against biblical miracle reports depends on David Hume's argument that uniform human experience precluded miracles. Yet current research shows that human experience is far from uniform. In fact, hundreds of millions of people today claim to have experienced miracles. New Testament scholar Craig Keener argues that it is time to rethink Hume's argument in light of the contemporary evidence available to us. This wide-ranging and meticulously researched two-volume study presents the most thorough current defense of the credibility of the miracle reports in the Gospels and Acts. Drawing on claims from a range of global cultures and taking a multidisciplinary approach to the topic, Keener suggests that many miracle accounts throughout history and from contemporary times are best explained as genuine divine acts lending credence to the biblical miracle reports.

**Miracles in the New Testament** James Matthew Thompson, 1911      **The Miracles of Our Saviour** William Mackergo Taylor, 1890      **The Jewish Context of Jesus' Miracles** Eric Eve, 2002-08-01

Scholarly literature on Jesus has often attempted to relate his miracles to their Jewish context, but that context has not been surveyed in its own right. This volume fills that gap by examining both the ideas on miracle in Second Temple literature, including Josephus, Philo, the Dead Sea Scrolls, Apocrypha, and Pseudepigrapha, and the evidence for contemporary Jewish miracle workers. The penultimate chapter explores insights from cultural anthropology to round out the picture obtained from the literary evidence, and the study concludes that Jesus is distinctive as a miracle worker in his Jewish context while nevertheless fitting into it.

**Disability in Medieval Europe** Irina Metzler, 2006-06-07 This impressive volume presents a thorough examination of all aspects of physical impairment and disability in medieval Europe. Examining a popular era that is of great interest to many historians and researchers, Irene Metzler presents a theoretical framework of disability and explores key areas such as medieval theoretical concepts, theology, and natural philosophy, notions of the physical body, medical theory and practice. Bringing into play the modern-day implications of medieval thought on the issue, this is a fascinating and informative addition to the research studies of medieval history, history of medicine, and disability studies. Lend Me Your Ears William Safire, 2004-10-05 A compendium of more than two hundred classic and modern speeches includes Orson Welles eulogizing Darryl F. Zanuck, George Patton exhorting his D-Day troops, King Edward VIII abdicating his throne, and the never-delivered speech John F. Kennedy was scheduled to give in Dallas.      *The Miracles of Our Saviour*

*Expounded and Illustrated* William Mackergo Taylor, 1890      **Signs of Continuity** Greg Rhodea, 2019-12-11 For more than a century, scholars have debated whether Paul the apostle was a faithful follower of Jesus or a corruptor of Jesus's message and the true founder of Christianity. *Signs of Continuity* intervenes in this debate by exploring a largely overlooked element of similarity between the two men: the place of miracles in their ministries. In his close analysis of the miracles performed by Jesus and Paul, Greg Rhodea points to signs of continuity between these two historical figures of Christianity. He argues that both Jesus and Paul understood their miracles as accompanying and actualizing a message of gracious inclusion of the marginalized, resisted, proving their ability to work miracles to those who asked for a sign despite the importance of miracle

working to their personal authentication and interpreted miracles as proof of the presence of the eschatological kingdom. Based on these similarities Rhoads concludes that Paul the apostle knew of Jesus's miracles and that he imitated Jesus in his own ministry of miracle working. In highlighting this previously unexplored area of continuity Rhoads makes a significant contribution to the debate over the relationship between Jesus and Paul. Biblical scholars and students interested in this debate will find *Signs of Continuity* enlightening and informative.

 James Henry Powell, 1865      Counting the Miracles: Jewish Thought, Mysticism, and the Arts from Late Antiquity to the Present  
 Silvana Greco, Judith Olszowy-Schlanger, 2025-05-19

In honor of the writings of Giulio Busi, a scholar of Jewish culture, the book investigates from a multidisciplinary perspective the extraordinary richness of Jewish culture in the Diaspora from antiquity to the latter part of the 20th century. A number of rabbinic writings, medieval manuscripts from the South of France, visual qabbalah, the Yiddish language, artistic expressions, as well as the philosophical and social traditions of some prominent twentieth-century figures will be explored. While the Jewish cultural tradition has always incorporated the cultural influences of the broader socio-historical context in which it was embedded, it has in turn been a source of inspiration for the intellectual life of the majority society. In this regard, the volume will examine the fruitful mutual exchange between Jewish scholars and Christian humanists during the Renaissance. However, the life of Jews in the Diaspora did not always take place in a context of peaceful integration. It was punctuated by harsh confrontations and persecution. Finally, the book will illustrate how, precisely during the darkest and most tragic period of the 20th century, Jewish culture was an important tool of resistance and struggle against Nazi Fascism.

Faith in Jesus and Paul  
 Maureen W. Yeung, 2002

For the hundred years since W. Wrede, Paulus, 1904 made the provocative claim that Paul should rightly be regarded as the second founder of Christianity, scholars have debated vigorously on the relationship between Jesus and Paul. Past studies on the Jesus-Paul debate have largely been confined to either the literary or the theological level. This study looks at the issue afresh by combining the historical and the theological approaches. The discussion focuses on the issue of faith, paying special attention to two groups of Jesus sayings: Faith that can remove mountains and Your Faith has healed, saved you, and Paul's use of Gen 15:6 and Hab 2:4. The distinctive methodology of this study is to compare Jesus and Paul against the backdrops of the Jewish biblical tradition and Hellenistic parallels. The picture of the Jesus-Paul relationship that emerges is a most complex one. To a great extent, the similarity between Jesus and Paul is due to their common Jewish heritage. The early Church plays a part in influencing Paul's concept of faith, and Paul himself reinterprets the Jewish Scriptures in an innovative manner. At the same time, Paul is found to be greatly indebted to Jesus for his concept of faith. The method of placing Jesus and Paul against the Jewish and Hellenistic backgrounds permits a fuller appreciation of the historical and theological continuities between Jesus and Paul than has hitherto been possible.
