Ken Russell Barry Keith Grant,2024-08-15 In the 1970s British filmmaker Ken Russell 1927-2011 quickly gained a reputation as the enfant terrible of British cinema His work like the man himself was regarded as flamboyant excessive and unrestrained Inheriting and yet subverting the venerable mantle of British documentary Russell did not fit comfortably in the context of a national cinema dominated by sober realism His distinct style combined realism with fictional devices often in audacious ways to create the biographical docudrama In Ken Russell Interviews the filmmaker discusses his colorful life and career from his youth fascinated by movies to his early work in television through his feature films and his retreat to home movies Russell first drew notice in the early 1960s for a series of unorthodox biographical films about artists and composers In these early television films Russell was already exhibiting an unconventional approach to biography that combined historical fact aesthetic interpretation and outlandish personal vision After the critical and commercial success of his adaptation of D H Lawrence's Women in Love Russell continued to explore the related themes of art sexuality and music in The Music Lovers The Boy Friend Mahler Tommy and Lisztomania His career

founded after Valentino however and he found it increasingly difficult to get funding Toward the end of his career Russell was restricted to making movies with his own equipment using family and friends as actors with virtually no budget Throughout the ups and downs of his career Russell alternately embraced and resented his characterization as an enfant terrible While Russell's comments are often meant to provoke and shock he is articulate when discussing his films his approach to cinema music and composers and of course his critics

Modernist America Richard Pells, 2011-03-29 America's global cultural impact is largely seen as one sided with critics claiming that it has undermined other countries languages and traditions But contrary to popular belief the cultural relationship between the United States and the world has been reciprocal says Richard Pells The United States not only plays a large role in shaping international entertainment and tastes it is also a consumer of foreign intellectual and artistic influences Pells reveals how the American artists novelists composers jazz musicians and filmmakers who were part of the Modernist movement were greatly influenced by outside ideas and techniques People across the globe found familiarities in American entertainment resulting in a universal culture that has dominated the twentieth and twenty first centuries and fulfilled the aim of the Modernist movement to make the modern world seem more intelligible Modernist America brilliantly explains why George Gershwin's music Cole Porter's lyrics Jackson Pollock's paintings Bob Fosse's choreography Marlon Brando's acting and Orson Welles's storytelling were so influential and why these and other artists and entertainers simultaneously represent both an American and a modern global culture

Richard Matheson on Screen Matthew R.

Bradley,2010-10-04 Though innumerable biographies have been written about novelists playwrights and poets screenwriters are rarely granted this distinction even ones as prolific and successful as Richard Matheson Beginning with The Incredible Shrinking Man in 1957 Matheson has occupied a unique position in writing for television and cinema for more than fifty years This biography documents his rise to prominence his literary influences and the role he played in the horror and science fiction renaissance The narrative examines each of Matheson s works in chronological order with an index indicating where each can be found from his early work in the 1950 s through I Am Legend in 2007 The Deer Hunter Brad Prager,2023-09-07 Michael Cimino s The Deer Hunter was met with both critical and commercial success upon its release in 1978 However it was also highly controversial and came to be seen as a powerful statement on the human cost of America s longest war and as a colonialist glorification of anti Asian violence Brad Prager s study of the film considers its significance as a war movie and contextualizes its critical reception Drawing on an archive of contemporaneous materials as well as an in depth analysis of the film s lighting mise en sc ne multiple cameras and shifting depths of field Prager examines how the film simultaneously presents itself as a work of cinematic realism while problematically blurring the lines between fact and fiction While Cimino felt he had no responsibility to historical truth depicting a highly stylized version of his own fantasies about the Vietnam War Prager argues that The Deer Hunter s formal elements were used to bolster his troubling depictions of war and race Finally comparing the film with later depictions of US led intervention such as Albert and Allen Hughes s Dead Presidents 1995 and Spike Lee s Da Five Bloods 2000 Prager illuminates The Deer Hunter s major presumptions blind spots and omissions while also presenting a case for its classic status The Thing Jez Conolly,2014-01-07 Consigned to the deep freeze of critical and commercial reception upon its release in 1982 The Thing has bounced back spectacularly to become one of the most highly regarded productions from the 1980s Body Horror cycle of films experiencing a wholesale and detailed reappraisal that has secured its place in the pantheon of modern cinematic horror Thirty years on and with a recent prequel reigniting interest Jez Conolly looks back to the film s antecedents and to the changing nature of its reception and the work that it has influenced The themes discussed include the significance of The Thing s subversive antipodal environment the role that the film has played in the corruption of the onscreen monstrous form the qualities that make it an exemplar of the director s work and the relevance of its legendary visual effects despite the advent of CGI Topped and tailed by a full plot breakdown and an appreciation of its notoriously downbeat ending this exploration of the events at US Outpost 31 in the winter of 1982 captures The Thing s sub zero terror in all its gory glory **The Free World** Louis Menand,2021-04-20 An engrossing and impossibly wide ranging project In The Free World every seat is a good one Carlos Lozada The Washington Post The Free World sparkles Fully original beautifully written One hopes Menand has a sequel in mind The bar is set very high David Oshinsky The New York Times Book Review Editors Choice One of The New York Times s 100 best books of 2021 One of The Washington Post s 50 best nonfiction books of 2021 A Mother Jones best book of 2021 In

