Psychology And African Americans A Humanistic Approach

Timothy P. Fong

Psychology And African Americans A Humanistic Approach:

Psychology and African Americans Adelbert H. Jenkins, 1995 In this comprehensive new work the author applies a unified psychological point of view to the African American situation The discussion focuses on how the African American community has strived for competence in the face of societal hostility This approach to the psychological situation of African Americans looks at people as proactive potentially competent beings who are able to make a difference in the situations that confront them From his opening introduction to the humanistic psychological view and his discussions of self concept cognition and school performance and speech and language processes in children to his discussions of assertion and identity development in young adults and the issues related to mental health among Blacks Jenkins develops a one of its kind look at the aspects of traditional psychology that can make a contribution to the understanding of the Black experience in America A Longwood Professional Book Also available in casebound ISBN 0 205 16488 9 Title Code H64884 [African American Psychology](#) Faye Z Belgrave, Kevin W Allison, 2009-07-15 This core textbook provides students with comprehensive coverage of African American psychology as a field Each chapter integrates African and American influences on the psychology of African Americans thereby illustrating how contemporary values beliefs and behaviors are derived from African culture translated by the cultural socialization experiences of African Americans in this country The literature and research are referenced and discussed from the perspective of African culture mostly West African during the period of enslavement at other critical periods in this country e g early 20th century civil rights era and through the present Chapters provide a review of the research literature with a focus on applications for contemporary living **The Psychology of the Afro-American** Adelbert H. Jenkins, 1982 [Humanistic Approaches to Multiculturalism and Diversity](#) Louis Hoffman, Heatherlyn Cleare-Hoffman, Nathaniel Granger, Jr., David St. John, 2019-09-19 Providing an overview of essential topics in multicultural psychology Humanistic Approaches to Multiculturalism and Diversity focuses on the intersection of humanistic psychology and multiculturalism including history theory research and practice The authors examine the unique contributions of humanistic psychology to multicultural psychology on topics often ignored such as cultural empathy and indigenous psychology and diversity The book critiques and rectifies previous failures to adequately engage multicultural issues by providing methods for integrating multicultural psychology and humanistic therapy Readers will find that each chapter advances scholarship through a dialogue with multicultural perspectives and builds a foundation for future scholarship and clinical practice This book will be of great interest to mental health professionals interested in humanistic and existential psychology **Psychology and African Americans** Adelbert H. Jenkins, 1995 In this comprehensive new work a volume that Ferdinand Jones of Brown University calls an extraordinary contribution to the intellectual literature on African Americans a unique contribution to the growing body of non biased literature on contemporary Black life recognized scholar and psychologist Adelbert H Jenkins applies a unified psychological point of view to the African American situation The

discussion focuses on how the African American community has strived for competence in the face of social hostility

Human Behavior in the Social Environment from an African American Perspective Letha A See, 2013-04-03 In Human Behavior in the Social Environment from an African American Perspective leading black scholars come together to discuss complex human behavior problems faced by African Americans and to force the abandonment of conceptualization theories made without consideration of the Black experience Challenging you to engage in different thinking and develop new theories for addressing the needs of African Americans this book highlights the assets of black individuals families and communities and guides you through program interventions and public policies that strengthen and empower African Americans You will learn to enhance your clients coping strategies and resilience by factoring in their strengths rather than focusing on their weaknesses Human Behavior in the Social Environment from an African American Perspective contextualizes community behavior patterns gender roles and changing contemporary identities to challenge your assumptions about African American culture and communities and convince you to rethink your intervention strategies and methods To further help you fine tune your service delivery this book leads you through discussions on help seeking behaviors of young street males the association of sociocultural risk factors with suicides the use of emotive behavior therapy to help African Americans cope with the prospect of imminent death advocating for changes in institutions and systems which negatively impact the lives of the poor and the oppressed how social work has ignored one segment of the African American community young girls in urban settings psychological consequences of coming of age in a hostile environment Social workers community based groups policymakers and other helping professionals owe it to their clients to shrug off culturally incompetent services and care Using Human Behavior in the Social Environment from an African American Perspective as a guide you will learn to redress your programs and policies with a sensitivity to the factors and mechanisms that maximize the buoyancy of disadvantaged groups over various stages of their life development **A**

