Standards-Based Physical Education Curriculum Development Chair and Professor Georgia State University Atlanta Georgia Jacalyn Lund, Jacalyn Lund, Deborah Tannehill, 2014-04-21 The Third Edition was created around the 2014 National Standards for Physical Education for K-12 education. Written by experts with a wealth of experience designing and implementing thematic curriculum, this innovative resource guides readers through the process of writing dynamic curriculum in physical education. The text begins by looking at the new national standards and then examines physical education from a conceptual standpoint. It goes on to examine the development of performance-based assessments designed to measure the extent of student learning and explores the various curricular models common to physical education. It delves into sport education, adventure education, outdoor education, traditional multi-activity fitness and movement education, describing each model and how it links with physical education standards. New and Key Features of the Third Edition: Includes a new Chapter 2 International Perspectives on the Implementation of Standards; Includes a new Chapter 4 Building the Curriculum; Includes a new Chapter 6 Creating Curricular Assessments. Discusses the process of designing a standards-based curriculum by developing goals that are based on a sound philosophy. Explores assessment and the importance of documenting students' progress toward the standard. Examines how teachers can provide students with opportunities to achieve their learning goals through challenging and motivating choices.

Standards-Based Physical Education Curriculum Development Jacalyn Lund, Deborah Tannehill, 2010 Standards-Based Physical Education Curriculum Development Second Edition is developed around the National Association of Sport and Physical Education (NASPE) standards for K-12 physical education. This innovative guide teaches students about the process of writing curriculum in physical education and was written by experts who have had specific experience designing and implementing this thematic curriculum. The text begins by looking at the national physical education standards and then examines physical education from a conceptual standpoint, addressing the so what of physical education. It then goes on to examine the development of performance-based assessments designed to measure the extent of student learning. The second part of the text explores the various curricular models common to physical education: sport education, adventure education, outdoor education, traditional multi-activity fitness and movement education. It goes on to describe each model, provide examples of curriculums that use it, show how the model links with physical education standards and provide appropriate assessments for it. The third part Chapter 14 It's Not Business As Usual discusses how to improve one's physical education curriculum by doing things differently and embracing change.
