psychology philosophy and theology While Frye is best known for his writing on myth and biblical scholarship he himself eventually conceived of romance as the true and equal contrary to myth and scripture a secular scripture whose message is de te fabula this story is about you Given the current popular revival of romance in fiction and film the appearance of Frye s unpublished work on romance is of profound importance Manifesting the Gods of Gold William John,2025-01-16 In a world full of confusion and chaos it s difficult to remain positive and hopeful for the future This is especially true when we don t know who or what is controlling the world and more importantly our hearts and minds This book seeks to get to the bottom of this mystery by unveiling the elusive gods of gold and their connection to the greed and gluttony that have driven humankind since the beginning From ancient days to the modern age unseen forces have been controlling every aspect of civilization and unwitting people are often complicit in this evil By exposing these dark forces this book provides readers with the spiritual emancipation and hope that everyone is seeking but which so few are able to find Although humans have waged wars on numerous fronts throughout history the ultimate battlefield is the mind and this book reveals the secret of success in this all important arena *Weird World War: China* Sean Patrick Hazlett,2024-01-02 When the United States and China clash the world will never be the same especially when forces beyond reality threaten to intervene What if the United States went to war with the People s Republic of China How would these rivals fight for supremacy on land sea air and across the stochastic streams of time What wonder weapons would be unleashed What horrors would emerge from the radiated sludge of the South China Sea What heroes would rise and forever change the course of history Tread into the deepest and darkest dimensions of the multiverse gaze through a kaleidoscope of fractured realities and bear witness to the disturbing visions of World War III from today s greatest minds in science fiction fantasy and horror Stories by Larry Correia Steve Diamond David Drake Nick Mamatas Brian Trent Martin L Shoemaker Blaine L Pardoe Kevin Andrew Murphy Julian Michael Carver D J Butler David J West Sean Patrick Hazlett Deborah A Wolf Stephen Lawson Erica L Satifka Rob McMonigal Brenda Clough Kevin Ikenberry Brad R Torgersen T C McCarthy Nadia Bulkin Freddy Costello and Michael Z Williamson The Mage's Images: Heinrich Khunrath in His Oratory and Laboratory, Volume 1 Peter J.
