Wilson Company,1986 *Hauntings and Poltergeists* Loyd Auerbach,2005-06-15 Explains the theories behind ghostly phenomena from the perspective of parapsychology Covers whether or not anyone can prove the existence of ghosts What these hauntings and poltergeists are and what they tell us about human experience How knowledge of parapsychological lab research enhances understanding of apparitions hauntings and poltergeists both from the perspective of an investigator and the people who encounters them How investigators can recognize and enhance their psychic abilities Written by a world renowned ghostbuster Loyd Auerbach Heaven Can You Hear Me? Peter James,Gian Temperilli,2017-03-10 Eye opening riveting I couldn t put it down After reading Heaven Can You Hear Me I wasn t afraid of the dark anymore Chuck Williams Filmmaker www.chuckwilliamsfanclub.com Heaven Can You Hear Me Is a wonderful glimpse into the mind and methodology of Peter James unique way of looking at and dealing with the spirit world This book is an important contribution to the field of parapsychology as it teaches us not to fear the spirit world but to treat the dead as they are long lost friends This book is a must read from the casual armchair reader to the seasoned paranormal investigator Robert J Davis CEO Planet Paranormal Broadcast Network My father knew Peter James was a valid medium who also was in search of the truth about ghosts demons and partridges in a pair tree Heaven Can You Hear Me is exactly why I wrote my memoir in using the same tones of humor and straight forwardness One can choose to be very serious and dull pointing out the facts or one can do what Peter did and shoot straight from the paranormal hip Peter said to be Mindful regarding the manner in which a ghost replies with audible words When able to do so an entity isn t able to speak with the same kind of fluidity as physical beings This is precisely what my father has said from the very beginning If we do not understand and put the cart before the horse then surely we will miss the whole ride that lay ahead of us In this read Peter gives us his interpretations of many methods used questions asked types of techniques and paranormal realms

including mediumship reincarnation possession and connecting with the other side I highly recommend this book from one of the great mediums and researchers of modern times As I progress in my own research I cannot say it enough on how simple it can be when we slow down and intuitively feel what we are experiencing rather than worry about which herb we will need to ward off the evil spirits Thanks Peter and you are sorely missed Author and Paranormalist Alexandra Holzer The pioneering work of the great Peter James has inspired people all around the world He is revered by all who knew him and respected by all who knew his work Heaven Can You Hear Me is by far THE definitive collection of Peter s cases theologies and understanding of the paranormal and an amazing look into the man himself Thomas Durant Host Producer Altered States Paranormal Radio Creepy Castles Christine Sotnak Rom,1997 Describes the ghosts that haunt various European castles

The Poltergeist Phenomenon Michael Clarkson,2011-01-20 A poltergeist is defined as a disturbance or energy with bizarre physical effects of paranormal origin that suggest mischievous or destructive intent such as breaking or moving objects and loud knocks or noises The Poltergeist Phenomenon is an exciting original look at an old subject by an award winning investigative reporter The author has reviewed 75 cases and interviewed hundreds of witnesses paranormal experts law enforcement officers psychologists and skeptics to come up with eye opening results The typical poltergeist case involves a young person from a repressed home who is going through puberty He or she may have epilepsy which produces recurrent spontaneous psychokinesis a state in which gravity is temporarily suspended A respected former Princeton University scientist believes he has proven in laboratory experiments that psychokinesis exists and that poltergeist cases are probably true This rare energy may be part of a person s fight or flight system which is hardwired into everyone and can erupt in certain conditions Ghost Hunting Michael Clarkson,2015-07-15 Poltergeists mischievous spirits ghosts of the dead or other strange energies are said to be responsible for a good deal of unexplainable phenomena However often the only clues they leave to their existence are floating objects broken or missing household items strange noises and other minor disturbances always rendering the investigations of such claims inconclusive Leaving room for both believers and skeptics the author of this volume examines a smattering of reported poltergeist activity from spooky to thrilling to playful from around the world to better understand the nature of poltergeists and the likelihood of these seemingly paranormal occurrences
