

SIMPLE

A Visual Documentary

Simple Minds are the most popular and successful Scottish rock act of all time.

Formed in Glasgow in 1977 as Johnny And The Self Abusers by singer Jim Kerr and guitarist Charlie Burchill, their career reached spectacular heights in the summer of 1989 when they performed a series of concerts at Wembley Stadium.

Simple Minds – A Visual Documentary follows that career in words and pictures. Stretching back to the minimalism of the post punk fall out, it documents the many musical styles that the Minds pursued until their worldwide hit 'Don't You (Forget About Me)'. That and their subsequent appearance at Live Aid in 1985 brought them truly international success, while Jim Kerr's increasing profile as a campaigner on environmental and human rights issues has kept him in the news.

Simple Minds – A Visual Documentary is a lavishly illustrated book that charts the band's progress in a month by month chronology, a selection of quotes from their numerous interviews, a detailed breakdown of the various personnel changes that have occurred over the years and a full discography.

The Star Wars Radio Dramas Maria Jose Tenuto,John Tenuto,2024-07-29 By 1977 National Public Radio NPR was in trouble plagued by too little funding and small audiences The phenomenal success of its adaptation of Star Wars as a radio drama in 1981 gave NPR the needed ratings publicity and boost in donations that kept it afloat at exactly the time it was threatened the most Most importantly Star Wars brought a new audience to NPR As it did in theaters where George Lucas s films redefined movie making so too did NPR s Star Wars forever change the artistic world of radio drama That a radio network dependent exclusively on audio would find a lifeline in one of the most visually dynamic movies ever released is the stuff of irony Utilizing new interviews with creatives such as Anthony Daniels C 3PO Ann Sachs Princess Leia Perry King Han Solo and director John Madden and archival research this book details how an unlikely alliance of academics radio executives Lucasfilm employees actors and behind the scenes artists banded together despite the obstacles to create a unique and

consequential work It is also the story of how writer Brian Daley was the fulcrum who made it all possible
