## **Radishchv Journey From St Petersburg:**

**A Journey from St. Petersburg to Moscow** Aleksandr Nikolaevich Radishchev,1958 No detailed description available for A Journey from St Petersburg to Moscow     [Journey from St. Petersburg to Moscow](#) Alexander Radishchev,2020-11-03 Alexander Radishchev's Journey from St Petersburg to Moscow is among the most important pieces of writing to come out of Russia in the age of Catherine the Great An account of a fictional journey along a postal route it blends literature philosophy and political economy to expose social and economic injustices and their causes at all levels of Russian society Not long after the book's publication in 1790 Radishchev was condemned to death for its radicalism and ultimately exiled to Siberia instead Radishchev's literary journey is guided by intense moral conviction He sought to confront the reader with urgent ethical questions laying bare the cruelty of serfdom and other institutionalized forms of exploitation The Journey's multiple strands include sentimental fictions allegorical discourses poetry theatrical plots historical essays a treatise on raising children and comments on corruption and political economy all informed by Enlightenment arguments and an interest in placing Russia in its European context Radishchev is perhaps the first in a long line of Russian writer dissenters such as Herzen and Solzhenitsyn who created a singular literary idiom to express a subversive message In Andrew Kahn and Irina Reyfman's idiomatic and stylistically sensitive translation one of imperial Russia's most notorious clandestine books is now accessible to English speaking readers     **Journey from St. Petersburg to Moscow** Irina Reyfman,2020-09-22 Journey from St Petersburg to Moscow is among the most important pieces of writing to come out of Russia in the age of Catherine the Great Alexander Radishchev's account of a fictional journey blends literature philosophy and political economy to expose social and economic injustices and their causes at all levels of Russian society

**A Russian Philosophe Alexander Radishchev** Allen McConnell,2012-12-06 Alexander Radishchev's major work A Journey from St Petersburg to Moscow first published in 1790 was the most scathing denunciation of serfdom and autocracy that had ever appeared in Russia Its author was immediately arrested tried for treason and condemned to death the sentence being later commuted to exile in Siberia Catherine the Great who had provided Radishchev with a schooling in despotism in the Corps des Pages and with an introduction to the Enlightenment at the University of Leipzig saw in his book a gratuitous insult to herself as well as an attempt to incite a revolt that would bring him to power Forgetting that many of its ideas were the same as those she had herself expressed earlier she denounced it as the fruit of foreign abstract theories acting on an excitable ambitious and resentful man The Journey was effectively suppressed for more than a century Any mention of Radishchev was discouraged by the censor for seventy years A generation after Radishchev's death in 1802 Pushkin's biography of him was refused publication permission on the ground that the subject of it was forgotten and deserved to remain so     **A Journey from St. Petersburg to Moscow** Aleksandr Nikolaevich Radishchev,1966     **Readings in Russian Civilization Volume II** Thomas Riha,2009-02-15 This new and enlarged version of Readings in Russian Civilization is the result of fairly extensive revisions

There are now 72 instead of 64 items 20 of the selections are new The first volume has undergone the least change with 3 new items of which 2 appear in English for the first time In the second volume there are 6 new items all of them appear in English for the first time The third volume has undergone the greatest revision with 11 new items of which 6 are newly translated from the Russian It is the editor's hope that items left out in the new edition will not be sorely missed and that the new selections will turn out to be useful and illuminating The aim throughout has been to cover areas of knowledge and periods which had been neglected in the first edition and to include topics which are important in the study of the Russian past and present The bibliographical headnotes have been enlarged with the result that there are now approximately twice as many entries as in the old edition New citations include not only works which have appeared since 1963 but also older books and articles which have come to the editor's attention From the Editor's Preface a judicious combination of seminal works and more recent commentaries that achieves the editor's purpose of stimulating curiosity and developing a point of view C Bickford O'Brien The Russian Review These three volumes cover quite well the main periods of Russian civilization The choice of the articles and other material is made by a competent and unbiased scholar Ivan A Lopatin Professor of Asian and Slavic Studies University of Southern California

