Relation of the Masters to the Theosophical Society Annie Wood Besant, 2005-12-01 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world s literature in affordable high quality modern editions that are true to the original work [A Guide to Theosophy, Containing Select Articles for the Instructions \[!\] of Aspirants to the Knowledge of Theosophy](#) Tukaram Tatya, 1887 **London Lectures of 1907** Annie Besant, 2020-07-29 Reproduction of the original London Lectures of 1907 by Annie Besant **Aleister Crowley and the Temptation of Politics** Marco Pasi, 2014-09-11 Aleister Crowley 1875 1947 is one of the most famous and significant authors in the history of western esotericism Crowley has been long ignored by scholars of religion whilst the stories of magical and sexual practice which circulate about him continue to attract popular interest Aleister Crowley and the Temptation of Politics looks at the man behind the myth by setting him firmly within the politics of his time and the development of his ideas through his extensive and extraordinarily varied writings Crowley was a rationalist sympathetic to the values of the Enlightenment but also a romantic and a reactionary His search for an alternative way to express his religious feelings led him to elaborate his own vision of social and political change Crowley s complex politics led to his involvement with many key individuals organisations and groups of his day the secret service of various countries the German Nazi party Russian political activists journalists and politicians of various persuasions as well as other writers both in Europe and America Aleister Crowley and the Temptation of Politics presents a life of ideas an examination of a man shaped by and shaping the politics of his times *When Prophets Die* Timothy Miller, 1991-09-03 When the charismatic founder leader of a religious movement dies the popular belief is that the movement usually disintegrates However many new religions not only survive but prosper despite leadership transition In this book prominent scholars examine what happened to eleven new movements following the deaths of their leaders and why An Introduction by J Gordon Melton serves to integrate the case studies **Theosophy**, 1920 **Western Esotericism and the Science of Religion** International Association for the History of Religions. Congress, International Association for the History of Religions, 1998 This volume is based upon papers read during the innovative section Western Esotericism and the Science of Religion organized at the 17th International Congress of the International Association for the History of Religions IAHR in Mexico City August 5 12 1995 The section was created in order to fill a long standing hiatus in the academic study of religions whereas phenomena such as gnosticism and hermetism in antiquity and even the occult sciences of that period have long been recognized as subjects worthy of serious investigation the history of similar and related phenomena in more recent periods has hardly received the same measure of scholarly attention and recognition The present volume is devoted to the academic emancipation of these areas as constituting a legitimate domain of research which

may be referred to by the generic label western esotericism Preceded by an introductory essay on the birth of this new discipline in the study of religion the volume provides a sample of current research in the field and devotes special attention to some central methodological questions *The Bloomsbury Companion to New Religious Movements* George D. Chryssides, Benjamin E. Zeller, 2014-01-02 The Bloomsbury Companion to New Religious Movements covers key themes such as charismatic leadership conversion and brainwashing prophecy and millennialism violence and suicide gender and sexuality legal issues and the portrayal of New Religious Movements by the media and anti cult organisations Several categories of new religions receive special attention including African new religions Japanese new religions Mormons and UFO religions This guide to New Religious Movements and their critical study brings together 29 world class international scholars and serves as a resource to students and researchers The volume highlights the current state of academic study in the field and explores areas in which future research might develop Clearly and accessibly organised to help users quickly locate key information and analysis the book includes an A to Z of key terms extensive guides to further resources a comprehensive bibliography and a timeline of major developments in the field such as the emergence of new groups publications legal decisions and historical events **The Mirror of Relationship** J Krishnamurti, 2022-09-09 The answer to the question What are you Seeking is simple We want to find truth God everlasting peace The real question says Krishnamurti is Why do you seek at all Knowing conflict repression self doubt and fear as consistent companions we naturally wish for them to come to an end So begins the search for relief the search for everlasting peace through ideas religions self help self analysis etc and we think of this search as a right action towards finding what we are looking for But do we know what we are looking for or are we merely seeking relief from what is happening presently Are we seeking at that point only an idea the supposed opposite of the emotion that we are experiencing now It is the search that maintains the present emotion and its projected opposite in a state of mutually co existent conflict inherently *Borderland* William Thomas Stead, 1895 A Search for Meaning in Victorian Religion Jeffrey D. Lavoie, 2014-11-05 Christian mystic astrologer and spiritualist Charles Carleton Massey 1838 1905 underwent an eclectic spiritual journey that resulted in a series of articles letters and booklets that have largely been neglected by modern society Massey was a child of privilege formally trained as a barrister of law at the Westminster School and the son of the English Minister of Finance for India He devoted his life to solving the metaphysical mysteries of existence leading him into the world of religious philosophy that placed him in the middle of a crossroads between Victorian science religion and philosophy Beginning his journey as a Spiritualist Massey continued on a course that brought him into the Theosophical Society eventually becoming the founding president of its British branch going through the ranks of the Society of Psychical Research and ultimately into his final role as a Christian mystic This indispensable work combines Massey s collected writings with never before published letters organized topically in order to define Massey s unique world view for a new generation of readers This book covers a range of topics from the

