The Perennial Killer Ann Ripley, 2009-09-16 On location in Colorado for her syndicated television show Gardening with Nature filming alpine butterflies and avalanche lilies Louise Eldridge can see why this beautiful terrain is as precious as gold Then the pure Rocky Mountain air is fouled by the discovery of elderly rancher Jimmy Porter s body shot to death and draped like a coyote carcass over his own backyard fence Louise soon discovers a staggering list of suspects since Jimmy s plan to sell his 13 000 acre ranch to a government preservation program left a lot of family friends and competitors with much to lose Throw in a second death a closed nuclear plant a CIA investigation involving Louise s husband and a bullet hole in her cowboy hat and Louise suddenly realizes she s onto a killer as hardy as the native skeleton weed and seemingly as indestructible

Mystery Women, Volume Three (Revised) Colleen Barnett, 2010-12-31 Like other fictional characters female sleuths may live in the past or the future They may represent current times with some level of reality or shape their settings to suit an agenda There are audiences for both realism and escapism in the mystery novel It is interesting however to compare the fictional world of the mystery sleuth with the world in which readers live Of course mystery readers do not share one simplistic world They live in urban suburban and rural areas as do the female heroines in the books they read They may choose a book because it has a familiar background or because it takes them to places they long to visit Readers may be rich or poor young or old conservative or liberal So are the heroines What incredible choices there are today in mystery series This three volume encyclopedia of women characters in the mystery novel is like a gigantic menu Like a menu the descriptions of the items that are provided are subjective Volume 3 of *Mystery Women* as currently updated adds an additional 42 sleuths to the 500 plus who were covered in the initial Volume 3 These are more recently discovered sleuths who were introduced during the period from January 1 1990 to December 31 1999 This more than doubles the number of sleuths introduced in the 1980s 298 of whom were covered in Volume 2 and easily exceeded the 347 series and some outstanding individuals described in Volume 1 which covered a 130 year period from 1860 1979 It also includes