Critical Approach to Conceptual and Historical Issues in Psychology Stanley O. Gaines, Jr., 2025-03-14 A Critical Approach to Conceptual and Historical Issues in Psychology Soul Self and Science examines the evolving concept of human consciousness throughout the ages to show how humanity progressed from studies of the soul a major concern of ancient philosophy to a science of the mind including the self a primary concern of contemporary psychology Divided into five parts the book moves through the history of psychology from its philosophical roots into the present day and beyond It takes a balanced and critical approach to figures and theories which have been instrumental in the development of psychology as a discipline such as Plato Descartes Wundt Du Bois Freud Jung Watson Skinner and Maslow Throughout it offers diverse perspectives on the field s history providing insights into such topics as race and intelligence gender and personality and their treatment within psychology Each chapter is supported by breakout boxes highlighting key theories related to that chapter s topic Thought questions to encourage the reader to critically evaluate what they have read notes with further

information and suggestions for further reading are provided online Of particular interest to postgraduate students on MSc conversion courses the book will also interest undergraduate students completing history of psychology conceptual and historical issues in psychology history and systems of psychology and related modules This textbook was designed to comply with the QAA Subject Benchmark Statement in Psychology and the BPS accreditation guidelines for content in Conceptual and Historical Issues in Psychology

Handbook of African American Health Jessica M. Ramos, 2011-03-18 With a focus on how to improve the effectiveness and cultural competence of clinical services and research this authoritative volume synthesizes current knowledge on both the physical and psychological health of African Americans today In chapters that follow a consistent format for easy reference leading scholars from a broad range of disciplines review risk and protective factors for specific health conditions and identify what works what doesn't work and what might work i.e. practices requiring further research in clinical practice with African Americans Historical sociocultural and economic factors that affect the quality and utilization of health care services in African American communities are examined in depth Evidence based ways to draw on individual family and community strengths in prevention and treatment are highlighted throughout Winner American Journal of Nursing Book of the Year Award

Introduction to African American Studies Talmadge Anderson, James Benjamin Stewart, 2007 There is an ongoing debate as to whether African American Studies is a discipline or multidisciplinary or interdisciplinary field Some scholars assert that African American Studies use a well defined common approach in examining history politics and the family in the same way as scholars in the disciplines of economics sociology and political science Other scholars consider African American Studies multidisciplinary a field somewhat comparable to the field of education in which scholars employ a variety of disciplinary lenses be they anthropological psychological historical etc to study the African world experience In this model the boundaries between traditional disciplines are accepted and researches in African American Studies simply conduct discipline based an analysis of particular topics Finally another group of scholars insists that African American Studies is interdisciplinary an enterprise that generates distinctive analyses by combining perspectives from d

African American Communication Michael L. Hecht, 2003 What communicative experiences are particular to African Americans How do many African Americans define themselves culturally How do they perceive intracultural and intercultural communication These questions are answered in this second edition of *African American Communication Exploring Identity and Culture* Informing multiple audiences interested in African American culture from cultural researchers and practitioners to educators policymakers and community leaders this innovative and invaluable resource examines the richness and depth of African American communication norms an

Child Discipline in African American Families Carla Adkison-Johnson, 2021-02-22 In *Child Discipline in African American Families* Carla Adikison Johnson provides a contextual understanding of African American disciplinary practices giving clinicians child welfare professionals and legal professionals a framework to better define what is reasonable and functional when

addressing child rearing concerns with African American parents Highlighting numerous sources cases narratives and data Adkison Johnson debunks the theory that spanking is the preferred method of child discipline for African American parents and provides new insights into how African American parents grapple with establishing parenting goals and child behavior expectations in a society that is often hostile toward African American children Accompanied by the perspectives of a seasoned trial lawyer the arguments in this book are brought to life enabling readers to witness how child rearing concerns can play out in a real world context