nature of God to the microcosm and macrocosm to Satanism and reincarnation all the while allowing the reader a rare glimpse into Victorian England and the social and religious issues of this time period The recollections recorded in this book though written over a hundred years ago are dealt with in such a simple yet profound way that remain relevant to modern spiritual seekers of all types *America's Alternative Religions* Timothy Miller,1995-01-01 This is a source of reliable information on the most important new and alternative religions covering history theology impact on the culture and current status It includes a chapter on the Branch Davidians Popular Lectures on Theosophy Annie Besant,1912 **The Other Side of Belief** Mukunda Rao,2005 RAO OTHER SIDE OF BELIEF **Contemporary Yoga and Sacred Texts** Susanne Scholz,Caroline Vander Stichele,2024-09-10 This book explores the textual traditions that authorize the history legitimacy and authenticity of today s physical posture practice The volume focuses on why and how yoga communities have adopted various texts that they consider sacred or spiritually meaningful Among the texts discussed are Yogananda s Autobiography Sri Aurobindo s Savitri Patanjali s Yoga Sutra the Bhagavad Gita the Hatha Yoga Pradipika the Upanishads the Vedas and the Yogin Tantra Famous thinkers included are Aurobindo Yogananda Osho Rajneesh Sogyal Rimpoche Charles Johnston and Howard Thurman Offering a starting point the ten chapters address the nature selection and function of various ancient and contemporary texts read in contemporary yoga settings The attention centers on how and why texts are read and for whom they are read As yoga is practiced in ashrams yoga studios gyms meeting rooms and even private living rooms scholarly approaches to investigate the connections between yoga and texts are necessarily diverse This volume aims to inspire further scholarship on the reading of texts in past and present yoga communities The collection demonstrates that textual traditions deserve to be an important part of contemporary yoga scholarship The volume will therefore be of great interest to scholars of religious studies yoga studies and Asian studies as well as those studying sacred texts **Sacred Psychology of Love** Marilyn C. Barrick,2020-02-26 Sacred Psychology of Love unfolds the hidden spiritual and psychological dramas inherent in friendships love relationships and marriage It tells the story of each one s inner mystic and offers tender ways to spark divine love in human relationships After thirty five years as a clinical psychologist and relationship counselor Dr Barrick is uniquely qualified to reveal the impact of childhood experiences upon adult relationships and to awaken us to the benefits of the reflecting mirror of the beloved She shows the key role your inner other half plays in the eternal dance of love and gives practical self help exercises to guide you on your quest for relationships that unite heart and soul A wonderful marriage of the mystical and practical this soul nourishing book is beautiful healing and thought provoking Sue Patton Thoele author of Heart Centered Marriage **From Blavatsky to Krishnamurti: "It is Finished"** Al Boag,2025-09-16 This book highlights some important continuities as well as differences between the teachings of Helena Petrovna Blavatsky 1831 1891 co founder of the Theosophical Society in 1875 and Krishnamurti Jiddu 1895 1986 the Theosophist who was trained to be the World Teacher Until now very little has been written of the importance to Blavatsky of an esoteric eschatology and Christology and

their relation to the secret core of her Path of Initiation the practice of an occult breathless meditation Similarly scholarly research has overlooked the evidence that Krishnamurti eviscerated the secret core of Blavatsky's teaching with his own esoteric interpretation of it which exists in his published work as the camouflaged core of his teaching Offering a fresh appraisal this work draws on careful exploration of the primary source material of Blavatsky and Krishnamurti as well as his Theosophical mentors Annie Besant 1847-1933 and Charles Webster Leadbeater 1854-1934 It will be of particular interest to students and scholars of esotericism new religious movements and the history of religions
