contends that Battlestar Galactica was a memorable attempt to make science fiction accessible to mainstream television audiences The brilliant work of artist John Dykstra brought a new world of special effects to network television Battlestar Galactica also skillfully exploited legends and names from both the Bible and ancient mythology which added a layer of depth and maturity to the weekly drama **New York Magazine** ,1995-10-16 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea **Robert Altman's Soundtracks** Gayle Sherwood Magee,2014 Robert Altman s Soundtracks offers a compelling new look at this celebrated director s films through his innovative uses of music and sound As author Gayle Sherwood Magee illustrates Altman s considerable and varied output speaks to the changing film industry over decades from Nashville 1975 to A Prairie Home Companion 2006 **Jahresbibliographie**
