Bible and historic reformed presbyterianism have never allowed local churches to wield greater excommunication as Christ gave the Keys of his Kingdom to the universal visible Church Jn 20 22 23 Mt 28 16 18 20 16 18 19 Eph 4 11 12 not the local session of elders Rutherford defends this Biblical doctrine at length against the Independents and congregationalists In doing so he exposit Mt 18 15 20 at length where Christ tells Christians seeking to address sin issues to tell the Church showing how this consists with and supports presbyterianism He also opens up our communion with the entire visible

theologians of the modern Church of England It seeks to place Maurice s theology in the context of nineteenth century conflicts over the social role of the Church and over the truth of the Christian revelation Maurice is known today mostly for his seminal role in the formation of Christian Socialism and for his dismissal from his chair at King s College London over his denial of the doctrine of eternal punishment Drawing on the whole range of Maurice s extensive published work this book argues that his theology and his social and educational activity were held together above all by his commitment to a renewal of Anglican ecclesiology At a time when following the social upheavals of the French Revolution and the Industrial Revolution many of his contemporaries feared that the authority of the Christian Church and particularly of the Church of England was under threat Maurice sought to reinvigorate his Church s sense of mission by emphasizing its national responsibility and its theological inclusiveness In the process he pioneered a new appreciation of the diversity of Christian traditions that was to be of great importance for the Church of England s ecumenical commitment He also sought to limit the damage of internal Church division by promoting a view of the Church s comprehensiveness that acknowledged the complementary truth of convictions fiercely held by competing parties Truths for All People Alexander Jarvie,1881 *The Outlook* ,1904

Leadership and Authority Titre Ande,2011-06-01 This book proposes that Christian theology in Africa can have a significant impact if a critical understanding of the socio political situation in contemporary Africa is taken seriously The Christian leadership in post colonial Africa has cloned its understanding and use of authority on the Bula Matari model which issued from the brutality of colonialism and political absolutism in post colonial Africa This model has caused many problems in churches including dysfunction conflicts division and lack of prophetic ministry The book proposes that Life Community ecclesiology can liberate authority where leadership is a function not a status and apostolic succession belongs to all the people of God This is a superb book on leadership which has implications for all in church leadership beyond the Congo Ande analyzes how church leadership has often mimicked secular models in an unhelpful way He critiques the use of power and privilege and offers an alternative model of life community ecclesiology This is an informative instructive and compelling read Cathy Ross J V Taylor Fellow in Missiology Oxford University Manager Crowther Centre for Mission Education CMS Dr Ande s book is a very important addition to the history of Christianity in the eastern Congo Democratic Republic His careful study of the growth of the Anglican church in Boga and Aru clearly and vividly explores the different dynamics of church growth in these two areas He is sensitive to the differing ways in which Ugandan Anglicanism has provided models for the development of the church in Congo by a study both of the original evangelism from Buganda associated with Apolo Kivebulaya in Boga and the more recent impact of Revivalist Christianity mediated through the West Nile during times of political confusion in both countries The historical material is used with great insight to develop a constructive theology of power and authority in the church and to critique existing structures of clerical and episcopal power Kevin Ward Senior Lecturer Department of Theology and Religious Studies University of Leeds Rt Rev Dr Titre Ande Georges Congolese is

Teaching with Authority Richard R. Gaillardetz, 1997 This book faithfully represents the teaching of Roman Catholicism on the Church's doctrinal authority while pointing to areas where there remains a gap between an ecclesiological vision of the Church informed by Vatican II and the popular understanding and concrete exercise of that authority in the life of the Church today

Problems of Authority in the Reformation Debates G. R. Evans, 2002-04-18 *Problems of Authority in the Reformation Debates* shows that in the early sixteenth century much was seen to be wrong with both the doctrine and the practice of authority in the Western Church A great deal of scholarly effort was devoted at the time to trying to understand the nature of the problem but this as the author points out was largely a piecemeal endeavour No one succeeded in providing a comprehensive account of the complex authority questions which were being raised about absolute divine sovereignty the centrality of Christ the primacy of scripture the necessity of grace and so on Dr Evans aims here to piece together underlying connections in the theology of the Reformation period as a contribution to ecumenical dialogue She shows how as theologians struggle today about words and meanings the detailed texture of semantic debate similarly underlies many of the Reformation controversies

An Alternative Vision Roger Haight SJ, 2014-12-01 *An Alternative Vision An Interpretation of Liberation Theology* offers a complete overview of the liberation theology movement that is ideally suited for a thorough study of the major questions and important theologians that have contributed to the debate It outlines and brings together into a single unified account liberation theology's alternate vision for providing the possibility of meaningful historical existence for humans in the world today The author translates the Christian vision of liberation theologians from Latin America into more general theological and cultural categories familiar to the English speaking world then shows how that vision makes a unified interpretation of Christian doctrine First liberation theology must be seen as a response to massive human suffering witnessed throughout the world today This human agony is largely caused by human beings and the social and political structures we create and liberation theology addresses this dilemma using the tradition of Christian wisdom and direct imperatives that have universal

transcultural significance The second goal is achieved by showing the connection between liberation principles and the major doctrines of Christian belief including God Jesus Christ faith grace the church sacraments ministry and spirituality *Local and Universal* C. Ryan Fields,2024-02-06 How might we reclaim the universality of the church without losing its local situatedness In this SCDS volume C Ryan Fields juxtaposes the Free Church tradition with its Episcopal counterpart arguing that the Free Church tradition can helpfully inform our understanding of the one body of Christ while remaining true to its local roots The Lambeth Conference Paul Avis,Benjamin M. Guyer,2017-12-28 Originating in 1867 under the presidency of the Archbishop of Canterbury the Lambeth Conference has proactively shaped the modern world by influencing areas as diverse as the ecumenical movement post war international relations and the spiritual lives of hundreds of millions A team of distinguished scholars from around the world now detail the historical legacy theological meaning and pastoral purpose of the Anglican Communion s decennial councils The next Lambeth Conference will be crucial for the Anglican Communion which is currently afflicted by destructive tensions over matters long central to Christian identity such as the nature of holy orders the definition of sexual morality and the scope of ecclesial authority Whether in supplication or celebration both nurtured by diverse cultural contexts and furthered by the scope of ecumenical horizons these essays break new ground The Lambeth Conference is a faithful testament to generations past and a spur to the ongoing restoration of Anglican theology and devotion in the present