*A Journey from St. Petersburg to Moscow* Aleksandr Nikolaevich Radishchev, 1966    **Self and Story in Russian History** Laura Engelstein, Stephanie Sandler, 2000 Russians have often been characterized as people with souls rather than selves This study considers the stories of self of men and women across 200 years from peasants to Tolstoy as 15 historians and literary scholars situate narratives of self in their historical context

Aleksandr Nikolaevitch Radishchev. A Journey from St. Petersburg to Moscow... [ @ .] Translation by Leo Wiener.  
Edited... by Roderick Page Thaler Aleksandr Nikolaevič Radišev, 1958    **A History of Russian Thought from the Enlightenment to Marxism** Andrzej Walicki, 1979 This book covers virtually all the significant Russian thinkers from the age of Catherine the Great Down to the eve of the 1905 Revolution    A Journey from St. Petersburg to Moscow Aleksandr Nikolaevič forme avant 2007 Radiščev, 1958    **Essays in Russian and Soviet History** John Shelton Curtiss, 1965

**Visual Dominant in Eighteenth-Century Russia** Marcus C. Levitt, 2011-10-01 The Enlightenment privileged vision as the principle means of understanding the world but the eighteenth century Russian preoccupation with sight was not merely a Western import In his masterful study Levitt shows the visual to have had deep indigenous roots in Russian Orthodox culture and theology arguing that the visual played a crucial role in the formation of early modern Russian culture and identity Levitt traces the early modern Russian quest for visibility from jubilant self discovery to serious reflexivity to anxiety and crisis The book examines verbal constructs of sight in poetry drama philosophy theology essay memoir that provide evidence for understanding the special character of vision of the epoch Levitt's groundbreaking work represents both a new reading of various central and lesser known texts and a broader revisionalization of Russian eighteenth century culture Works that have considered the intersections of Russian literature and the visual in recent years have dealt almost exclusively with the

modern period or with icons The Visual Dominant in Eighteenth Century Russia is an important addition to the scholarship and will be of major interest to scholars and students of Russian literature culture and religion and specialists on the Enlightenment **Journeys to a Graveyard** Derek Offord,2006-07-01 Journeys to a Graveyard examines the descriptions provided by eight Russian writers of journeys made to western European countries between 1697 and 1880 The descriptions reveal the mentality and preoccupations of the Russian social and intellectual elites during this period The travellers perceptions of western European countries are treated here as an ambivalent response to a civilization with which Russia was belatedly coming into close contact as a result of the imperial ambition of the Russian state and the westernization of the Russian elites The travellers perceived the most advanced European countries as superior to Russia in terms of material achievement and the maturity and refinement of their cultures but they also promoted a view of Russia as in other respects superior to the western nations Heavily influenced from the late eighteenth century by Romanticism and by the rise of nationalism in the west they tended to depict European civilization as moribund By this means they managed to define their own emergent nation in a contrastive way as having youth and promising futurity

**The Cambridge History of Russian Literature** Charles Moser,1992-04-30 An updated edition of this comprehensive narrative history first published in 1989 incorporating a new chapter on the latest developments in Russian literature and additional bibliographical information The individual chapters are by well known specialists and provide chronological coverage from the medieval period on giving particular attention to the nineteenth and twentieth centuries and including extensive discussion of works written outside the Soviet Union The book is accessible to students and non specialists as well as to scholars of literature and provides a wealth of information

**Freedom of Speech** Elizabeth Powers,2011-09-16 The essays in this volume portray the debates concerning freedom of speech in eighteenth century France and Britain as well as in Austria Denmark Russia and Spain and its American territories Representing the views of both moderate and radical eighteenth century thinkers these essays by eminent scholars discover that twenty first century controversies regarding the extent of permissible speech have their origins in the eighteenth century The economic integration of Europe and its offshoots over the past three centuries into a distinctive cultural product the West has given rise to a triumphant Enlightenment narrative of universalism and tolerance that masks these divisions and the disparate national contributions to freedom of speech and other liberal rights