Mean Streets and Raging Bulls Richard Martin, 2000-01-01 Classic film noir was Hollywood s dark cinema of crime and corruption a genre underpinned by a tone of existential cynicism which stripped bare the myth of the American Dream and offered a bleak nightmarish vision of a fragmented society that rhymed with many of the social realities of forties and fifties America *Mean Streets and Raging Bulls* explores how since its apparent demise in the late fifties the noir genre has been revitalized during the post studio era The book is divided into two sections In the first the evolution of film noir is contextualized in relation to both American cinema s industrial transformation and the post Depression history of the United States In the second the evolution of neo noir and its relation to classic film noir is illustrated by detailed reference to representative texts including *Chinatown* Roman Polanski 1974 *Night Moves* Arthur Penn 1975 *Taxi Driver* Martin Scorsese 1976 *Blood Simple* Joel and Ethan Coen 1984 *After Hours* Martin Scorsese 1985 *Sea of Love* Harold Becker 1989 *Reservoir Dogs* Quentin Tarantino 1992 and *Romeo is Bleeding* Peter Medak 1994

I was a

Communist for the F.B.I. Daniel J. Leab, 2000 The man who loosely provided the inspiration for the B grade cult movie I Was a Communist for the FBI had a life that was marred by alcoholism damaged expectations and greed Leab juxtaposes Cvetić's real life with his reel life He chronicles his fall from grace yet admits that Cvetić's life offers fascinating and useful insights into the creation merchandising and distribution of a reckless professional witness Leab also writes about Cvetić's life prior to his involvement with the FBI his glory days and shows that there is much to be learned from the story of an anti Communist icon

Oliver Stone's USA Robert Brent Toplin, 2000 Challenging audiences and critics alike the films of Oliver Stone have compelled many viewers to re-examine some of their most revered beliefs about America's past Stone has generated enormous controversy and debate among those who take issue with his dramatic use of history This book brings Stone face to face with some of his most thoughtful critics and supporters and allows him room to respond to their views Writers including David Halberstam Stephen Ambrose Arthur Schlesinger Jr Walter LaFeber and Robert Rosenstone critique Stone's most contested films to show how they may distort amplify or transcend the historical realities they appear to depict

It's Only a Movie! Raymond J. Haberski Jr., 2021-10-21 Once derided as senseless entertainment movies have gradually assumed a place among the arts Raymond Haberski's provocative and insightful book traces the trajectory of this evolution throughout the twentieth century from nickelodeon amusements to the age of the financial blockbuster Haberski begins by looking at the barriers to film's acceptance as an art form including the Chicago Motion Picture Commission hearings of 1918 1920 one of the most revealing confrontations over the use of censorship in the motion picture industry He then examines how movies overcame the stigma attached to popular entertainment through such watershed events as the creation of the Museum of Modern Art's Film Library in the 1920s The arguments between Pauline Kael and Andrew Sarris's heralded a golden age of criticism and Haberski focuses on the roles of Kael Sarris James Agee Roger Ebert and others in the creation of cinephilia Described by Susan Sontag as born of the conviction that cinema was an art unlike any other this love of cinema centered on coffee houses universities art theaters film festivals and of course foreign films The lively debates over the place of movies in American culture began to wane in the 1970s Haberski places the blame on the loss of cultural authority and on the increasing irrelevance of the meaning of art He concludes with a persuasive call for the re-emergence of a middle ground between art and entertainment something more complex ambiguous and vexing something worth thought

Neo-Victorian Humour, 2017-06-06 This volume highlights humour's crucial role in shaping historical re-visions of the long nineteenth century through modes ranging from subtle irony camp excess ribald farce and aesthetic parody to blackly comic narrative games It analyses neo-Victorian humour's politicisation its ideological functions and ethical implications across varied media including fiction drama film webcomics and fashion Contemporary humour maps the assumed distance between postmodernity and its targeted nineteenth century referents only to repeatedly collapse the same in a seemingly self-defeating nihilistic project This collection explores how neo-Victorian humour generates empathy and effective socio-political

critique dispensing symbolic justice but also risks recycling the past's invidious ideologies under the politically correct guise of comic debunking even to the point of negating laughter itself This rich and innovative collection invites us to reflect on the complex and various deployments of humour in neo Victorian texts where its consumers may wish at times that they could swallow back the laughter a scene or event provokes It covers a range of approaches to humour utilised by neo Victorian writers dramatists graphic novelists and filmmakers including the deliberately and pompously unfunny the traumatic the absurd the ribald and the frankly distasteful producing a richly satisfying anthology of innovative readings of canonical neo Victorian texts as well as those which are potential generic outliers The collection explores what is funny in the neo Victorian and who we are laughing at the Victorians as we like to imagine them or ourselves in ways we rarely acknowledge This is a celebration of the parodic playfulness of a wide range of texts from fiction to fashion whilst offering a trenchant critique of the politics of postmodern laughter that will appeal to those working in adaptation studies gender and queer studies as well as literary and cultural studies more generally Prof Imelda Whelehan University of Tasmania Australia *Bibliographic*
