

OVERCOMING SIN ADDICTION

A silhouette of a person with a backpack is climbing a steep, rocky mountain peak. The person is reaching up with their right hand to a ledge. The background is a dramatic sky with soft, white clouds and a hint of a sunset or sunrise glow near the horizon. The overall mood is one of struggle and triumph.

Sin As Addiction:

Dismissed Mike Farrell,2022-01-07 Lessons Learned from Sin Addiction is a book about one man s fall from grace and the journey back In these pages we explore learning to recognize our fallen condition our need for accountability and our privilege and ability to trust our heavenly Father to make a way out of our self imposed wilderness Sometimes the road to recovery must start with disaster but overcoming sin addiction is not only recovery but redemption Sin as Addiction Patrick T. McCormick,1989 **Ancient Sins . . . Modern Addictions** R. Scott Sullender,2013-07-05 There is a virtual epidemic of addiction in the United States both traditional addictions to drugs and alcohol but also newer addictions like sex gambling rage work and food eating Some authorities have labeled addictions the number one mental health problem in America We are spending millions of dollars annually trying to prevent understand and treat this epidemic and yet by any measure of success we are losing this war In this cultural context Dr Sullender invites us to look again at the spiritually based scheme of the Seven Deadly Sins which originated at the dawn of Western civilization He suggests that what our spiritual forebears meant by deadly is best captured in the modern concept of addiction Based on this thesis this book explores what is addictive about the sins of pride envy anger greed gluttony sloth and lust and suggests that these sins are all obsessive and as such become the mental component in the addictive cycle Each chapter concludes by offering some spiritual resources practices and insights that can help us win the battle against addiction which is ultimately won or lost on a mental or spiritual plane **Thirst** James B. Nelson,2004-01-01 This book explores the path of recovery James Nelson writes as he lives with a very special blend of insight wisdom humor and humility Sobriety sustainers and spirituality seekers will be encouraged and enlightened by his work *Alcohol, Addiction and Christian Ethics* Christopher C. H. Cook,2006-05-04 Addictive disorders are characterised by a division of the will in which the addict is attracted both by a desire to continue the addictive behaviour and also by a desire to stop it Academic perspectives on this predicament usually come from clinical and scientific standpoints with the moral model rejected as outmoded But Christian theology has a long history of thinking and writing on such problems and offers insights which are helpful to scientific and ethical reflection upon the nature of addiction Chris Cook reviews Christian theological and ethical reflection upon the problems of alcohol use and misuse from biblical times until the present day Drawing particularly upon the writings of St Paul the Apostle and Augustine of Hippo a critical theological model of addiction is developed Alcohol dependence is also viewed in the broader ethical perspective of the use and misuse of alcohol within communities Addiction and Virtue Kent Dunnington,2025-06-16 What is the nature of addiction Neither of the two dominant models disease or choice adequately accounts for the experience of those who are addicted or of those who are seeking to help them In this interdisciplinary work Kent Dunnington brings the neglected resources of philosophical and theological analysis to bear on the problem of addiction Drawing on the insights of Aristotle and Thomas Aquinas he formulates an alternative to the usual reductionistic models Going further Dunnington maintains that

