An Essay on Causality. By an Undergraduate of the University of Cambridge, 1854 The First-Person Perspective and Other Essays Sydney Shoemaker, 1996-09-13 Sydney Shoemaker is one of the most influential philosophers currently writing on philosophy of mind and metaphysics The essays in this collection deal with the way in which we know our own minds and with the nature of those mental states of which we have our most direct conscious awareness Professor Shoemaker opposes the inner sense conception of introspective self knowledge He defends the view that perceptual and sensory states have non representational features qualia that determine what it is like to have them Amongst the other topics covered are the unity of consciousness and the idea that the first person perspective gives a privileged route to philosophical understanding of the nature of mind This major collection is sure to prove invaluable to all advanced students of the philosophy of mind and cognitive science
