First published in 1996, this edition of The Frankenstein Notebooks contains not only facsimiles and transcriptions of all of the surviving manuscripts related to the novel and a corrected critical text of Frankenstein or The Modern Prometheus but also a full range of factual information drawn from Shelley's and William Godwin's letters and journals, from newspaper ads of the day, and from other available scholarship about the conception, gestation, and birth of Mary Shelley's monster. This two-volume set contains a wealth of information vital to the creation and reception of Frankenstein. It will enable scholars, critics, and students to see for themselves the exact extent of P. B. Shelley's editorial contributions and trace the artistic and ideological development of the novel at various stages in its formation. It will also enable the reader to explore the text itself to test and evaluate their own theses. This set will be of keen interest to those studying Frankenstein, the Romantics, and 19th-century literature.

Photo-era, 1920 *Enabling Reflective Learning in Lifelong Career Guidance* Ruggiera Sarcina, Simona Marchi, Furio Bednarz, Massimo Tomassini, Galina Markova, Francesco Consoli, 2023-04-14 This book is based on a fieldwork-intensive EU-funded project aimed at sustaining the empowerment processes of career guidance practitioners by developing their awareness and use of their individual organizational and networking resources. The fieldwork activity was carried out in three different national contexts: Italy, Bulgaria, and Switzerland, and based on a creative methodological approach called Participative and Appreciative Action and Reflection (PAAR). The contributions cover a wide range of intertwined subjects. These include: a deep reflection on life-long career guidance (LLCG) systems and processes in the three national contexts; b) the challenges of managing PAAR projects in organisations; c) the role of participative and appreciative approaches in facilitating a positive shift from professionals inside welfare state institutions to a more counselling-oriented mission; d) how to build up an appreciative memory that is a way of representing experience and creating space for relationships so that they remain stable over time; e) reflection on what may happen to learning processes if the contexts in which the empowerment practices are implemented happen through a virtual environment such as a blog or a social network. The Editors are all experienced researchers and practitioners working in the field of facilitation, life-long career guidance.