**Written in Blood** Lynn Ellen Patyk,2017-06-20 A fundamentally new interpretation of the emergence of modern terrorism arguing that it formed in the Russian literary imagination well before any shot was fired or bomb exploded **A History of Russian Literature** Andrew Kahn,Mark Lipovetsky,Irina Reyzman,Stephanie Sandler,2018-04-13 Russia possesses one of the richest and most admired literatures of Europe reaching back to the eleventh century A History of Russian Literature provides a comprehensive account of Russian writing from its earliest origins in the monastic works of Kiev up to the present day still rife with the creative experiments of post Soviet literary life The volume proceeds chronologically in five parts extending

from Kievan Rus in the 11th century to the present day. The coverage strikes a balance between extensive overview and in-depth thematic focus. Parts are organized thematically in chapters which a number of keywords that are important literary concepts that can serve as connecting motifs and case studies in depth discussions of writers institutions and texts that take the reader up close and personal. Visual material also underscores the interrelation of the word and image at a number of points particularly significant in the medieval period and twentieth century. The History addresses major continuities and discontinuities in the history of Russian literature across all periods and in particular brings out trans historical features that contribute to the notion of a national literature. The volume's time range has the merit of identifying from the early modern period a vital set of national stereotypes and popular folklore about boundaries space Holy Russia and the charismatic king that offers culturally relevant material to later writers. This volume delivers a fresh view on a series of key questions about Russia's literary history by providing new mappings of literary history and a narrative that pursues key concepts rather more than individual authorial careers. This holistic narrative underscores the ways in which context and text are densely woven in Russian literature and demonstrates that the most exciting way to understand the canon and the development of tradition is through a discussion of the interrelation of major and minor figures historical events and literary politics literary theory and literary innovation.

*The Russian Intelligentsia* Sibelan Forrester, Olga Partan, 2025-04-29

The Russian intelligentsia is the historic phenomenon of an educated opposition and it has provoked a substantial body of Russian and Western publications. This book focuses on the intelligentsia's Myth Mission Metamorphosis as discovered in literature journalism and theater. The chapters define essential elements of the myth of the intelligentsia as a distinctive social group and a spiritual formation claiming high moral standards and expectations for the self and for society. Second contributions explore how the intelligentsia sees its mission on various historical stages as inextricably linked with Russia's and the Soviet Union's cultural destiny especially its literary and other artistic creations. Finally the volume addresses the metamorphosis of the intelligentsia over centuries as socio political factors shaped its persistence and its perpetual transformation.

**Revolutionary Philanthropy** Stuart Finkel, 2024-07-15

In late nineteenth century Russia a series of organizations emerged from the nascent radical liberationist movement for the purposes of providing aid to political prisoners and exiles. Those leading these endeavors framed them as a philanthropic exercise that was paradoxically always also political provocatively appropriating the name and humanitarian mission of the Red Cross for their illicit attempts to assist the enemies of the Tsarist state. These efforts provided a unifying thread to the fractious and fragmented revolutionary movement over years and even decades. The unjustly persecuted political prisoner or exile came to serve as a powerful synecdoche for the tyranny of the autocratic state while assisting these suffering martyrs came to be legible as an indisputably noble act across political and even national boundaries. Revolutionary Philanthropy the first book in any language to provide a comprehensive portrait of the origins of these organizations posits that the groupings that undertook aid to political

prisoners and exiles emerged through gradually accrued shared practices within a series of constantly evolving overlapping domestic and international personal and political networks In bringing together two seemingly incompatible modes of social action radical politics and philanthropy these red cross activities came to form a vital connective tissue across party and ideological lines Moreover they connected the still small and isolated groupings of committed revolutionaries to a significantly wider circle of sympathizers both at home and abroad Within Russia this linked radicals to a significantly broader circle of liberals and politically uncommitted supporters while revolutionary migrants presented the Western public with a captivating narrative of heroic martyrs unjustly suffering for the cause While the strain of conflicting imperatives threatened on multiple occasions to unravel the entire affair in the end this very tension proved instrumental in making them durable Drawing on a wide range of archival sources in multiple languages some of which have not been consulted before
