Mirrors Kill:

Mirror, Mirror J.R. Pestel, 2022-12-02 If you're a fan of television shows like Buffy the Vampire Slayer or Supernatural this is the perfect read for you. Readers Favorite. The war in hell continues to claim the souls of innocent humans. Now the war comes close to home for Johann Gunter and his demon hunting partner Robert Durling. They must leave Johann's home in Mesa, Arizona, and together with Johann's sister Theresa travel to the town of Snowflake, Arizona. While conducting their investigation, the trio ends up spending a night in the Sheriff's Department jail where they gain a very unexpected ally.

Mirrors Jennifer C. Parker, 2013-04-15 Time travel into two different dimensions to discover two different hauntings that'll change your psychological view of fear. After surviving life on the run as a blacksmith from an old murder mystery that he was unaware of, 10 years later Chester finds himself in a reality that leaked his haunted conscience into reality to torture his unrested soul through the eyes of a Gypsy he fell in love with on his journey. Every time he thought he was innocent, the haunting became stronger. Little did he know he was the haunting of 1920 and his love played a role that would change his life and societal views. Do you think you can solve the mystery? Or will you become another victim? After encountering a near tragic experience, Jake finds out about a world that appears to be an endangerment to his dimension through his nightmares. When the creatures transitioned into his dimension, they came as a warning in knowing that one day his world would become just like theirs. He finds out that he is the only one who can stop the puzzle behind the world's development from prevailing and prevent the supernatural force from taking over his dimension. Or did he? Based on the poem called *Mirrors* from my well-known book *Poetic Visions through the State of Mind*. This book takes your fear to its limits of looking into the eyes of the paranormal. The chilling feeling that this science fiction thriller will leave on your soul will alter your views on reality. Will you survive to make it to the end of the book? *The Burning Mirror* Sandy Yule, 2005 *Broken Mirrors* Elias

Khoury, 2016-02-09 Karim Chammas returns to Lebanon, his family, and his past after ten years of establishing a new life in France. Back in Beirut, Karim reacquaints himself with his brother Nassim, now married to his former love Hind, and old friends from the leftist political circles within which he once roamed under the nom de guerre Sinalcol. By the end of his six-month stay, he has been reintroduced to the chaos of cultural, religious, and political battles that continue to rage in Lebanon. Overwhelmed by the experiences of his return, Karim is forced to contemplate his identity and his place in Lebanon's history. The story of Karim and his family is born of other stories that intertwine to form an imposing fresco of Lebanese society over the past fifty years. *Broken Mirrors* examines the roots of an endemic civil war and a country's unsettled past. *The Tower of Myriad Mirrors* Yueh Tung, Yueh Tung, 2020-06-01 China's most outrageous character, the magical Monkey who battles a hundred monsters, returns to the fray in this seventeenth-century sequel to the Buddhist novel *Journey to the West*. In *The Tower of Myriad Mirrors*, he defends his claim to enlightenment against a villain who induces hallucinations that take Monkey into the past, to heaven and hell, and even through a sex change. The villain turns out to be the personification of his own

desires aroused by his penetration of a female adversary's body in *Journey to the West* The Tower of Myriad Mirrors is the only novel of Tung Yeh 1620-1686 a monk and Confucian scholar Tung picks up the slapstick of the original tale and overlays it with Buddhist theory and bitter satire of the Ming government's capitulation to the Manchus After a nod to Journey's storyteller format Tung carries Monkey's quest into an evocation of shifting psychological states rarely found in premodern fiction An important though relatively unknown link in the development of the Chinese novel and a window into late Ming intellectual history The Tower of Myriad Mirrors further rewards by being a wonderful read *Directed Energy Missile Defense in Space* Ashton B. Carter, 1984 **At the Edge of Existence** Brandon West, 2021-12-03 Few scary stories begin with a disclaimer that they are fictional Instead they claim to be true even when they are not Such stories blur the line between fiction and reality pushing audiences to consider where fiction ends and reality begins These kinds of horror stories comprise the understudied subgenre of liminal horror As the first book on this subject this volume surveys a variety of liminal horror films It discusses the different variations within liminal horror's subgenres and considers why horror films are obsessed with the natures of and borders between fiction and reality After first laying out the basic traits of the horror genre in the context of liminality this book then dives into film more specifically and how the medium is uniquely situated to explore the movement between the fictional and the real Through lenses such as dreaming memory and perception the following chapters explore the role liminal horror plays in the the human psyche's subconscious unconscious and the various functions of the human mind in perceiving or misperceiving reality **Medusa's Mirrors** Julia M. Walker, 1998 The question of selfhood in Renaissance texts constitutes a scholarly and critical debate of almost unmanageable proportions The author of this work begins by questioning the strategies with which male writers depict powerful women Although Spenser's Britomart Shakespeare's Cleopatra and Milton's Eve figure selfhood very differently and to very different ends they do have two significant elements in common mirrors and transformations that diminish the power of the female self *City and Shadow* Roz MacLaren, 2025-08-11 At first they tried to co exist The Good and their Mirror The firstborn and the twin that emerged immediately after In a world where every person has a Mirror twin capable of doing only bad things Quiver is the only one born Mirrorless Along with his best friend City the two must navigate a society ruled by a tyrannical queen and threatened by a dangerous rebel And when City's Mirror escapes from her island prison a chain of events is set in motion that thrusts Quiver City and her Mirror into a dangerous struggle for power and survival Strategic Defense and Anti-satellite Weapons United States. Craving Supernatural Creatures Claudia Schwabe,2019-06-03 Analyzes the portrayal of German

fairy tale figures in contemporary North American media adaptations *Craving Supernatural Creatures* German Fairy Tale Figures in American Pop Culture analyzes supernatural creatures in order to demonstrate how German fairy tales treat difference alterity and Otherness with terror distance and negativity whereas contemporary North American popular culture adaptations navigate diversity by humanizing and redeeming such figures This trend of transformation reflects a greater tolerance of other marginalized groups in regard to race ethnicity ability age gender sexual orientation social class religion etc and acceptance of diversity in society today The fairy tale adaptations examined here are more than just twists on old stories they serve as the looking glasses of significant cultural trends customs and social challenges Whereas the fairy tale adaptations that Claudia Schwabe analyzes suggest that Otherness can and should be fully embraced they also highlight the gap that still exists between the representation and the reality of embracing diversity wholeheartedly in twenty first century America The book s four chapters are structured around different supernatural creatures beginning in chapter 1 with Schwabe s examination of the automaton the golem and the doppelganger which emerged as popular figures in Germany in the early nineteenth century and how media such as *Edward Scissorhands* and *Sleepy Hollow* dramatize humanize and infantilize these uncanny characters in multifaceted ways Chapter 2 foregrounds the popular figures of the evil queen and witch in contemporary retellings of the Grimms fairy tale *Snow White* Chapter 3 deconstructs the concept of the monstrous Other in fairy tales by scrutinizing the figure of the Big Bad Wolf in popular culture including *Once Upon a Time* and the *Fables* comic book series In chapter 4 Schwabe explores the fairy tale dwarf claiming that adaptations today emphasize the diversity of dwarves personalities and celebrate the potency of their physicality *Craving Supernatural Creatures* is a unique contribution to the field of fairy tale studies and is essential reading for students scholars and pop culture aficionados alike