addiction is not just a problem facing individuals Its pervasiveness sheds prophetic light on our cultural moment Moving beyond issues of individual treatment this groundbreaking study also outlines significant implications for ministry within the local church context *T&T Clark Companion to the Doctrine of Sin* Keith L. Johnson, David Lauber, 2016-06-16 The T 2 Major Figures and Traditions and 3 Dogmatic Concerns The first set of essays explores the biblical and rabbinic accounts of sin to bring out the complexities of the biblical presentation and its implications The second section discusses the role of the doctrine of sin in the theology of key theologians with a special attention to explaining how the doctrine contributes to an understanding of their overall theology The final section explores key dogmatic questions and concerns related to the doctrine of sin e g original sin sin and the question of evil and providence sin and the freedom of the will Addiction and Pastoral Care Sonia E. Waters, 2019-02-05 A timely resource treating addiction holistically as both a spiritual and a pathological condition Substance addictions present a unique set of challenges for pastoral care In this book Sonia Waters weaves together personal stories research and theological reflection to offer helpful tools for ministers counselors chaplains and anyone else called to care pastorally for those struggling with addiction Waters uses the story of the Gerasene demoniac in Mark s Gospel to reframe addiction as a soul sickness that arises from a legion of individual and social vulnerabilities She includes pastoral reflections on oppression the War on Drugs trauma guilt discipleship and identity The final chapters focus on practical care skills that address the challenges of recovery especially ambivalence and resistance to change *The Other Side of Sin* Andrew Sung Park, Susan L. Nelson, 2012-05-21 The good news of Jesus Christ is for both sinners and the sinned against For the past two thousand years Christian theologians have focused on the experience of sinners but treated their victims inadequately To counterbalance this perspective a diverse group of Christian scholars consider sin from the other side To make sense of Christianity from this standpoint they offer a more complex and comprehensive analysis of human participation in evil and its reconciliation than the simple formula of sin and repentance *The Other Side of Sin* is an original fresh and exciting adventure into one of the most needed areas of theological thinking **A Christian Spirituality and Psychotherapy** Richard H. York, 2009-06-01 This book describes a method of therapy based upon the Christian spirituality and psychotherapy perspective developed by Dr Richard York This clinical theology perspective is a phenomenological approach that integrates spiritual theological and psychological concepts and was developed in large part through York s own experience of being relieved of depression and anxiety through interweaving of psychotherapy prayer and meditation spiritual direction and the relationship with his Indwelling Spirit Because human beings are the products of relationships York critiques approaches to psychology premised upon the subject object epistemology of empirical science that study human behavior He suggests instead that a relational ontology research method offers an approach superior to that of standard psychotherapy and uses experience in relationship as the fundamental concept in this clinical theology Because people are prone to hurt themselves and others York also argues that standard approaches to psychology need to

develop a psychology of sin and evil including some form of a Higher Power as essential parts of the spiritual aspect of psychotherapy York critiques Christian theologians for developing theology that seldom uses empirical data and that is irrelevant to the process of helping people heal and grow He criticizes those pastoral ministers who moralize with people instead of listening to them as well as those who preach more about sin and suffering than God's presence and saving grace through the forgiveness of sins While he acknowledges that most of his perspective is not new York does offer a unique contribution to the field of psychotherapy through the concept of the Indwelling Spirit He describes how the Indwelling Spirit works in psychotherapy and the various techniques to access it He further argues that his experience as a gay psychologist is an essential aspect of his method because in being healed through his experience with his Indwelling Spirit he was able to define this experience for use in psychotherapy an insight used by very few straight therapists York challenges the notion of how a gay man who worships God regularly found healing through a relationship with Christ in the Holy Spirit of God and developed the concept of the Indwelling Spirit for psychotherapy could be considered objectively disordered and intrinsically evil by the Roman Catholic Magisterium Furthermore York describes a new principle of moral theology for sexual relationships based on love rather than procreation and suggests seven research hypotheses to study the phenomenon of the Indwelling Spirit and the love that is exhibited in both same sex and opposite sex relationships

Addiction and the Captive Will Cynthia Geppert, 2024-05-30 Twenty first century neuroscience has discovered that in some severe cases addiction may so constrain human freedom that the will is only able to choose to use substances of abuse At this advanced stage substance use has become the primary driver of salience co-opting and subsuming other moral priorities and human rewards Scholars have investigated Aristotle's concept of akrasia as an ancient mirror of this understanding and there have been some preliminary discussions of Augustine's concept of the divided will as it bears on addiction No detailed and comprehensive exploration of the work of Augustine has yet been undertaken as it relates to three contemporary models of addiction the choice learning and brain disease models Augustine's psychological awareness his mastery of ancient theological and philosophical thinking and his enormous and enduring influence on both Catholic and Protestant theology make him an ideal subject for such research This incisive book argues that Augustine's doctrine of the captive will offers a theological parallel of each of these contemporary models of addiction

Turning Toward the Victim Thomas Gates, 2025-06-10 Part primer on Ren Girard's groundbreaking mimetic theory part Bible study through the lens of mimetic theory and part dialogue with early and contemporary Quakers Turning Toward the Victim demonstrates how these three perspectives can mutually inform one another in unexpected ways Contemporary liberal Friends Quakers have largely drifted away from the Bible due in part to its seeming sanction of divine violence Girard by contrast sees the themes of sacred violence and its overcoming as central to the biblical witness and so can provide the means by which Quakers and others might reengage with the Scriptures Girard's claim that the biblical God has nothing to do with violence will resonate with

