Parting the Mists Aida Yuen Wong, 2006-02-28 In Parting the Mists Aida Yuen Wong makes a convincing argument that the forging of a national tradition in modern China was frequently pursued in association with rather than in rejection of Japan The focus of her book is on Japan's integral role in the invention of national style painting or guohua in early twentieth century China Guohua referring to brush paintings on traditional formats is often misconstrued as a residual conservatism from the dynastic age that barricaded itself within classical traditions Wong places this art form at the forefront of cross cultural exchange Notable proponents of guohua e g Chen Hengke Jin Cheng Fu Baoshi and Gao Jianfu are discussed in connection with Japan where they discovered stylistic and ideological paradigms consonant with the empowering of Asian Oriental cultural practices against the backdrop of encroaching westernization Not just a window on the West Japan stood as an informant of China modernism in its own right The first book in English devoted to Sino Japanese dialogues in modern art Parting the Mists explores the sensitive phenomenon of Japanism in the practice and theory of Chinese painting Wong carries out a methodologically agile study that sheds light on multiple spheres stylistic and iconographic innovations history writing art theory patronage and the market geopolitics the creation of artists societies and

exhibitions Without avoiding the dark history of Japanese imperialism she provides a nuanced reading of Chinese views about Japan and the two countries convergent and often colliding courses of nationalism

In My Time, 1995-01-01 *In My Time* is a vivid account of the fascinating life of Robert Strausz Hup who served American presidents for twenty years in a variety of diplomatic posts It is a life filled with both excitement and tragedy In this autobiography Strausz Hup covers a wide range of topics including his youth in Vienna his familial background and his schooling The author also discusses his emigration to the United States describing his initial impressions of the country as well as how he viewed the changes that were occurring in American society and culture Strausz Hup has written a poignant introduction for the republication of this volume He explains how he reaches out to history for an explanation of who he is as an individual Just as entire nations should learn from history so should individuals as Strausz Hup has attempted to do in his autobiography Robert Strausz Hup is one of those increasingly rare universally educated men whose minds conform only to their own beliefs and findings His views of events such as the rise of German Nazism or Chinese Communism or the world of the theater in Europe between the two world wars are always fresh exciting and informed *In My Time* will be enjoyed by all who read it especially historians political theorists and policymakers

Hiroshima Nakazawa Keiji, 2010-12-16 This compelling autobiography tells the life story of famed manga artist Nakazawa Keiji Born in Hiroshima in 1939 Nakazawa was six years old when on August 6 1945 the United States dropped the atomic bomb His gritty and stunning account of the horrific aftermath is powerfully told through the eyes of a child who lost most of his family and neighbors In eminently readable and beautifully translated prose the narrative continues through the brutally difficult years immediately after the war his art apprenticeship in Tokyo his pioneering atomic bomb manga and the creation of Barefoot Gen the classic graphic novel based on Nakazawa's experiences before during and after the bomb This first English language translation of Nakazawa's autobiography includes twenty pages of excerpts from Barefoot Gen to give readers who don't know the manga a taste of its power and scope A recent interview with the author brings his life up to the present His trenchant hostility to Japanese imperialism the emperor and the emperor system and U.S. policy adds important nuance to the debate over Hiroshima Despite the grimness of his early life Nakazawa never succumbs to pessimism or defeatism His trademark optimism and activism shine through in this inspirational work **My Japanese Prince** Archibald Claverling Gunter, 1904 **Mount Fuji** H. Byron Earhart, 2015-07-15 Illustrated with color and black and white images of the mountain and its associated religious practices H. Byron Earhart's study utilizes his decades of fieldwork including climbing Fuji with three pilgrimage groups and his research into Japanese and Western sources to offer a comprehensive overview of the evolving imagery of Mount Fuji from ancient times to the present day Included in the book is a link to his twenty-eight minute streaming video documentary of Fuji pilgrimage and practice Fuji Sacred Mountain of Japan Beginning with early reflections on the beauty and power associated with the mountain in medieval Japanese literature Earhart examines how these qualities fostered spiritual practices such as Shugendo which established rituals and a temple complex at the mountain as a portal to an ascetic otherworld As a focus of worship the mountain became a source of spiritual insight rebirth and prophecy through the practitioners Kakugyo and Jikigyo whose teachings led to social movements such as Fujido the way of Fuji and to a variety of pilgrimage confraternities making images and replicas of the mountain for use in local rituals Earhart shows how the seventeenth-century commodification of Mount Fuji inspired powerful interpretive renderings of the peerless mountain of Japan such as those of the nineteenth-century print masters Hiroshige and Hokusai which were largely responsible for creating the international reputation of Mount Fuji In the eighteenth and nineteenth centuries images of Fuji served as an expression of a unique and superior Japanese culture With its distinctive shape firmly embedded in Japanese culture but its ethical ritual and spiritual associations made malleable over time Mount Fuji came to symbolize ultranationalistic ambitions in the 1930s and early 1940s peacetime democracy as early as 1946 and a host of artistic naturalistic and commercial causes even the exotic and erotic in the decades since *Acting My Age* Thomas
