

The Prince's Dolls

Scandals, Skirmishes and Splendours
of the Hussars, 1739-1815

JOHN MOLLO

Princes Dolls Scandals Skirmishes And Splendours Of The Hussars 1739 1815

Julia Schneider

Princes Dolls Scandals Skirmishes And Splendours Of The Hussars 1739 1815:

With Wellington's Hussars in the Peninsula and Waterloo Gareth Glover, Colin Yorke, 2018-01-30 George Woodberry was commissioned into the 18th Light Dragoons Hussars as a cornet on 16 Jan 1812 and joined Wellington's army as a lieutenant seeing action in the key battles of 1813 and 14 Morallas Vittoria Nivelle Nive Orthes Croix d'Orade and the final battle of the war at Toulouse. He was wounded at Mendionde in a clash with French cavalry as Wellington advanced into France. He also served in the 1815 campaign being at Waterloo and the march to Paris. What is most remarkable is that Woodberry found time to record events at length in his journal almost every single day. This enables the reader to trace accurately the movements of the 18th Hussars and Wellington's army in general with precision. It also provides an insight into life on campaign in Spain, France and Belgium with the British Army of the early nineteenth century. His lively detailed and entertaining account of his time in Wellington's army is matched by the unusual story of the history of his journal. It was published once before in 1898 but in French by a Paris based publisher. The original journal in two leather bound volumes has since been lost but the French edition has now been translated back into English by renowned Napoleonic historian Gareth Glover and is published in the UK for the first time. *The British Cheer* Paul Thompson, 2024-04-04 This is a bold painstakingly researched and wide ranging assessment of the British Cheer in the Napoleonic era. Reference to the Cheer in accounts of the time is virtually ubiquitous and repeatedly the claim was made for cheering as an integral part of British offensive operations. However more recent historians have tended to overlook this evidence. Based upon a vast range of contemporary sources this book suggests that the Cheer wielded genuine power as a true weapon of war. This book first surveys the history of acclamations in battle worldwide and British battle cries from all periods before addressing the question of what the British Cheer actually sounded like. Issues of acoustics physics and the psychology of battlefield morale are considered along with commentaries from significant military scholars throughout history. Examination of the Napoleonic era Cheer then reveals the practically invincible recipe of volley cheer charge that propelled the British Army to victory upon victory. Comparison is drawn with French and other national patterns of vocalizing along with analysis of those occasions when the Cheer might be suppressed. Finally the attitude of the Duke of Wellington towards cheering is reconsidered with surprising results. This study encompasses a vast canvas of place and time in pursuit of the elusive yet galvanizing Cheer from the Mahratta wars in India through campaigns in Egypt the Mediterranean Flanders the Caribbean and South America as well as the war of 1812. The Peninsular and Waterloo campaigns feature prominently as the Cheer is heard thrillingly from Vimeiro to Talavera Salamanca to Vitoria Orthez to Toulouse and the shocking siege of Badajoz to the charge of the Scots Greys on the ridge of Mont Saint Jean. Anyone interested in the wars of Revolutionary France and Napoleon the British army the career of the Duke of Wellington or indeed the wider questions of the psychological motivations of combat will find this book illuminating and thought provoking. **French Emigrants in Revolutionised Europe** Laure Philip, Juliette

Reboul,2019-11-19 The French emigration was an exilic movement triggered by the 1789 French Revolution with long lasting social cultural and political impacts that continued well into the nineteenth century At times paradoxical the political and legal implications of being an migr are detangled in this edited collection thus bringing to light unexpected processes of tensions and compromises between the exiles and their host societies The refugee host contact points also fostered a series of cultural transfers This book argues that the French emigration ought to be seen within the broader context of an Age of Exile a notion that better encompasses the dynamics of migration that forced many to re imagine their relation to a nation and define their displaced identities Revisiting the historiography of the last twenty years from an interdisciplinary perspective this volume challenges pre existing beliefs on the journeys and re settlements in Europe and beyond of the French migr community

Wellington's Brigade Commanders Ron McGuigan,Robert Burnham,2017-05-31 A collection of brief biographies of the over sixty men who served as brigade commanders under Wellington during the Peninsula War the Waterloo campaign Recent research into the Duke of Wellington s armies during the Peninsular War and the Waterloo campaign has enhanced our understanding of the men he led and this new biographical guide to his brigade commanders is a valuable contribution to this growing field Ron McGuigan and Robert Burnham have investigated the lives and careers of a group of men who performed a vital role in Wellington s chain of command These officers were the brigadiers and major generals who for a variety of reasons never made the jump to become permanent division commanders Their characters experience and level of competence were key factors in the successes and failures of the army as a whole Their biographies give us a fascinating insight into their individual backgrounds their strengths and weaknesses and the makeup of the society they came from Each biography features a table covering essential information on the individual his birth and death dates the dates of his promotions and details of his major commands This is followed by a concise account of his life and service Praise for Wellington s Brigade Commanders Each entry is well written and researched and the authors paint interesting portraits of these men attempting to give some idea of their personalities and how they were seen by their men as well as their military achievements This is an excellent piece of work and I expect to find it very useful History of War

Charging Against Napoleon Eric Hunt,2001-03-15 By means of the personal diaries and letters of three officers in the 18th Hussars the reader traces the progress of this famous cavalry Regiment through the gruelling years of campaigning in Portugal Spain and South West France The scene then shifts to Northern France and Belgium culminating in the decisive victory at Waterloo The ferocity of the campaigning in the Peninsula is vividly described by these diarists Their escapades between and during campaigning make fascinating reading and throw interesting light on military and social conditions at the time

The Prince's Dolls John Mollo,1997 **Dressed to Rule** Philip Mansel,2005-01-01 Throughout history rulers have used clothes as a form of legitimization and propaganda While palaces pictures and jewels might reflect the choice of a monarch s predecessors or advisers clothes reflected the preferences of the monarch himself Being both personal and visible the right

costume at the right time could transform and define a monarch's reputation. Many royal leaders have known this from Louis XIV to Catherine the Great and from Napoleon I to Princess Diana. This intriguing book explores how rulers have sought to control their image through their appearance. Mansel shows how individual styles of dress throw light on the personalities of particular monarchs on their court system and on their ambitions. The book looks also at the economics of the costume industry at patronage at the etiquette involved in mourning dress and at the act of dressing itself. Fascinating glimpses into the lives of European monarchs and contemporary potentates reveal the intimate connection between power and the way it is packaged.