Friends traditional commitment to nonviolence and peacemaking Girard's insights into the scapegoat mechanism can also help us to understand the witness of early Friends who functioned as the scapegoat caste in seventeenth century England

Using the traditional Quaker framework of conviction, conviction and conversion Thomas Gates explores the relevance of these concepts for Friends and other Christians today *Aquinas's Eschatological Ethics and the Virtue of Temperance* Matthew Levering, 2019-11-15 Matthew Levering offers a biblical and Thomistic portrait of the cardinal virtue of temperance and its allied virtues in dialogue with an ecumenical range of theologians and scholars In Aquinas's Eschatological Ethics and the Virtue of Temperance Levering argues that Catholic ethics make sense only in light of the biblical worldview that Jesus has inaugurated the kingdom of God by pouring out his spirit Jesus has made it possible for us to know and obey God's law for human flourishing as individuals and communities He has reoriented our lives toward the goal of beatific communion with him in charity which affects the exercise of the moral virtues that pertain to human flourishing Without the context of the inaugurated kingdom Catholic ethics as traditionally conceived will seem like an effort to find a middle ground between legalistic rigorism and relativistic laxism which is especially the case with the virtue of temperance the focus of Levering's book After an opening chapter on the eschatological biblical character of Catholic ethics the ensuing chapters engage Aquinas's theology of temperance in the Summa theologiae which identifies and examines a number of virtues associated with temperance Levering demonstrates that the theology of temperance is profoundly biblical and that Aquinas's theology of temperance relies for its intelligibility upon Christ's inauguration of the kingdom of God as the graced fulfillment of our created nature The book develops new vistas for scholars and students interested in moral theology *Amazing Grace* Addiction Bible Study Michael K. Mason, 2016-08-05 The current success rate for addiction treatment is less than 30 percent which means that 7 out of 10 recovering addicts are not being cured of the so called disease of addiction Why doesn't treatment work The answer is simple addiction is not a disease In fact the mainstream mythology of Once and addict always and addict falls apart upon close inspection Therefore addictive behaviors must be evaluated within the context of not sickness but sin Through the study of the Bible so called addicts can learn how to achieve forgiveness of their sins and deliverance from their addictions by offering their hearts, minds and bodies to Jesus Christ They can then be taught how to take advantage of the powerful indwelling presence of the Holy Spirit to wage war against their persistent addictive thoughts Ultimately this study has been designed to help substance abusers to focus their minds on God instead of chemicals in order to subdue their stubborn cravings for the seductive forbidden fruit of intoxication *Limning the Psyche* Robert Campbell Roberts, Mark R. Talbot, 1997 Sixteen essays by respected psychologists, theologians and philosophers look at the practice of psychology from a Christian perspective and explore the implications of the Christian view of human nature [The Praeger International Collection on Addictions](#) Angela Brownemiller Ph.D., 2009-04-30 Only the very rare among us are completely unscathed by the effects of addiction our own that of a family member, friend or coworker Even the addictions of strangers

Addiction and God Michael K. Mason, 2016-01-21 The roots of the modern disease theory of addiction can be traced back to the archaic medical philosophies of the eighteenth century This popular theory is based primarily on the assumption that so called addicts are physically unable to resist the call of addictive chemicals They are presumably stricken from birth with this unlucky condition and all but helpless in the fight against the unhealthy symptoms of the so called disease The problem is that contemporary addiction research shows that substance abusers are not genetically or biologically different from anyone else In fact a growing group of physicians and researchers contend that addicts are simply guilty of making self destructive choices in response to the commonplace stresses of everyday life When addicts begin to take responsibility for their calculated chemical choices they ultimately come to view their abusive behaviors in terms of not sickness but sin They can then learn how to achieve forgiveness of their sins and deliverance from their addictions by offering their hearts minds and bodies to Jesus Christ This is a skillfully written and powerful book about addiction and recovery Having seen the devastating effects of addiction first hand Mr Mason was able to use his own personal experiences to develop a one of a kind text that dispels the myths about addiction and beautifully outlines the connection between the Spirit and recovery After 14 years of working in the field of chemical dependency I have never found a more complete and insightful view of addiction recovery and spirituality Cindy Tidwell MS LPC Professional Addiction Counselor