Psychotherapy with African American Women Leslie C. Jackson, Beverly Greene, 2000-07-11 Focusing on the breadth of issues that affect psychotherapy with African American women this unique volume is designed to help clinicians develop a broader understanding of what is useful and what is problematic when applying psychodynamic concepts to their clients From an array of seasoned clinicians chapters present innovative and creative reformulations of theory and technique that build upon and challenge existing models Issues addressed include the psychological dilemmas confronting diverse African American women as they negotiate a society that is hostile to them on multiple levels how ethnicity class gender sexual orientation and other differences come into play within the therapeutic dyad and approaches to unraveling the complex interplay of sociopolitical intrapsychic and interpersonal concerns in treatment Filled with illustrative clinical material and pointers for practice the volume will enhance the cultural competence of mental health practitioners and students across a range of disciplines

Psychology of Blacks Thomas A Parham, Adisa Ajamu, Joseph L. White, 2015-10-14 For courses in Introduction to Psychology African American Psychology African American Studies Multicultural Counseling and Cross Cultural Counseling and Psychotherapy This text highlights the limitations of traditional psychological theories and approaches when applied to people of African descent It provides information on how the African Centered Perspective is defined as well as how it operates in the context of the African American family with regard to identity development education mental health research and managing contemporary issues It links the context of African American life to the traditions values and spiritual essence of their African ancestors in an attempt to acknowledge the African worldview and assist the African American community in addressing some of the challenges they continue to face

Ethnic Studies Research Timothy P. Fong, 2008-05-02 Study of ethnic groups and race relations have always existed in the academy primarily in the areas of sociology and anthropology However grassroots movements for ethnic studies programs and departments came about with very different agendas for the study of these groups It is surprising then that relatively few books devoted to these methods exist to document and promote this innovation among succeeding generations of graduate students as well as current academics and professional practitioners Ethnic Studies Research synthesizes and benchmarks ethnic studies methodologies as interdisciplinary modes of inquiry providing state of the art summary chapters on key methods and issues extensive bibliographies and promising new directions for the future

Learner-Centered Instruction Jeffrey H. Cornelius-White, Jeffrey H. D. Cornelius-White, Adam P. Harbaugh, 2010 A supplementary text that

provides a practical yet comprehensive explanation of learner centered instruction **Culturally Adaptive Counseling Skills** Miguel E. Gallardo,Christine J. Yeh,Joseph E. Trimble,Thomas A. Parham,2011-01-24 A key supplement for courses on multicultural counseling this book is a practical volume that will help faculty and students see demonstrations of multicultural counseling in practice The text covers evidence based practices for working with five major ethnic groups while weaving in other factors such as gender disability sexuality and more Each chapter has two case studies by an invited expert who also provides commentary and lessons drawing upon each case **Cross-cultural Perspectives in Medical Ethics** Robert M. Veatch,2000 Cross Cultural Perspectives in Medical Ethics Second Edition is an anthology of the latest and best readings on the medical ethics of as many of the major religious philosophical and medical traditions that are available today

African American Communication Ronald L. Jackson II,Amber L. Johnson,Michael L. Hecht,Sidney A. Ribeau,2019-11-19 Now in its third edition this text examines how African Americans personally and culturally define themselves and how that definition informs their communication habits practices and norms This edition includes new chapters that highlight discussions of gender and sexuality intersectional differences contemporary social movements and digital and mediated communication The book is ideally suited for advanced students and scholars in intercultural communication interpersonal communication communication theory African American Black studies gender studies and family studies Humanistic Psychology and Black Americans Adelbert H. Jenkins,1979 *Narrative Identities* George Yancy,Susan Hadley,2005-04-15 The contributors address challenging questions about identity in relation to personality development language and socialisation They demonstrate how their cultural and historical contexts influenced their theoretical approaches to the nature of self and how these ideas in turn shaped how they perceive their personal histories
