Schwam-Baird, 1997 In the short space of 20 years Brazil emerged from relative technological backwardness to become a major exporter of tanks rockets and aircraft This book examines the various ideologies strategies and conflicts of Brazil's military leaders of the period that lay behind this phenomenon Building upon two schools of thought this book explains the phenomenal emergence of the Brazilian arms industry The first school of thought attributes its success to the implementation of the National Security Doctrine by many of Brazil's leading officers The other attributes the success to the pursuit of the corporate interests of the military A discussion

both of the articulated ideology found in the National Security Doctrine and the corporate ideology of the Brazilian military set against the development of governmental policy and factional in fighting among groups of officers will reveal that neither of these theories alone provide an adequate explanation A third element the corporate ideology of the civilian technicos must also be taken into account **The Cambridge History of War: Volume 4, War and the Modern World** Roger

Chickering,Dennis Showalter,Hans van de Ven,2012-09-27 Volume IV of The Cambridge History of War offers a definitive new account of war in the most destructive period in human history Opening with the massive conflicts that erupted in the mid nineteenth century in the US Asia and Europe leading historians trace the global evolution of warfare through the age of mass the age of machine and the age of management They explore how industrialization and nationalism fostered vast armies whilst the emergence of mobile warfare and improved communications systems made possible the total warfare of the two World Wars With military conflict regionalized after 1945 they show how guerrilla and asymmetrical warfare highlighted the limits of the machine and mass as well as the importance of the media in winning hearts and minds This is a comprehensive guide to every facet of modern war from strategy and operations to its social cultural technological and political contexts and legacies Haldane John Campbell,2020-07-16 Can you name the creator of the Territorial Army the British Expeditionary Force the Imperial General Staff and the Officers Training Corps The man who laid the foundation stones of MI5 MI6 the RAF the LSE Imperial College the redbrick universities and the Medical Research Council This book restores Richard Burdon Haldane to his rightful place among the great men of British and Canadian history Serving as war minister in the 1905 Liberal British government his groundbreaking proposals on defence education and government structure were astonishingly ahead of his time the very building blocks of modern Britain Even the Canadian Constitution as now interpreted is unthinkable without Haldane His ubiquitous networks ranged from Wilde to Einstein Churchill to Carnegie king to kaiser his polymathic interests enabled pioneering cross party cross sector cooperation Yet in 1915 he was ejected from the Lord Chancellorship unjustly vilified by an ignorant press campaign as a German sympathizer John Campbell charts these ups and downs reveals the intensely personal side of Haldane through previously unpublished love letters and shows his enormous relevance in our search for just societies and states today Amidst political and national instability it is surely now right to reinstate Haldane as an outstanding example of true statesmanship **Breaking Ranks** Michael Martin,2016-10-06 In the

late 1980s the army crisis was dominating headlines in Ireland Complaints of poor pay low morale and unsatisfactory conditions for those serving in the Defence Forces were growing louder against the background of a government accused of being indifferent and an army hierarchy accused of being incapable From amidst the turmoil a group of women stepped up to pursue the rights of their men Political crisis and a general election followed but a commission established to examine the Defence Forces ignored the call for soldiers to acquire their own representative body This book reveals for the first time the deep seated philosophies tensions and reservations between Ireland s military and its government from the foundation of the

State to the present day It explores in detail the events that led to the successful pursuit of the democratic right of association for members of the armed forces in Ireland It articulates the concept of the citizen in uniform and the special relationship between members of the armed forces and society This is the story of the breaking of ranks **Patrons, Clients, and Empire** Colin Newbury, 2003-01-02 *Patrons Clients and Empire* challenges the stereotypes of despotic imperial power in Asian African and Pacific colonies by analysing the relationship between rulers and rulers on both sides of the imperial equation It seeks an answer to the question how were European officials able to govern so many societies for so long Rejecting the usual explanations of collaboration and indirect rule this study looks to pre imperial structures in the indigenous hierarchies which supplied patrimonial models of chieftaincy for territorial government For nawabs chiefs emirs sultans and their officials and followers there were dynastic and economic advantages in accepting the terms of European over rule as well as the threat of deposition For European officials few in numbers and with limited military and financial resources there were ready made systems of local government that could be co opted reformed or left relatively untouched Both sides played politics as patrons and clients within a dual system of administration based on a mixture of force and self interest Surveying a wide variety of cases and employing a patron client model this study embraces pre colonial colonial and post colonial politics in new states It covers the chronology of early European dependency on local rulers the reasons for reversal of status among chiefs and administrators the longer period of political bargaining over access to local resources in terms of land labour and taxes and the ultimate fate of indigenous rulers in the period of party politics leading to independence *Missionary of Reconciliation* Alfred Olwa, 2013-11-30 *Missionary of Reconciliation The Role of the Doctrine of Reconciliation in the Preaching of Festo Kivengere of Uganda 1971 1988* Alfred Olwa Sydney Australia In the period 1971 1988 the Christian doctrine of reconciliation was central to Festo Kivengere s preaching in Uganda and beyond This doctrine so gripped Kivengere that it shaped his attitude to life to others and even to his enemies He exhorted his audiences to be reconciled with God and then with their fellow human beings as part of God s remedy for a broken world In his preaching Kivengere depicts Jesus as a missionary of reconciliation who brings a fresh and alternative life characterized by the reconciling love and peace from God He preached the Christian doctrine of reconciliation into a Uganda where Christians lived under the horrors of Amin s rule and its aftermath According to Kivengere the world changes through the preaching of the reconciliation centered in Jesus Christ **Handbook of the Sociology of the Military** Giuseppe Caforio, Marina Nuciari, 2018-05-19 This new edition of the volume is presented on the wave of the success which had its first edition 2003 It is entirely updated to the current situation of the disciplines covered and expanded with particular regard to the new missions that have become the main challenge for the armed forces in these first decades of the new millennium with new insights to technological development toward so called cyborg warriors new forms of leadership and changes in soldier s identity and organisational culture It is compiled of documents coming from various researchers at universities around the

