How to Beat A Woman at Her Own Games Ralph Hemphill,2020-09-01 In today s world much unlike the world of long ago before the 1980s where women probably and seemingly didn t play as many games and didn t scheme as much as the women of today one can clearly see witness and attest to the ever present and overwhelming amount of game playing and scheming ways of most of the females we know know of see and interact with on a day to day basis Most every man at one point or some point in his life has fallen victim to a game or scheme of a female whom he has either tried to get with or hook up with and many guys get hit with games and schemes even with those that they are married to or in relationships with Practically no man is exempt We all at some point will find ourselves faced with a woman whose sole purpose is to either go for what s in our pockets or bank accounts or to try to get us to do something for them for free or to get us to buy them stuff without them appreciating it and then turning around and buying us stuff too as well That s a big part of the world we live in as far as men interacting with women and the sole purpose of this book is to at least get guys to recognize when they are being played and to not fall for the simple games that women play twenty four hours a day

This . . . Is About Life Randi Owens,2018-09-05 The poems in this book were written over a period of 21 years between 1974 and 1995 They were written when I was focused on venturing into life as an adult and continuing forward into the birth of my four children My family writing and poetry proved to be a valuable lifeline when I believed I would be alone and needed to forge my path in life if I were to succeed Poetry can provide therapeutic relief from worries and life s excess stress It invites readers to incorporate their thoughts and emotions into the words creating the opportunity for temporary breaks from everyday life encounters Though the poems I learned that it was okay to be upset smile laugh cry and to simply live We can intertwine and cross what s real with what s fantasy if only just for that

Brian Bolden,2015-02-11 Throughout the centuries frustration disappointment and despair on both sides has created a great divide between black women and black men In the world of relationships it has become increasingly difficult for black women to make an emotional spiritual and psychological connection with black men For many women they don t even know how to begin to put on a different hat and often find themselves saying Why can t I find a good black man The truth of the matter is many black women are sinking and drowning according to many black men On the other side of the spectrum there are black men who also have a considerable amount of scar tissue to deal with not the least of which has been black women who are deceitful disrespectful high maintenance materialistic gold diggers with get paid mentalities The end result is that many black men have become frustrated with black women and have also chosen to cross color lines in unbelievably large numbers For those black men having a strong Nubian queen by their side has become nothing more than a pipe dream they used to have For them dating outside their race is no longer taboo and no longer creates the innate feeling of betraying black women Sadly a lot of black men all over the country have lost love and respect for many black women A lot of black men feel many black women have no idea how to love them care for them or nurture their men They no longer believe that black women are good homemakers nor can they keep a peaceful home This is an epidemic that has spread all over America It is my sincere belief that the thoughts and ideas outlined in my book will help answer numerous questions with which black women continue to struggle regarding their relationships with men particularly black American men such as Why will he bed me but not wed me Why have many black women lost the love and respect of black men Why are black men continuing to cross the fence in alarming numbers Why are black men becoming more hesitant to approach black women Are black men really intimidated by successful black women Why are so many black men disappointed discouraged

and frustrated with many black women Why do many black men see black women as too difficult and too complicated to deal with Why are some black men making a vow to never date or marry another black woman ever again Why are many black women hitting home runs in their careers but striking out in their relationships and marriages These are some of the questions that are answered in this book This is why it was so important for me to write this book I want to inform black women in America what they need to do to help restore the faith of good quality black men I want black women to understand that I am writing this book as a wake up call If I do my job well perhaps these words will sufficiently energize the mind heart and soul of the amazing creation God called woman to stimulate positive behavioral change in her or at least provoke a little thought Now I know I m treading on thin ice here but trust me when I say this book is not about bashing black women in America It s a book about reality and truth More often than not most of us do not like to hear the truth because it forces us to take a good look at ourselves blemishes and all The old adage The truth hurts could certainly apply here However another old adage is also applicable The truth shall set you free By writing this book I truly hope to make it easier for black men and woman to come together as one I want black women to understand that just because many black men have lost faith doesn t mean that we have given up on you The reality is that sometimes we need to be challenged and this book will definitely challenge many black women in America to take an introspective look at themselves
