**Railroad Stations in Nebraska** James J. Reisdorff, Michael M. Bartels, 1982      *Historic Railroads of Nebraska* Michael M. Bartels, James J. Reisdorff, 2002 The advance of Union Pacific Railroad tracklayers across Nebraska was part of America's great adventure of the 19th century. It marked the beginning of the era of the iron horse in Nebraska, a time when the whistle of an approaching train became synonymous with prosperity and contact with the outside world. *Historic Railroads of Nebraska* takes a photographic journey down the tracks of the five major railroads and various short lines that helped Nebraska progress into a national center of agriculture and business. The trip begins with the formative years of Nebraska towns that were established along railroad lines in the 19th century. It then travels through the 20th century and documents the major changes and challenges that the railroad industry faced. Through over 200 photographs, this book chronicles the era of streamlined passenger trains, rustic steam locomotives, and a bustling Omaha Union Station. The journey makes stops at railroad landmarks, significant cities, the state's only railroad tunnel, and the legendary North Platte Canteen.      *The Station Agent and the American Railroad Experience* H. Roger Grant, 2023-01-03 Before the widespread popularity of automobiles, buses, and trucks, freight and passenger trains bound the nation together. *The Station Agent and the American Railroad Experience* explores the role of local frontline workers that kept the country's vast rail network running. Virtually every community with a railroad connection had a depot and an agent. These men, and occasionally women, became the official representatives of their companies and were highly respected. They met the public when they sold tickets, planned travel itineraries, and reported freight and express shipments. Additionally, their first-hand knowledge of Morse code made them the most informed in town. But as times changed, so did the role of and the need for the station agent. Beautifully illustrated with dozens of vintage photographs, *The Station Agent and the American Railroad Experience* brings back to life the day-to-day experience of the station agent and captures the evolution of railroad operations as technology advanced.      **Living in the Depot** H. Roger Grant, 1993      Nebraska History Addison Erwin Sheldon, James Lee Sellers, James C. Olson, 1983      *Nebraska History* Michael L.