In Search of a Path Roger Janssen, 2011-01-01 The foreign policy of small states is an often neglected topic which is particularly the case when it comes to Suriname How did the young Republic deal with its dependency on the Netherlands for development aid after 1975 Was Paramaribo following a certain foreign policy strategy or did it merely react towards internal and external events What were the decision making processes in defining the foreign policy course and who was involved in these processes And why was a proposal discussed to hand back the right of an independent foreign and defence policy to a Dutch Commonwealth government in the early 1990s These questions are examined here in depth in the first comprehensive analysis of Suriname's foreign policy from 1975 to 1991 The book provides readers interested in Caribbean and Latin American affairs with a detailed account of Suriname's external relations Moreover the young Republic may stand as a case study as it confronted the difficulties and challenges that small developing states often face

Defending Democracy and Securing Diversity Christian Leuprecht, 2013-09-13 Old sergeants say we're here to defend democracy not to practice it But are they right The special mandate with which defence and security organizations are tasked imposes unique constraints with respect to the accommodation of diversity which differs from those faced by any other public or private organization Yet the compound effect of demographic political economic social and legal pressures is making diversity as inevitable in the defence and security sector as in any other organization in advanced industrialized democracies Owing in part to a dearth of research on the way the defence and security sectors can leverage diversity to enhance their functional imperatives such sectors have been reticent about diversity The chapters in this volume strive to enlighten the debate by laying out the concepts clarifying theoretical issues and providing empirical evidence The case studies draw on Canada Guyana the Netherlands South Africa and the United Kingdom They examine ethno cultural gender and sexual minority diversity in a variety of missions including Bosnia Herzegovina and Afghanistan The chapters are notable for their methodological pluralism and interdisciplinary range including political science sociology anthropology and psychology Although scholarly in nature the book is readily accessible to professionals and practitioners alike This book was published as a special issue of Commonwealth and Comparative Politics

Antoun, 2005-07-01 Most studies on transnational migration either stress assimilation circulatory migration or the negative impact of migration This remarkable study which covers migrants from one Jordanian village to 17 different countries in Europe Asia and North America emphasizes the resiliency of transnational migrants after long periods of absence social encapsulation and stress and their ability to construct social

networks and reinterpret traditions in such a way as to mix the old and the new in a scenario that incorporates both worlds Focusing on the humanistic aspects of the migration experience this book examines questions such as birth control women s work retention of tribal law and the changing attitudes of migrants towards themselves their families their home communities and their nation It ends with placing transnational migration from Jordan in a cross cultural perspective by comparing it with similar processes elsewhere and critically reviews a number of theoretical perspectives that have been used to explain migration *Central Asia, Security, and Strategic Imperatives* Tabassum Firdous,2002 The present study offers an assessment of security concerns in Central Asia after the collapse of Soviet Union in 1991 It deals with the transition period for the five Central Asian States from the communist system to a democratic and pluralistic one Essentially the focus of the writer is on bilateral multilateral and international commitments of these States to ensure peace and security in the region The withdrawal of nuclear warheads from Kazakhstan collective security formula bilateral agreements and the role of the big powers all make an interesting study The author has discussed these concerns in the context of the stance of neighbouring States vis a vis Central Asia Economic interests also figure wherever necessary This work is highly useful to those who would like to concentrate on any aspect of history in Central Asia and adjoining regions in the post Soviet period

Civil-Military Relationships in Developing Countries Glen Segell,Dhirendra K. Vajpeyi,2013-12-16 This book examines two sides of civil military relations in developing countries One is the place of civil military relations within a state s political and economic systems the other is the role of the military on a state s maintenance of peace and stability The book thus proposes that the function of soldiers is not only to defend and deter but also to develop The chapters provide a comprehensive analysis of civil military relationship with comparative cases on Botswana China El Salvador Honduras Guatemala India Indonesia Nicaragua Nigeria Pakistan and The Arab Spring Countries of the Middle East including Bahrain Sudan Iraq Jordan Saudi Arabia Egypt Tunisia Yemen and Libya Each chapter analyzes the historical cultural and political factors that shape the direction of the man on the white horse military elite and the politician In doing so this book reveals the potential impact of the nature of civil military relations on democratization political and economic development and on regional international security Dhirendra Vajpeyi and Glen Segell discuss and critique the current models and literature on civil military relations The innovative framework and careful choice of case studies presented in a jargon free accessible style makes this book attractive to scholars and students of civil military relations and development studies as well as
